# My journey at Kyndryl

Gauvain Pataky

18-Oct-2022

## Plan

- 01 About me
- 02 Internship and work
- 03 Change of life

# 01 About me

**Gauvain PATAKY**  
**Automation Lead / Developer**  
[gauvain.pataky@kyndryl.com](mailto:gauvain.pataky@kyndryl.com)

**+420 608 902 890**

## Education

- 2017/2019 : IUT informatique Belfort
- Apr – Jun 2019 : IBM Internship - Full-stack developer junior
- Sep 2019 – Avr 2021 : employee IBM - Full-Stack developer
- Apr 2021 : Automation lead at IBM/Kyndryl

## Previous mindset

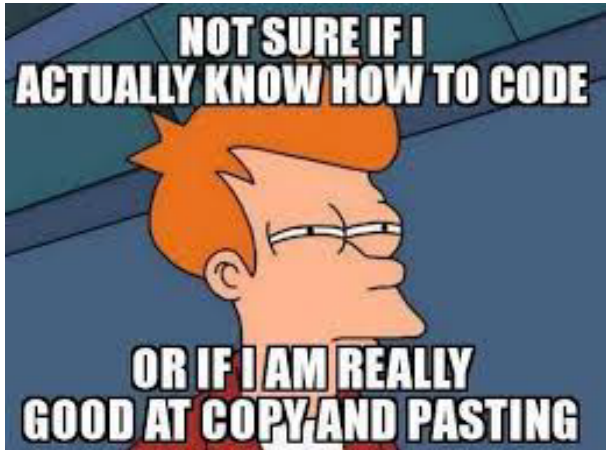

- +5 years university
- Not the best grades

# 02 Internship and work

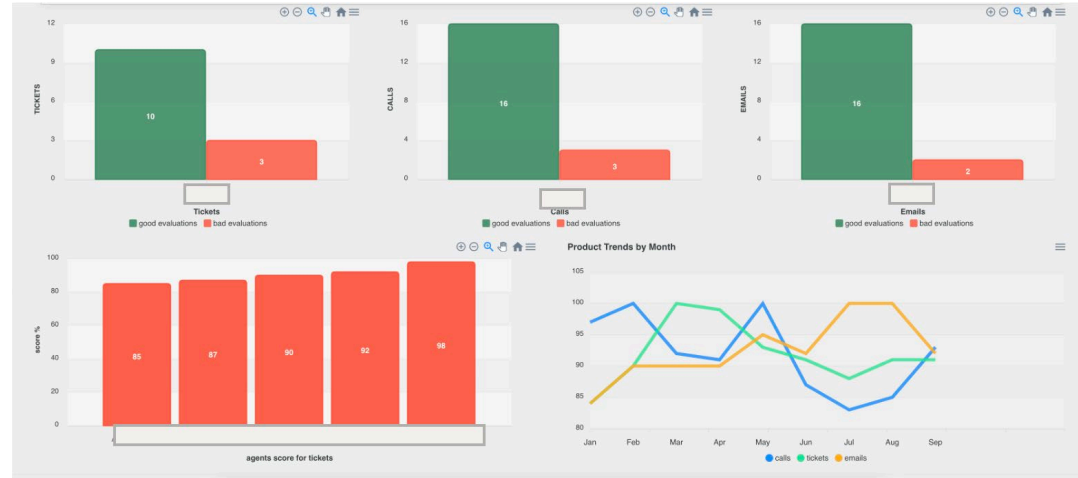

Movies

VS

Reality

## First impressions:

- Big change compared to university
- People really help each other - well supervised
- Melting pot of cultures
- Team communication, client experience, UK/India/Poland...

## What I learnt:

- Your Diploma does not represent you - Mindset & experience
- Dare to change and push your limits
- Speak to people - Their experiences means a lot(+100 nationalities)
- Mistakes happen - Learn from them

## 02 Change of life

# What I love about Czech Republic

Cost and quality of living

Ways of transport

Center of Europe

## Theophile Walger Business Operations Manager

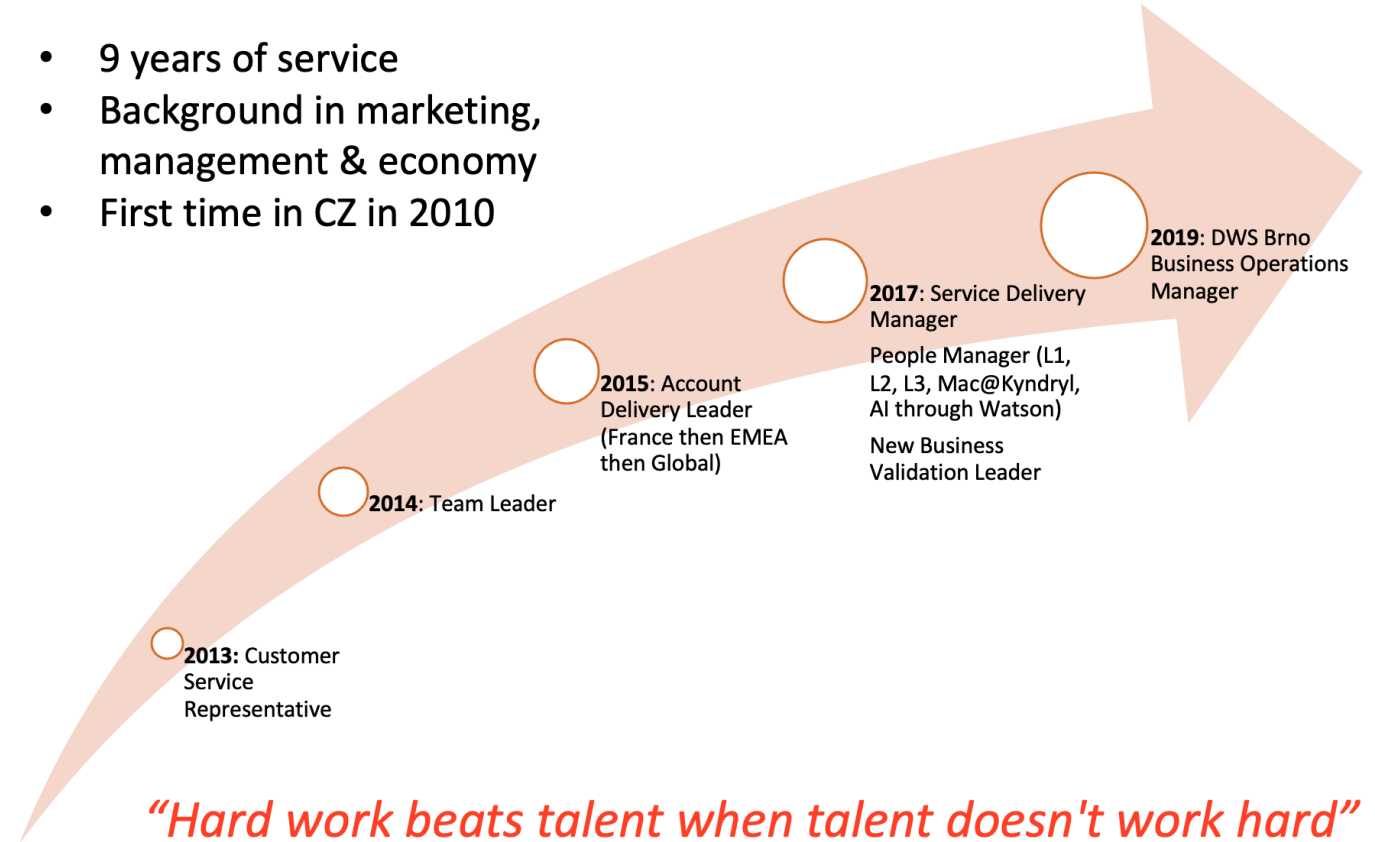

[theophile.walger@kyndryl.com](mailto:theophile.walger@kyndryl.com)

+420 778 007 209

- Leading leadership and ~200 employees within Service Desk environment
- Key mission to attain high quality standards, operational efficiency, client satisfaction and continuous improvement initiatives to 20+ clients
- Providing business guidance to the leadership, defying overall strategy of the unit and driving necessary transformations
- Ensuring existence of adequate cost control system
