Description:

This is a SIMULATION of the e-vote for the presidential elections of MIMSA. The goal of this simulation is to be able to practice e-vote procedure and try to foresee any possible "bugs" or problems with the elections system. If from any reason, you can not reach this page or cast a vote, please contact it@mimsa.cz or the election committee as soon as possible. It is each member's responsibility to try this simulation and make sure he/she can vote properly. Duration of the simulation is one week and in the end of it no MIMSA member will be able to claim he/she was not able to vote in the actual elections. (Unless the IT dpt. or elections committee where informed during this simulation period)
