People not taking part in any of the teams !!!

Jakub HOUŠKA
Martin TICHÝ
Antoine Jean Bernard MENARD

These people should contact lecturer, since presenting and handing in a written team assignment is a MUST for every course participant if they want to pass the exam and get credits.

Also, if you take part in the course and your name is not on the list, contact lecturer.

30/5/2007	FINAL EXAM for those who have not passed the first exam and for those who were not allowed to write it.	S2, 8:30 – 10:00

Written Paper Structure (suggested)

1. Problem definition
 - describe the business / managerial problem you chose to analyze and solve.
2. The aim and methods
 - state the aim of the paper (based on the decription of the problem).
 - state methods you are going to use to reach the aim.
3. Theoretical background.
 - describe theories that are relevant to solving the problem.
 - Asses their relevance and applicability.
4. Analysis of the problem
 - analyze the problem of your choice (using the theories)
5. Solutions of the problem
 - based on the problem description and its analysis propose alternative solutions to the problem
6. Implementation plan
 - choose one alternative and plan for its implementation (reosurces, time, organizational aspects, economic impacts etc.)
