

Agreeing, Disagreeing and Comparing in a Natural Way

Agreeing	Disagreeing	Comparison
That's a good point. It supports what I've been saying. ... (agree + elaborate)	I don't think that is a convincing argument and this is why I disagree. ... (disagree + reason)	More appropriate than <idea>, ...
I like that idea because ... (agree + reason)	Do you think so? I'm not sure that's the case. Wouldn't it be better to ...? (disagree + alternative)	A more fitting (storyline/solution) might be ...
I think that would work. For instance, ... (agree + example)	I can't agree with that idea. It's a bit out of character, don't you think?	I'd rather include ... than ...
I agree with what you are saying. ...	I'm not convinced that would work.	Isn't ... more suitable for this (group/person/solution)?
I think that's a very valid point/argument.		... is less important than ...
		The most essential element is ...
		... is the least important ____.
