CONFERENCE AND PROCEEDINGS

The first conference was held in **1998** and it has been organized regularly every year since then.

The conference papers are **published in an electronic form** (online book with ISBN) **by the Masaryk University**. The papers are written in English, Czech and Slovak English. However, each paper needs to contain at least the title, key words and annotation in English. Each paper has been assigned with **DOI** (Digital Object Identifier). For better user-friendliness, the conference proceedings are accompanied by the **annotation proceedings**.

Topic. Our conference focuses on the regional development and its factors, regional disparities, competitiveness of regions, regional policies, the development of towns and the country, demographic processes in regions, and the labour market and tourism. On the occasion of the 26th anniversary of the conference, special 26 research topics were defined (see www.econ.muni.cz/colloquium). The specifics of the Czech Republic and the Slovak Republic are emphasized.

Since its beginnings, the conference has become a traditional and acknowledged event and is considered **one of the most significant conferences in the field of regional development in the Czech Republic and Slovakia**. The conference is not only a place where experts discuss their contributions but also a number of formal and informal relationships have been established developing into cooperation in research projects and university lectures. The conference traditionally takes place in some interesting locality of the South-Moravian Region (Czech Republic). This year it was held in Brno. **The proceedings of the colloquia 2010-2019 have been indexed in CPCI**. More information on the conference is available here: www.econ.muni.cz/colloquium or www.econ.muni.cz/kolokvium .

MASARYK UNIVERSITY

Masaryk University, located in Brno, is the second-largest university in the Czech Republic and the leading higher education institution in Moravia. At present it comprises nine faculties with more than 200 departments, institutes and clinics. Recognized as one of the most important teaching and research institutions in the Czech Republic and a highly-regarded Central European university, it has been marked by a strong democratic spirit ever since its establishment in 1919. The university also plays a major role in the social and cultural life of the South Moravia Region. (More information about the university: <http://www.muni.cz/en>).
