Linda R. Waugh (b. 1942) is professor of linguistics at Cornell University. In 1979 and 1980, she was a Fellow of the Society for the Humanities, Cornell University and had a fellowship from the National Endowment for the Humanities. Her principal research interests are linguistic semantics (grammatical and lexical meaning); linguistic phonology; semiotics (relation between linguistic and other semiotic systems); and metaphor and metonymy in language, culture, and poetry. Her major publications include: *Roman Jakobson's Science of Language* (1976), *A Semantic Analysis of Word Order: Adjective Position in French* (1977), *The Sound Shape of Language* (1979, with Roman Jakobson), *Contributions to Grammatical Studies: Semantics and Syntax* (1979, ed.), *The Melody of Language: Prosodies and Intonation* (1979, ed.), *Contributions to Historical Linguistics: Issues and Materials* (1980, ed.), and *Marks, Signs, Poems: Semiotics, Linguistics, Poetics* (1982).
