

Watch the video about ice hockey and supply the following information:

1. How many players are there on the rink during the game and what is their setup?
2. How long does the game take and how is it divided?
3. What is the total number of players in the team?
4. How many officials are there in the game?
5. Describe the ice rink and its size
6. How does the game start?
- 7.

Offsides and hybrid icing

- 1) What are the lines on the ice rink used for?
- 2) Why was the rule of offside introduced?
- 3) When can the attacking players enter the offensive zone?
- 4) What happens when the offside occurs?
- 5) Why was the rule of icing introduced?
- 6) What is classified as automatic or no touch icing?
- 7) Where does the face off take place in case of the no touch icing?
- 8) What is classified as touch icing?
- 9) Why was hybrid icing recently introduced?
- 10) What is classified as hybrid icing?

Exceptions

Icing is always waved off in the following situations:

- The team committing the icing is shorthanded, i.e. penalty killing.
- The linesman believes a player on the opposing team (other than the goaltender) could have played the puck before it crossed the goal line.
- The puck enters the goal.
- The puck is iced directly from a player participating in a face-off.
- The goaltender leaves his goal crease and moves in the direction of the puck (except under USA Hockey rules).
-

Penalties

- 1) What happens when a player does something against the rules?
- 2) How much time do players spend on a penalty box?
- 3) What is called the situation of the team that has fewer players on ice?
- 4) What is called the situation of the team that has more players on the ice?
- 5) How many players may be sent to a penalty box from one team?
- 6) What are the most common penalties?
- 7) What happens when a player is injured so that he is bleeding?
