## Erasmus+ mobility periods

### Comments

#### Files

Data is divided into several files. Each file contains a list of mobility periods started during the reference year (which is mentioned in the file name).

Included: all finalised mobility periods encoded in IT systems on the date of the export.

**Similar mobility periods are aggregated where possible (same sending/receiving organisation, same status regarding fewer oppts, gender, age, ...) in order to reduce file size.**

**Mobility periods started in 2020 and 2021 will be published once they are finalised.**

**Export date:** 11/05/2021 for years 2014 to 2019.

#### Project and organisations data

Details about projects can be found on the Erasmus+ dissemination portal

[https://ec.europa.eu/programmes/erasmus-plus/projects\\_en](https://ec.europa.eu/programmes/erasmus-plus/projects_en)

It is possible to download lists of projects (including organisation and partners)  
per call year here:

<https://ec.europa.eu/programmes/erasmus-plus/projects/eplus-projects-compedium>

#### Participant data

Some fields are only relevant for some categories of mobility (participants profile, specific key action)

Fewer opportunities and specific needs flags are always set to yes or no. No includes also "not relevant"
