# Personality

---

- A man as a unit where the mental side is concern just as an organism as a unit from the physical aspects.
- Individuum na cestě k integraci a seberealizaci (Říčan, 1979) (An individual on the way towards integration and self-realization)

Obr. 19

*Interpersonální vlastnosti osobnosti podle Learyho  
(1957 - zjednodušeno)*

# Psychological Types

According to C.G. Jung (Tavistock Lectures)

---

- Four basic types of mental functions: thinking, feeling, sensing, intuition
  - One dominant, polarity, inferior, the two remaining ones – additional (sensing or intuition)
- 2 temperament attitudes: extrovert, introvert
- According to Meyers and Briggs 2 extra functions:
  - Judging vs perceiving
    - 16 personality types
