Backlog

add new story

- As a Scrum Master I want to start a new project so that so that I can manage it 2
- As a Scrum Master I want to see a daily scrum dashboard so that so that I can see a summary of the current sprint progress 3
- As a Product Owner I want to arrange stories on the backlog in order so that so that I can can influence when work is done null
- As a Scrum Master I want to define Roles used for story planning so that so that I can so that story writing is easier

Current Sprint

- As a scrum master I want to be able to see what version of 21Scrum I am using and be able to upgrade this to the latest version 1
- As a team we want to be able to makes notes on a story so that we can record information including:
 - Tests
 - Decisions
 - Additional information2
- SPIKE
Test the Feature Upgrade events can identify the current version and run version specific upgrade code 1

Next Sprint

start sprint ▾

- As a product owner I want to record the actual work done in the current sprint at the point of starting a new one so that I can trend velocity. 2
- As a product owner I want to see the my velocity trend over time as a bar graph so that I can see how much work the team can do in a sprint 2
- As a product owner I want to see a simple velocity web part that shows the current average velocity and if it is better (up arrow green) or worse (down arrow red) than the previous estimate so that I can see if the team is improving. 2

Postřehy a zkušenosti

- nenechávat zařizování IP na poslední chvíli
- nejdůležitější je přístup k práci a odpovědnost
- **komunikace, komunikace, komunikace**
- sdílení informací a znalostí
- vedení lidí je poměrně těžké a někdy stresující
 - > není to pro všechny
- každý krok je otázkou priorit, nikdy nelze zvládnout vše!
