Watch the presentation and then do the following:

1) What is the **presenter's** goal? Does he succeed in putting his ideas across?

2) What is the presenter's style? Is it formal or informal? Serious or humorous? What are some features of his language use? Other comments?

3) Presentation structure: If you were to separate the presentation into sections, what would the sections be and what would be the point of each of the section? **Write down the structure of the presentation and a brief overview of each section. (Do not forget that the link also contains the transcript of the presentation.)**

4) One-sentence summary: if you were to summarize **the content and the point of the presentation** in one sentence, what would it be?
