for students

nº1, January 2015

International training through STELLA Junior Programme

Gabriela de la Rosa, a student from Universidad Anáhuac Xalapa (Mexico), enjoyed a training stay at the CGU's Secretariat (Spain).

A student from the University of Jaén (Spain), Rocio Chueco, went to UNINETTUNO (Italy) through the STELLA Junior Programme.

María Novás, from Universitat Jaume I (Spain), was trained at the Gender Equality Office of the University of A Coruña (Spain).

STELLA Junior is an **international training programme** for students organised by the Compostela Group of Universities (CGU).

The association facilitates a permanent updated database (on its website) where the students of the enrolled member universities can find and apply for tailored training placement offers at other CGU universities/institutions.

The Compostela Group supports a number of students each year with up to 500 euro to cover their travel costs.

At the moment, there are 46 offers of training placements at CGU institutions published on the STELLA Junior database. The universities enrolled are from: Brazil, Czech Republic, Hungary, Italy, Kazakhstan, Mexico, Poland, Portugal and Spain.

Willing to live the STELLA Junior experience for yourself?

Step 1.- Check on www.gcompostela.org>[activities](#)>[STELLA Junior](#) if your University is endorsed.

Step 2.- If so, explore the different offers available on the STELLA Junior database.

Step 3.- Apply for your chosen offer just by filling in the application form available on the website and sending it jointly with the documentation required by the offer to your institution's coordinator (the list of coordinators is also available on this website).

Getting funding

The CGU will support with up to 500 euro the travel costs of a number of participants. The criteria applied in the assignment will be "first-come, first-served" although preference will be given to placements that entail intercontinental mobility. Besides, students can apply for funding opportunities such as Leonardo, Erasmus +, etc. through their home Universities.

The CGU's International Video Contest for Students: a source of opportunities

The winning video of the last edition of the CGU's International Video Contest for Students was "Year Abroad: Make The Most of It", which was submitted by a team of students from the University of Roehampton: Morgane Allard-Le Berre, Albert Bellés Chorva, Elena Churakova, Andrea Estrada and Judit Hideg (in the pictures above, during the filming process).

In accordance with the agreement the Compostela Group signed with Euronews, one of the students will be offered a traineeship at the news channel very soon. Besides, the team was invited to the CGU's XXth General Assembly, which took place at the Adam Mickiewicz University in Poznan (Poland) on 25-27 September 2014 and their video is being promoted through the CGU communication tools.

How to participate...

Step 1.- Check on www.gcompostela.org>activities>Video Contest if your University is endorsed.

Step 2.- Some universities organise an internal competition before submitting their candidates to the CGU's Contest, others do not. Please, contact your institution's coordinator (details available on the website) to show your interest in participating as well as to get information on the specific conditions at your institution.

Step 3.- Prepare your video. On the CGU's website you can find the Guidelines of the Contest, including the topic options. Our technical requirements are simple: use any kind of device, don't make a video longer than 1 minute 30 seconds, music and images should have been granted by their author, if the video is not in English it should include subtitles in correct English, and the logo of the CGU and of the student's University should be present in the whole video.

Step 4.- Submit your video to your coordinator and wait for the results!
