E

What would you call these personality types?

Easily expresses emotions, smiles a lot, believes most people like or will like them, bold, likes to lead, would rather be a participant than an observer, gregarious, loves night life activities and crowds, likes to participate in group discussions, easy to get to know, spends more time with others than alone, fits in most places, likes to be popular, frequently touches people, spontaneous, optimistic, social chameleon, charmer, tends to be confident

Suspicious of others until they have proven themselves trustworthy, more doubt than belief, preoccupied with death and suffering, bitter, looks for hidden meaning in things, personality is centred around low self esteem, feels misunderstood, defensive, feels like an outsider, existentially depressed, attracted to things associated with sadness, hard to get to know

Calm, patient, easy-going, never gets too emotional, remains cool when others panic, not quick tempered, less prone to depression, trusting, optimistic, self confident, not swayed by emotions, not prone to envy, rarely worries, well adjusted, less prone to physical and mental sickness, more likely to exercise, able to bounce back from hardships

Feels in good shape and look forwards to a long happy life, good self image, proud of health and strength, feels they are better looking than most people, high self esteem, loves physical exertion, more likely to wear tight fitting clothing, not prone to eating disorders, less likely to have health problems, takes care of self, athletic

Does things primarily for the benefit of themselves, puts their feelings first, can't do anything when they don't feel good, more concerned with themselves than others, prefers personal glory over team victories, pleasure seeker, gets angry when they don't get what they want, dramatizes their suffering, wealth seeking, superficial, manipulative

Feels pulled to the symbolic, archetypal, and mysterious; likes to look weird, believes in extra sensory perception, lives an experimental life, more abstract than logical, more likely to be a trauma survivor, looks for hidden meaning, different, unpredictable, more solitary, focus on fantasies more than reality, charmer, insightful, prefers strange clothing
