Field of Study: Sport Management

How did you decide to go abroad?

- I have some friends who studied abroad last year and heard how much fun that they had so I decided to try it out for myself!

Why did you choose MUNI?

- I chose MUNI because I heard what a fantastic sports program that they have here and also because I wanted to experience the European culture in a country known for that!

St. Catharines

Population of the city: 135,000

Main attractions/fun fact:

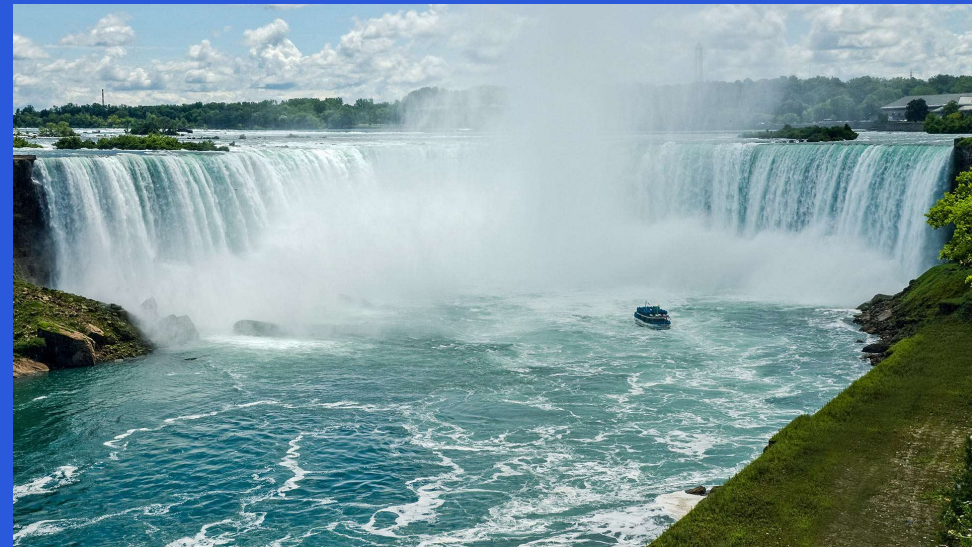

- Located 20 minutes away from Niagara Falls
- Fantastic night life

Accommodation/dorms/price?

- Great dormitories – moderate price

Average price for a beer:

- \$2.00 or 36 crowns

Brock University

Courses: Accounting, Sport Management, Nursing, Teaching, Economics, Child and Youth Studies, Computer Science, Mathematics, etc.

Style of teaching in comparison with MUNI: 5 Classes per semester (each class is worth .5 credits). Class sizes are much bigger, roughly 100 students per class. More independent.

Class proportion (only international students/local students/mix): Mix between international and local students.

Language of the lessons: Mainly English, some classes specialize in other languages. (ex. Germany/Spanish)

How many school days/week: Monday - Friday

Fun time

Sport facilities

We have fantastic sport facilities. A full gym on campus.
Multiple courts for Basketball/Volleyball/other sports.
Brand new turf football pitch. Loads more!

Travelling/infrastructure

Traveling within the area around Brock University is easy (we are only an hour drive from Toronto). Very cheap as well. If you wanted to travel around the country of Canada, that is when it becomes a bit more expensive.

Must do near by

Niagara Falls is absolutely stunning and a must see if you visit Canada. Toronto is the hub of Canada so there is a multitude of things to do there! (Ex. Sporting events, museums, bars, etc.)

Study abroad experience

There are a lot of clubs you can join, we welcome around 500 international students per year from a lot of different countries. The international department plans a lot of fun activities as well!
