# PV226: Lasaris Seminar Introduction

**Martin Macák**
**macak@mail.muni.cz**

Faculty of Informatics, Masaryk University

September 26, 2024

## Lasaris Seminar

- First two weeks: introduction to our research
- `https://lasaris.fi.muni.cz/`
- The rest of the semester:
    - Presentations of lab members or their associates
    - Presentations of students (future lab members?)

# Student presentations

- After the second seminar, you will choose a topic related to our lab.
- We will provide you with some initial set of topics (book chapter, set of papers)
- You can choose your own topic
- You will perform a small presentation

## What can this seminar get you?

- Deepen your knowledge in the computer science area you choose
- Hone your presentation skills
- Discover your thesis topic
- Become a lab member and enjoy several benefits
- Earn 2 credits for engaging in an enjoyable and productive experience

# Upcoming social activities

- Lunch
- Lasaris trip
