

## SEMINAR WORK – SUMMARY - INSTRUCTIONS

- There are 5 authentic texts available (A-E) from which each student will choose ONE topic. The texts vary slightly in length (600-1000 words).
- You are required to write a summary of 250 to 300 words based on the information included in the file: *Summarising – theory* and your own knowledge.
- To choose your topic you have to sign your name next to/below your topic in the information system. The number of students allowed to write one topic has been restricted to 4 maximum.
- You will enroll for the topic from **19 Feb** to **3 March 2008** and post your seminar work - summary in the IS (odevzdávárna for your respective groups) not later than **31 March 2008**.
- Although you will share the same topic with other 3 students, you must strictly work on your own.
- You need to state your name, UČO and seminar group (number and time) at the top of the document.
- A summary is not a compilation of sentences from the text. Rather it's your own creative work where you try to render the most important ideas from the text in a condensed form using your own language.
