Interim Project – Ruby on Rails developer

About Hlídačky.cz

The #1 startup for babysitting in Czech Republic. StartupYard acceleration program winner.

We are startup – your work will have significant impact in terms of business and our technological stack. For 2016 we are planning big features like: transaction payments for babysitting, deep Google Maps integration (enable choosing the nearest babysitter, navigation of babysitters for jobs), advanced analytics integration (Localytics), etc.

Required

- Ruby on Rails

Nice to have

- HTML5, CSS3, Twitter Bootstrap

- JavaScript (jQuery)

- git, sql

How we work?

- agile & pair-programming – we will help you get into the codebase

- deploy daily – we strive for fast feedback loop from users

- entrepreneurial spirit – features driven by business needs

- friendly environment – no crunch times
