| | Workings: | | | | |
|---------|-------------|------------|----------|--------|---|
| | Cost (unit) | NRV (unit) | min | Total | |
| 700 | 35 | 45 | 35 | 24,500 |) |
| 300 | 35 | 25 | 25 | 7,500 |) |
| | | _ | <u> </u> | 32 000 |) |

has the following units in inventory at the end of 20X9.

| | Units | Cost per unit (\$) |
|----------|-------|--------------------|
| aterials | 5,000 | 25 |
| progress | 2,000 | 30 |
| d goods | 1,000 | 35 |

I items usually sell for \$50 per unit. However, water damage by improper storage of inventory will mean that 300 units of goods will be sold at 60% of the normal selling price less sell of \$5 per item. A further \$5.50 per unit is still to be to finish off the items of work in progress.

rdance with IAS 2 Inventories, at what amount should ries be stated in the statement of financial position of lc as at the end of 20X9?
