I am writing this letter to strongly support **Dr. Magdalena Wiacek** for habilitation procedure at your University.

**Dr. Wiacek** had started her work in my laboratory at Hanyang University 2008 summer. She has finished her project successfully and produced many good results. She was a good team player and work well with other lab members.

**In summary**, taking into account the high academic and scientific standard of your university I strongly recommend **Dr. Magdalena Wiacek** for habilitation procedure at your University. I am very much convinced that being awarded this prestige degree by your faculty will significantly support **Dr Wiacek** scientific development.

Sincerely yours,
