

**ANF Data spol. s r. o.  
a Siemens company**

# Corporate Technology Development Centre (CT DC)

- CT DC CEE in Czech Republic was founded in April 2009 as part of CT CEE Austria after split of former Siemens PSE organization.
- With around 50 motivated people we support Siemens sectors by high quality engineers.
- We work on our project from location in Prague and Brno
- Department head is Mr. Vladimír Kulla

## CT DC ITS CEE – Traffic Systems

We develop and integrate SW solutions in the following areas:

- **.NET applications**  
Large-scale Client/Server applications for traffic engineers (GUI, data layer)
- **Java applications**  
Mainly java servers using advanced J2EE techniques.
- **Embedded C**  
Firmware for parking machines.
- **Embedded Linux**  
Traffic server device.
- **CM Support**  
ClearCase and ClearQuest administration for the customer.

## CT DC | IAS CEE - Industrial Communication

- Reliable partner for **embedded real-time development, industrial communication and test**
- Complete near-shore development solution in Prague
- Expert level PROFINET IO know-how from specification to system test and certification
- Wide range of real-time operating systems (VxWorks, RT Linux, NRK, eCos ...)
- Development of wide range of communication protocols (PROFINET IO, FF, HART, Wireless HART...)
- PROFINET Certification test
- Trainings

## CT DC E DES CEE

- To design, develop, install, configure and support the most reliable Meter-to-Bill solution for AMI meters infrastructure (Smart Metering) in Europe.
- Together with our partner eMeter company operating mainly in USA, we are bringing to our customers the most Capable & Scalable and Exceptional Meter Data Management System **EnergyIP**.
- We are also actively cooperating with Siemens AMIS team responsible for developing Smart Meters

## Co ANF Data nabízí studentům

Naší hlavní činností je výzkum a vývoj v oblasti SW a poskytování maximální přidané hodnoty našim zákazníkům za použití nejmodernějších poznatků, trendů a technologií. Proto se orientujeme na spolupráci s univerzitami.

### Pro studenty nabízíme:

- Part-time práce při studiu
- Spolupráce na zajímavých Bc. a diplomových pracích
  - (Ing. Jan Verner obdržel cenu **Werner von Siemens Excellence Award 2009**)
- Hostované přednášky našich expertů

**Thank you for your attention!**
