<b>Mgr. Ing. Filip Hampl, Ph.D.</b>	Member of the Programme Board, Academic Staff teaching in the study programme
<b>Mgr. et Mgr. Tereza Kunešová</b>	Quality Assurance Coordinator

In the presentation, the individual questions or observations of all the evaluators that were thematised in the evaluations were thematically arranged, questions were answered and put in context. In addition to the debate on the suggestions and comments of the evaluators, several other questions or comments were raised: Professor L. Rabušic asked whether the curriculum of the evaluated study programmes included courses focusing on research methods. Vice-Dean P. Valouch asked what IT programmes proved successful in practice. V. Jankovic explained how English studies in Serbia are conducted. Professor P. Haiss asked if there is a graduate network within the degree programs. D. Šikolová asked if and how students are involved in research. Subsequently, the participants discussed the following topics, which were beyond the scope of the previous discussion: The promotion of study programmes, internationalisation, and student study trips abroad, the return on student surveys, and student feedback on taught courses.

### Degree Programme Development Plan

Based on the outputs of the Evaluation Meeting, the following objectives have been identified and formulated for the further development of the evaluated degree programme (please indicate the objective of the degree programme development, the proposed measures, and the expected date of implementation of the measures):

Summarizing comments:

The development of the study program in the following years will focus on changes in the requirements for successful completion of studies and the course of the state final exam (including requirements for final theses with regard to AI), innovation of the content of individual subjects in connection with legislative changes and requirements on the labor market.

Structured chart:

<b><i>The objective of the degree programme development</i></b>	<b><i>Measures leading to the objective implementation</i></b>	<b><i>Implementation of measures (year or cycle)</i></b>
<i>Qualification growth of academic staff</i>	<i>Gaining higher qualification of the academic staff at the Dept. of Finance MUNI ECON</i>	<i>2023-2028</i>
