THE NEW

The Very Latest.

This is positively the latest influenza theory. Instead of being the work of the usual influenza microbe, the Russian influenza is produced by an entirely new microbe that has been developed by the electric light. Just as the invention of deep sea telegraph cables was followed by the appearance of an animalcule designed expressly to feed on cables, so the invention of the electric light has been followed by the appearance of a microbe that employs its spare time in producing Russian influenza. The disease has raged chiefly in towns where the electric light is in common use, and has penetrated slowly and reluctantly into towns where the electric lamps are unknown. The close connection of the microbe with electricity is more than ever shown by the fact that it has everywhere attacked telegraph employees. Perhaps the inventor of this

Every time we push the frontiers of knowledge, it comes with a risk, and it comes with the prospect of a reward. The risks are many: failure to find anything new, futility of the experiment to function as designed, and even the possibility of damage and destruction if things go awry. But the rewards can be tremendous, including the unlocking of new knowledge, the development of new technologies, and the advancement of the entire human enterprise of science.

Attempt To Re-Create 'Big Bang' Begins March 2015 - Will Gates Of Hell Soon Open To The Destruction Of All Creation?

By Live Free Or Die - All News Pipeline

With the reopening of CERN's 'large hadron collider' in March of 2015, two leading and well respected scientists, theoretical physicist and cosmologist Stephen Hawking and Astrophysicist Neil de Grasse Tyson, have recently issued independent warnings that, when looked at through the eyes of the supernatural war taking place right now upon our planet Earth between the forces of good and evil, send us a clear message: "This is it!". The reopening of CERN will bring together scientists playing with unknown forces, attempting to re-create the 'big bang', as shared in the 1st video below, the moment of the creation of the universe.

END OF WORLD CONFIRMED

December 20, 2012 by Frank Lake

Mayan archaeologists met in Guatemala and confirmed the end date for the Mayan Prophecy is December 21, 2012. That's when the world will end.

Archaeologists reportedly reviewed a newly discovered 1,300 year-old Maya text that provides only the second reference to the "end date" of the Maya calendar on December 21, 2012. The discovery, one of the most significant hieroglyphic find in decades, was announced at the National Palace in Guatemala. Al Gore was in attendance, representing the United States.
