Apart from short practical trainings within the framework of tuition in individual subjects, the students pass further health care practical trainings:

1. In the summer holidays after 2nd semester, **practical training in a dental laboratory** (1 week - 30 hours) and **in a dental surgery room** (2 weeks - 60 hours) within the bounds of the subject of Preclinical Dentistry - a total of 3 weeks. The training takes place at the Dept. of Stomatology, exceptionally also outside the Dept.
2. In the summer holidays after 4th semester, as a supplement to the subject of Preventive Dentistry - 1 week (30 hours) involving **training in Hygiene**, 1 week (30 hours) **in a dental surgery room** 1 week (30 hours) of **nursing**. The training takes place at the Department of Stomatology and a medical ward or, after mutual agreement, in the surgery rooms of practical dentists.
3. In the summer holidays after 6th semester - 3 weeks (90 hours) of specialist surgery practical training in the subject of **Preclinical Dentistry**. The training takes place at the Department of Stomatology, Department of Oral, Jaw, and Facial Surgery or, after mutual agreement, in the surgery rooms of practical dentists.
4. In the summer holidays after 8th semester - 4 weeks (120 hours) of specialist **surgery practical training** in the subject of **Practical Dentistry**. The training takes place at the Department of Stomatology, Department of Oral, Jaw, and Facial Surgery or, after mutual agreement, in the surgery rooms of practical dentists.
