

INFORMED CONSENT

Name of the diploma thesis: PCA therapists' experience with dissociation in polytraumatised clients

Author of the diploma thesis: Bc. Jana Kosov, MSc

Supervisor of the diploma thesis: prof. PhDr. Hana Pikrylov Kuerov, Ph.D.

Basic information:

With this consent, you are confirming your participation in the qualitative research focused on the exploration of your subjective experience with dissociation in clients who have been through complex trauma from your therapeutic practice. Considering the lack of research focused on the issue, your contribution will help to bring new insights into dissociation linked to complex trauma and effective therapeutic interventions.

Declaration

I....., signed below, confirm with my sign that I voluntarily participate in the diploma thesis research focused on *PCA therapists' experience with dissociation in polytraumatised clients*.

With my sign, I further confirm that I was acquainted with the research's aim and process, the option to decide not to answer any question or to withdraw from the research anytime, without any sanctions.

With my sign, I also agree with the interview being recorded, with transcription of the record, with archiving of these documents and with further use of acquired information solely for academic purposes - for the diploma thesis *PCA therapists' experience with dissociation in polytraumatised clients* in the field of Psychology at Psychological department in Philosophical Faculty of Masaryk's University in Brno, as well as for other potential professional publications or further research. I was acquainted with the fact that all information I decide to share during the interview will be utilised anonymously in a way that my identification will not be possible.

In case of any questions, I can contact the author of the diploma thesis at the following email address: **541039@mail.muni.cz**.

I confirm that I signed an informed consent under two copies; one copy belongs to me and the other one to the diploma thesis' author.
