

# MULTIMEDIA IN SPORTS

Martin Sebera  
sebera@fsps.muni.cz

# Idea

- What to do? 😊
  - <https://is.muni.cz/auth/do/fsps/e-learning/multimedia/www/index.html>
- Get source
  - From youtube (how to download-  
<http://www.clipconverter.cc/>)
  - From web, TV, online source
  - From own camera

# Result

- Video, movie
- **You (your person) must be included in the video.**
- Score, quality to grade:
  - idea, inspiration (instructional video, biography, advert, birthday wish, memory, story, fairytale, ...)
  - Technical aspects: music in background, titles, speech, transitions/effects between frames, ...

# Deficiencies, errors, bad source

- Quality of video –
  - resolution 720x576, 640x480, no less,
  - 25 or 30 frames per second (fps), not less
- Scene is too far
- small stature
- large movements in the frame - [http://atletictisnov.rajce.idnes.cz/2013-09-07-4.kolo\\_Uherske\\_Hradiste#MVI\\_3944.jpg](http://atletictisnov.rajce.idnes.cz/2013-09-07-4.kolo_Uherske_Hradiste#MVI_3944.jpg)

# Software

- Window Movie Maker
  - Download:  
<http://windows.microsoft.com/windows/get-movie-maker-download>
  - Help: <http://windows.microsoft.com/en-us/windows/search?q=movie+maker>
- Other software: download.com, type keyword „cut video“
