

**E-learning Task 2 – (you can get up to 5 points /1 point for each question/)**

Using the reading, answer/discuss the following questions (500 words maximum for each answer):

1. What types (according to their „origin“) of political parties emerged just after the November 1989?
2. What were the sources of the initial stability of the party system?
3. Were there any peculiarities regarding organization of political parties after the fall of communism? (based on the fact that Czechoslovakia/Czechia was a newly emerged democracy)
4. How would you describe the most important cleavages/conflicts during the first 15-20 years of the existence of the Czech Republic)? What was the most important conflict?
5. Could you briefly describe the most important rightist and leftist parties in the Czech Republic until 2010?
