Piracy - Definition

- ***"Piracy is unlawful depredation at sea involving the use or threat of violence and possibly, but not necessarily, robbery.,,"*** (Murphy 2008: 7).
- 1982 - United Nations Convention on the Law of the Sea (UNCLOS):
 - a. *Any illegal acts of violence or detention, or any act of depredation, committed for private ends by the crew or the passengers of a private ship or a private aircraft, and directed:*
 - i. *On the high seas, against another ship or aircraft, or against persons or property on board such ship or aircraft.*
 - ii. *Against a ship, aircraft, persons or property in a place outside the jurisdiction of any state.*
 - b. *Any act of voluntary participation in the operation of a ship or of an aircraft with knowledge of facts making it a pirate ship or aircraft.*
 - c. *Any act of inciting or of intentionally facilitating an act described in subparagraph (a) or (b).*

Piracy - Definition

- IMO “Code of Practice for the Investigation of Crimes of Piracy and Armed Robbery against Ships” defines Armed Robbery as:

Armed robbery against ships means any of the following acts:

1. any illegal act of violence or detention or any act of depredation, or threat , other than an act of piracy, committed for private ends and directed against a ship or against or property on board such a ship, within a State’s internal waters, archipelagic waters and territorial sea;

2. any act of inciting or of intentionally facilitating an act described above.

- To overcome the distinctions between piracy and armed robbery at sea, the IMO has combined the two terms in a single definition: „***An act of boarding or attempting to board any ship with the apparent intent or capability to use force in the furtherance of that act.***“

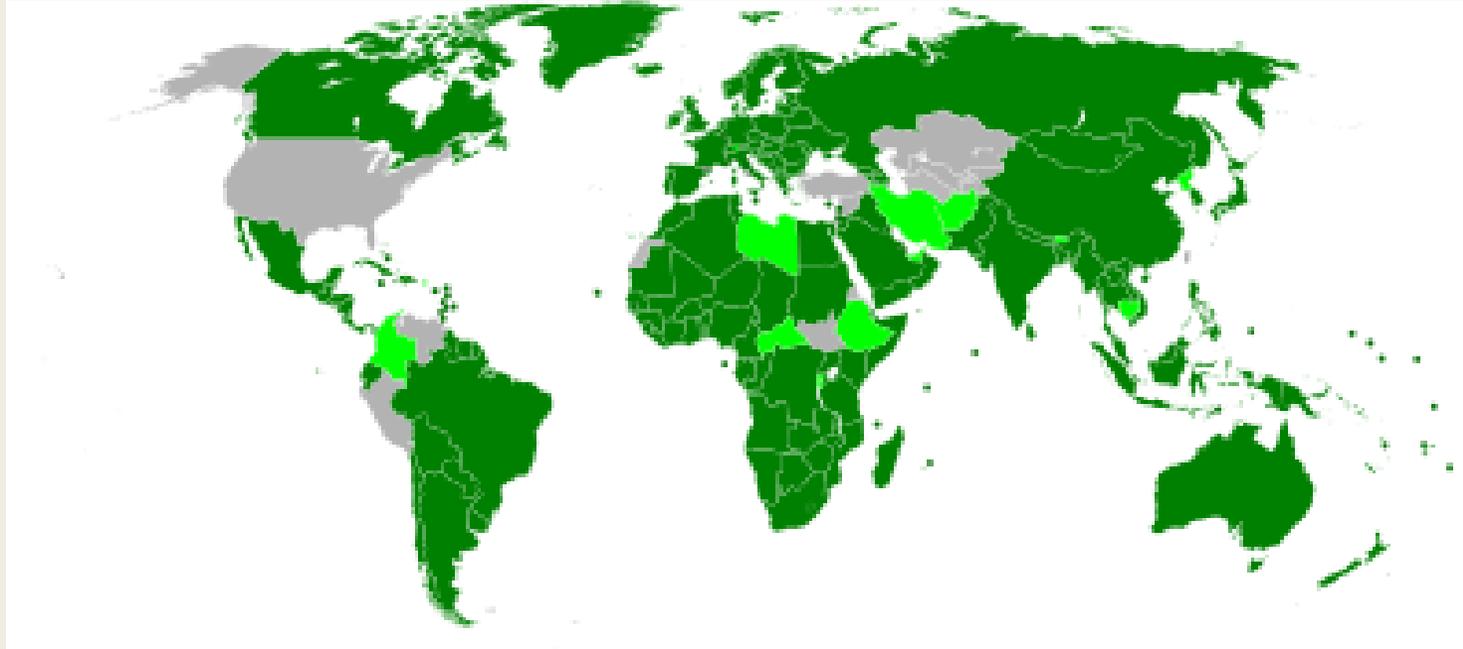

Piracy - Definiton

- Under the definitions of Piracy or Armed Robbery, the IMO reports incidents as follows:
 1. **Boarded:** An illegal act of perpetrators successfully gaining access onto the vessel.
 2. **Hijacked:** An illegal act of perpetrators successfully gaining access onto the vessel and taking over the control of the vessel from the Master and crew.
 3. **Fired Upon:** An illegal act of perpetrators discharging weapons towards the vessel while attempting to gain access onto the vessel.
 4. **Attempted:** An illegal act of perpetrators attempting to approach a vessel with possible intention to board but remain unsuccessful due to the timely actions of the crew.
- Modern definitions of piracy include the following acts: Boarding without permission, Extortion, Hostage taking, Kidnapping of people for ransom, Murder, Cargo theft, Robbery and seizure of items or the ship, Sabotage resulting in the ship subsequently sinking and Shipwrecking done intentionally to a ship.

Piracy – International Framework

- 1982 - United Nations Convention on the Law of the Sea (UNCLOS).
- 1988 - SUA – Convention for the Suppression of Unlawful Acts against the Safety of Maritime Navigation.
- The Hostages Convention (1979).
- Several UN Security Council resolutions such as:
 - *Resolution 1816 (2008)*
 - *Resolution 1851 (2008)*
 - *Resolution 2634 (2022)*
- 1948 - International Maritime Organization (IMO).
- 1981 - International Maritime Bureau (IMB) is a specialized department of the International Chamber of Commerce.

UNCLOS vs. SUA

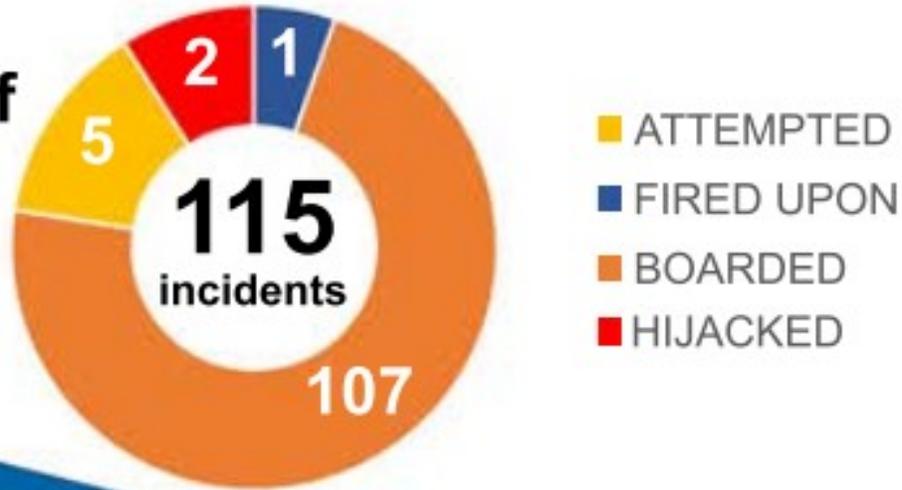

The following 29 UN member states are not party to the convention. States with coastlines have asterisks.

-  Angola*
-  Belize*
-  Bhutan
-  Burundi
-  Cameroon*
-  Central African Republic
-  Chad
-  Colombia*
-  Democratic Republic of the Congo*
-  East Timor*
-  Eritrea*
-  Gabon*
-  Haiti*
-  Indonesia*
-  Kyrgyzstan
-  Malaysia*
-  Nepal
-  North Korea*
-  Papua New Guinea*
-  Rwanda
-  Sierra Leone*
-  Solomon Islands*
-  Somalia*
-  South Sudan
-  Suriname*
-  Thailand*
-  Venezuela*
-  Zambia
-  Zimbabwe

Causes of Piracy

- Factors Responsible for the Emergence of Piracy (Johnson 2018)
 - a) High unemployment rate and high poverty*
 - b) Terrorism - investment in land security*
 - c) Lax coastal and port-side security*
 - d) Endemic anarchic situation and growing conflicts*
 - e) Corruption*
 - f) Global proliferation of small arms*
 - g) Disputes over territorial and maritime boundaries*
- Root causes of piracy in the Gulf of Guinea:
 - *Corruption*
 - *Illegal, Unreported and Unregulated (IUU) Fishing*
 - *African Youth and Youth Unemployment*
 - *Governmental Structuring (weak states – ineffective courts of the corrupt elite)*
 - *Oil exploitation*

Anti-piracy Measures

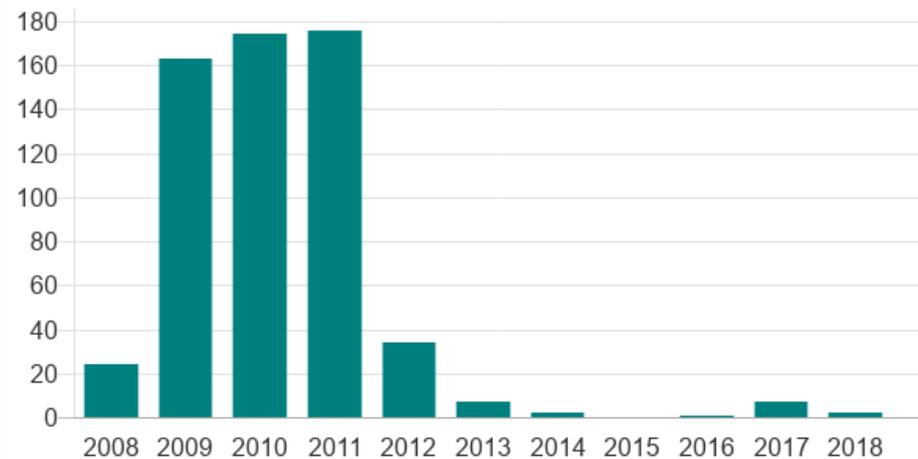

- Several types of anti-piracy measures include:
 - a) Self-Defense
 - b) Self-protection Measures
 - c) Patrol
 - d) International Legal Framework
 - e) Local/Domestic Legal Framework

Piracy in Horn of Africa

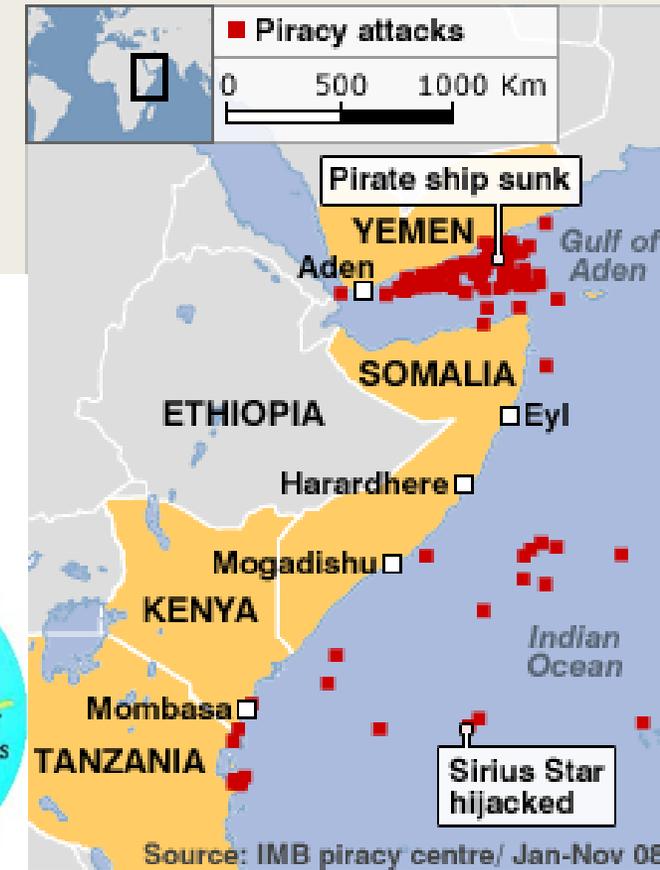

- Gulf of Aden, Guardafui Channel and Somali Sea.
- Civil war in Somalia - illegally fishing on the Somali seaboard and ships began dumping industrial.
- Most of the attacks in the Horn of Africa took place outside territorial waters.
- Expiry of the United Nations Security Council's (UNSC) counter-piracy Resolution 2608 (2021/2022).
- IGAD – Intergovernmental Authority on Development – CEWARN
- Djibouti Code of Conduct 2009.

BBC

Djibouti Code of Conduct

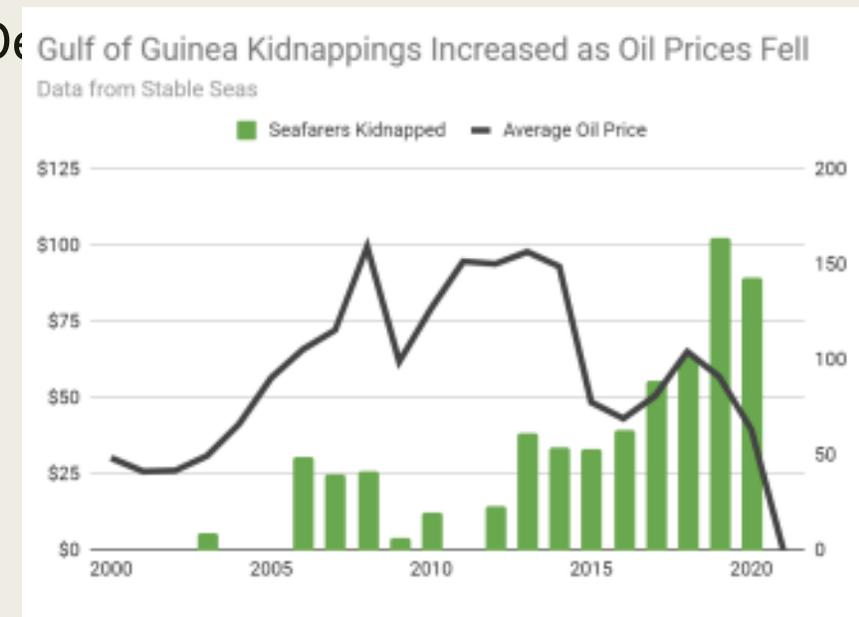

Operation Atalanta and Ocean Shield

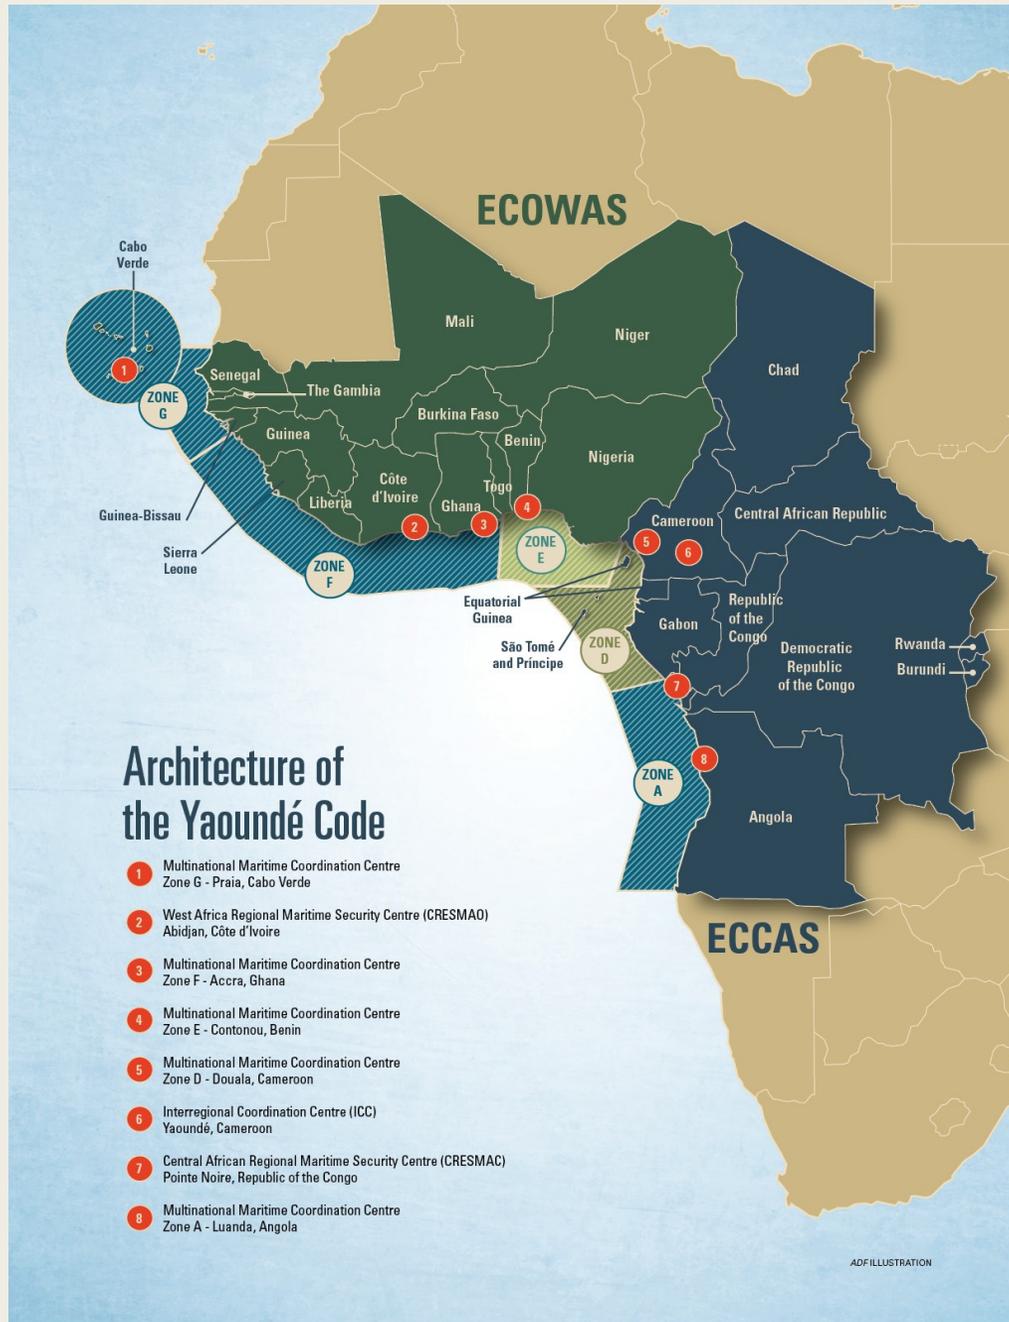

- Other operations in EA - Combined Task Force 150, Combined Task Force 151, Chinese People's Liberation Army Navy participation, Operation Copper.
- Operation Atalanta, formally European Union Naval Force (EU NAVFOR) Somalia (2008-present).
- Atalanta tasks:
 - Protects vessels of the World Food Programme (WFP), African Union Mission in Somalia (AMISOM) and other vulnerable shipping;
 - Deters and disrupts piracy and armed robbery at sea;
 - Monitors fishing activities off the coast of Somalia;
 - Supports other EU missions and international organizations working to strengthen maritime security and capacity in the region.
- Operation Ocean Shield (2009-2016).

Piracy in Gulf of Guinea

- The Gulf of Guinea stretches from Senegal to Angola, covering over 6,000km of coastline. It comprises 20 coastal states.
- Piracy is part of heavily armed criminal enterprises.
- Attacks mainly occur in territorial waters, increased after 2014.
- Increased targeting of non-African hostages and a criminal shift away from oil theft from tankers has reduced the costs of these crimes to African nations since the early 2010s.
- Counter-piracy measures: Operation Prosperity, Dep Blue Project and Yaoundé Code of Conduct.
- MEND – The Movement for the Emancipation for the Niger Delta
- UN Resolution 2634.

Yaoundé Code of Conduct

Deep Blue Project 2021

- Maritime Security Units (MSU) - comprising personnel from the Nigerian Navy, Nigerian Army, Nigerian Air Force, Nigeria Police, and Department of State Services.
- The land assets include the Command, Control, Communication, Computer, and Intelligence Centre (C4i) for intelligence gathering and data collection; 16 armoured vehicles for coastal patrol; and 600 specially trained troops for interdiction, known as Maritime Security Unit. The sea assets include two Special Mission Vessels and 17 Fast Interceptor Boats. The air assets comprise two Special Mission Aircraft for surveillance of the country's Exclusive Economic Zone (EEZ); three Special Mission Helicopters for search and rescue operations; and four U

The graphic features the NIMASA logo on the left, which includes a green compass rose and an anchor. To the right of the logo, the words "Deep Blue" are written in a large, white, sans-serif font. Below the title, a series of white boxes with blue borders are arranged in a staircase pattern, each containing an image and a label: "2 Special Mission Vessels" (with a ship), "3 Special Mission Helicopters" (with a helicopter), "16 Armoured Vehicles" (with a truck), "2 Special Mission Aircrafts" (with a jet), "17 Interceptor Boats" (with a speedboat), "4 Unmanned Aerial Vehicles" (with a drone), "C4i Operation Centre" (with a control room), and "Special Forces/MSUs" (with a group of soldiers). To the right of these boxes are two white rounded rectangles with blue text: "Calmer Coasts & Safer Seas" and "Security is Priority". At the bottom center, the event details are listed: "Thursday, June 10th, 2021 | 11:00am @ENL Terminal, Apapa Port, Lagos." To the right of this text is a purple rounded rectangle with white text: "POWERED BY NIMASA". At the bottom left, there is a blue rounded rectangle with a white Zoom icon and the text "Zoom Link: <https://bit.ly/3w7OF1b>". At the bottom right, the word "PARTNERS" is written in white, followed by a row of seven logos representing various Nigerian government agencies.

PIRACY IN GULF OF GUINEA

Piracy in Gulf of Guinea

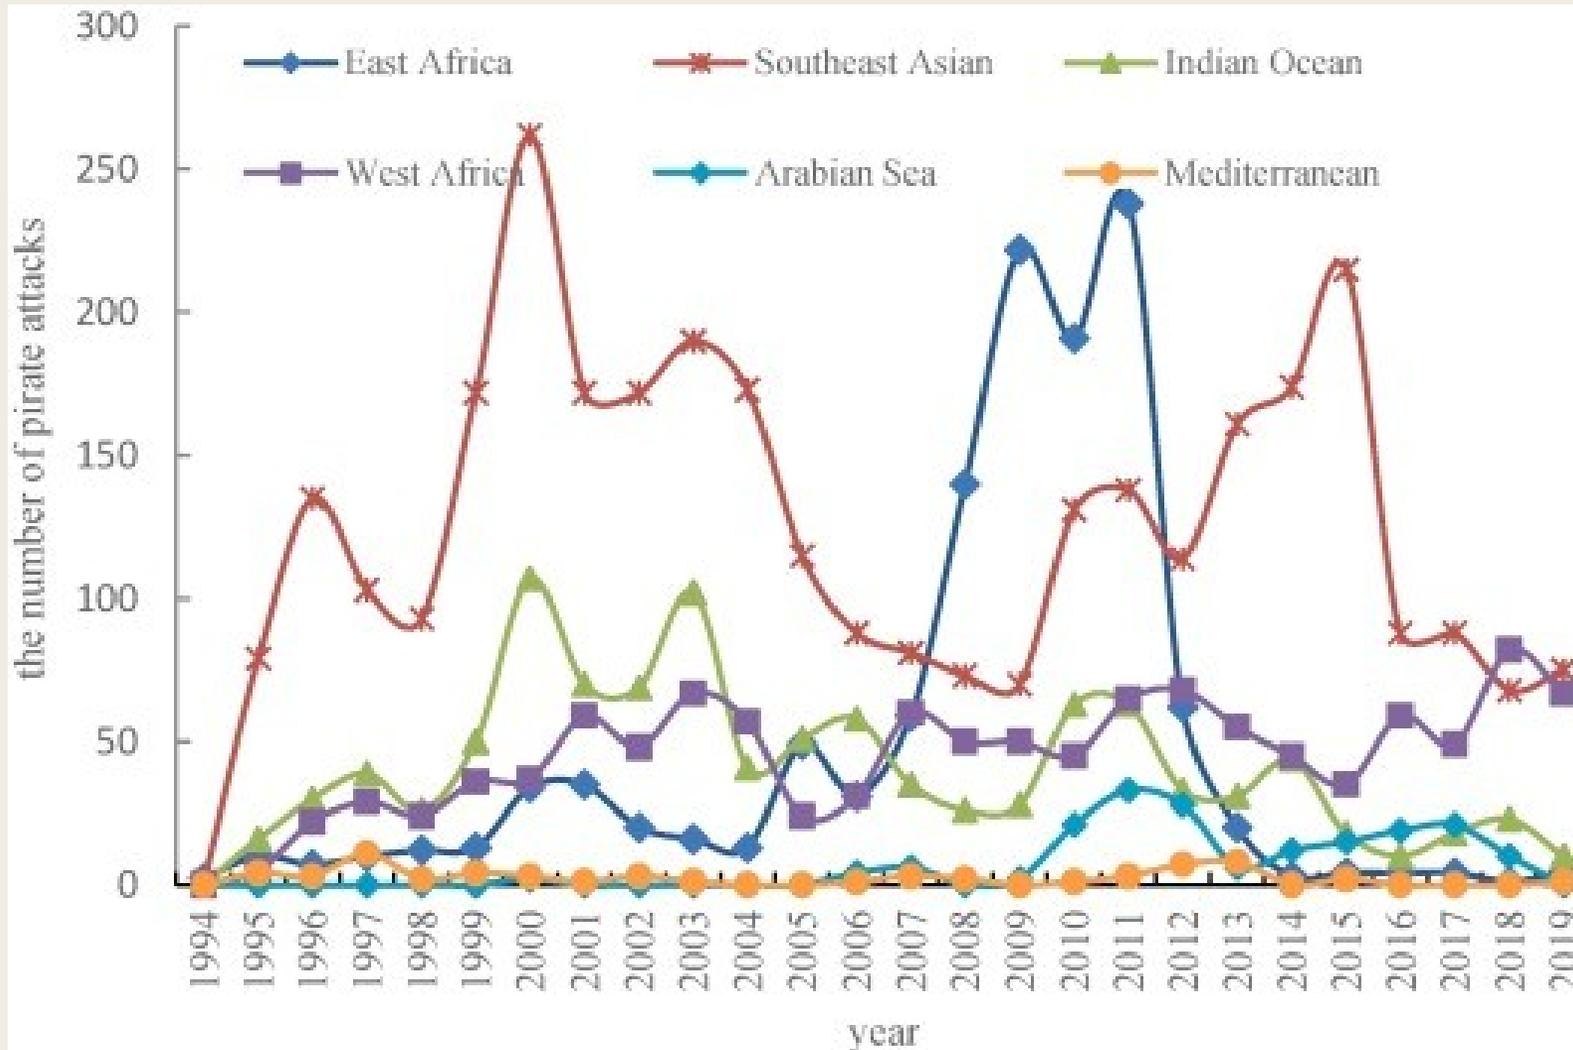

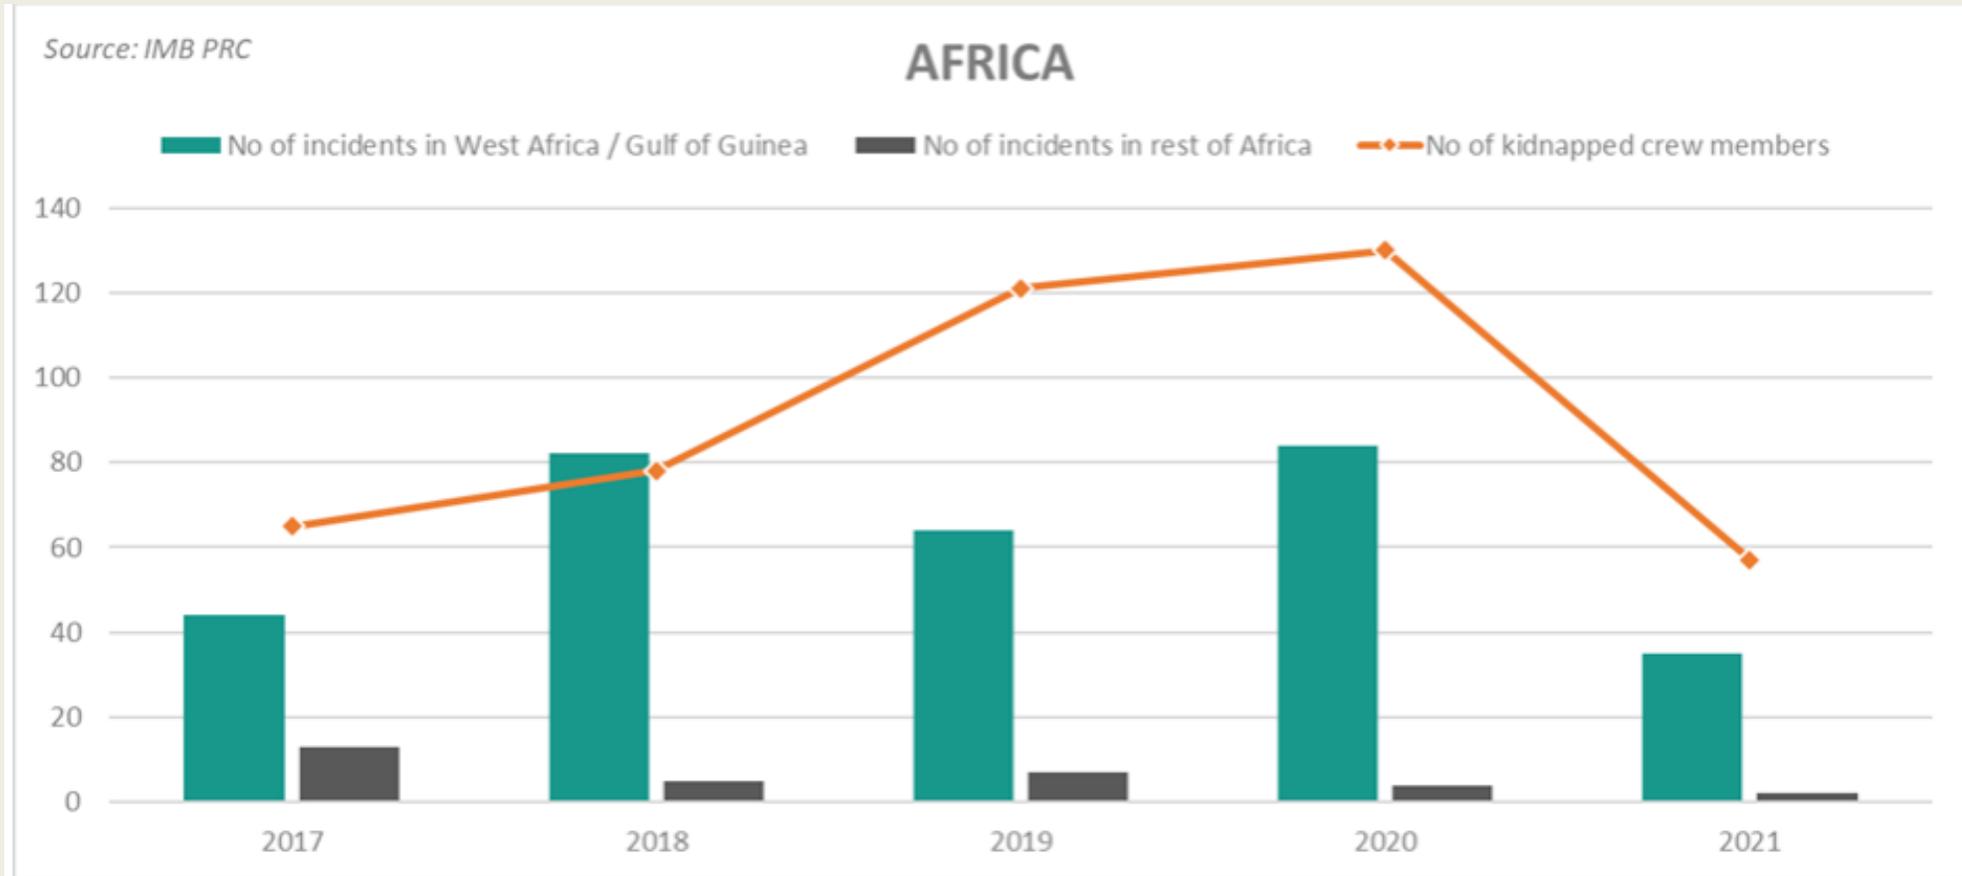

58 Petro piracy was not only linked with Niger Delta pirate groups. There have been accounts of collusion with actors in foreign countries and ports as well as support by kingpins out of the Delta and abroad, notably in relation to the final destination of the stolen 'petro'-product. This, however, is not the focus of our current report, which looks more at contemporary Niger Delta-based K&R piracy.

Comparision of Piracy in EA and WA

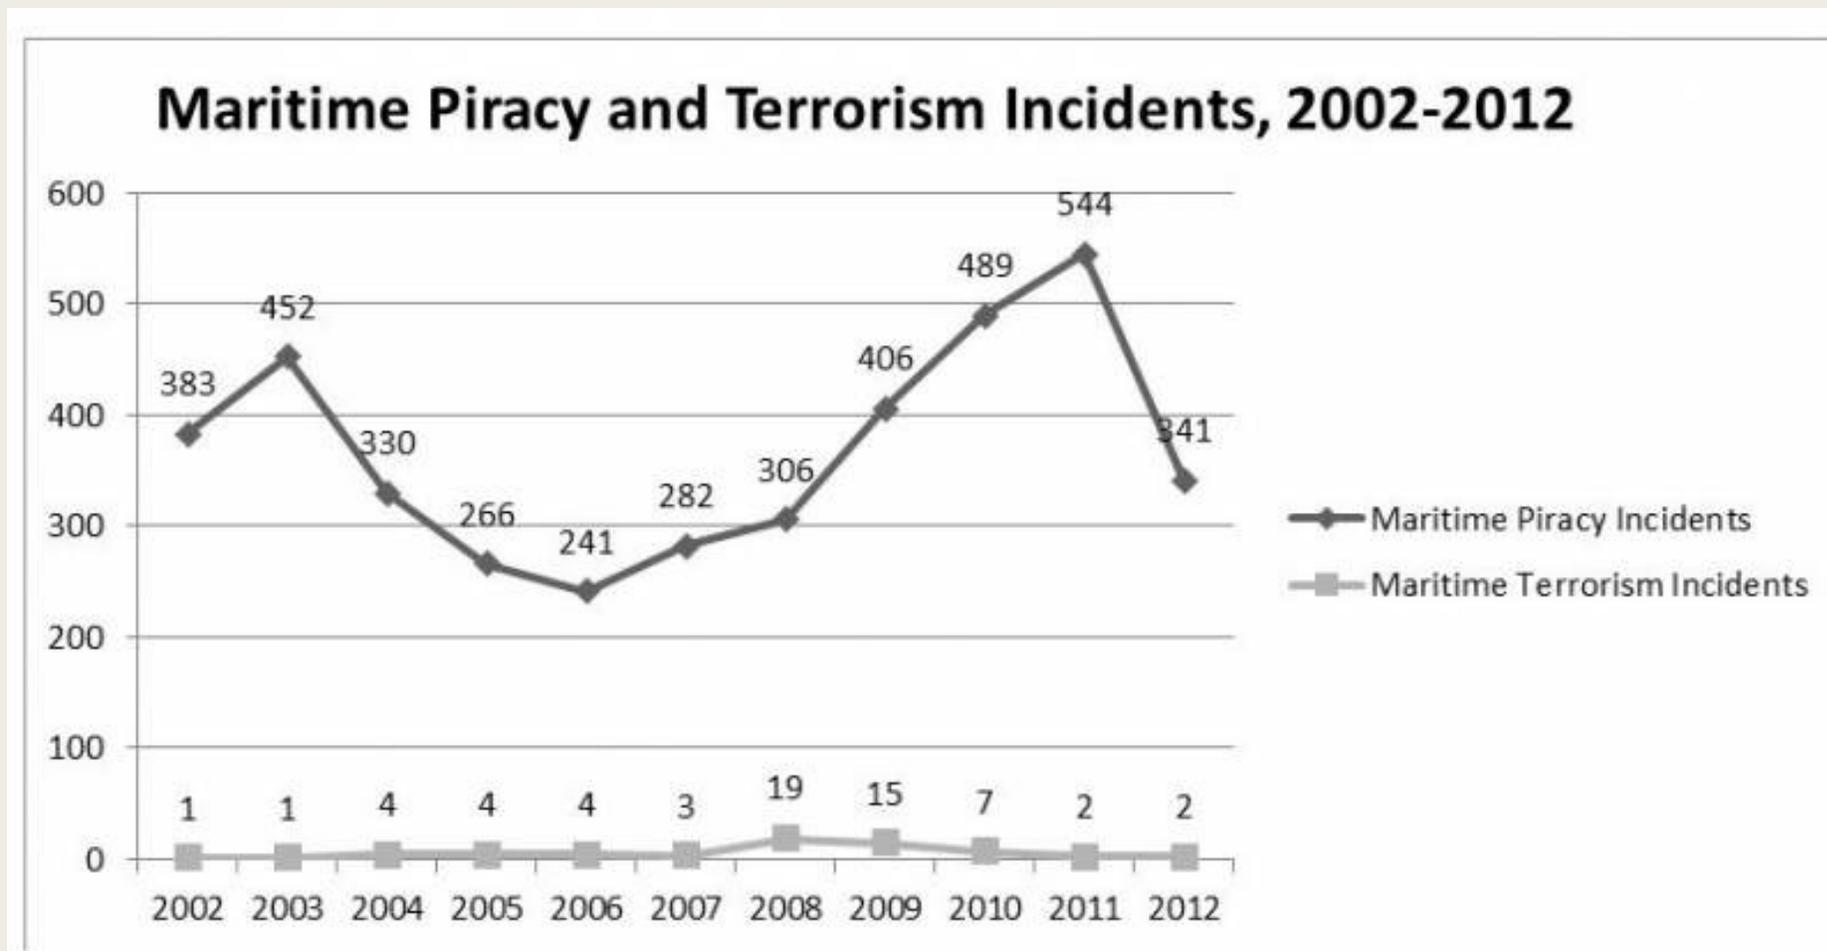

Comparision of Piracy in EA and WA

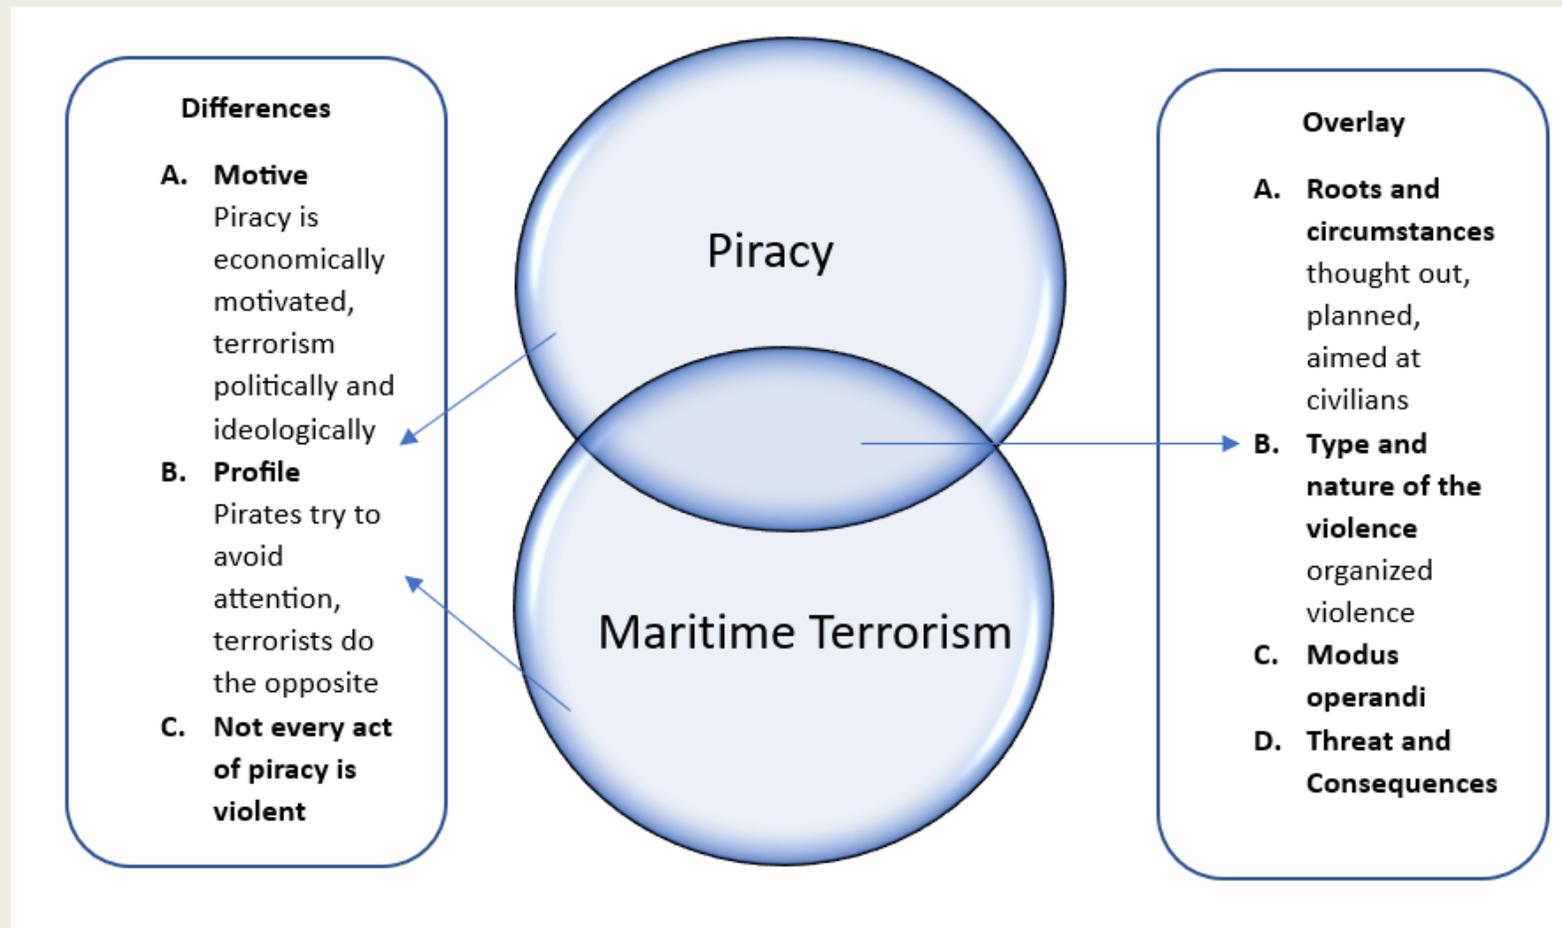

Piracy vs. Maritime Terrorism

- Achille Lauro 1985 – SUA – Convention for the Suppression of Unlawful Acts against the Safety of Maritime Navigation.
- Council for Security Cooperation in the Asia Pacific (CSCAP) defines maritime terrorism as *"the conduct of terrorist acts and activities (1) within the maritime environment, (2) by means of or against ships or fixed platforms at sea or in port or against their personnel or passengers, (3) against offshore installations or settlements, including tourist resorts, port areas and port cities."*
- Definition of piracy and maritime terrorism:
 - a) Actor motivations/OC vs. terrorism
 - b) motivation + violence/ maritime violence
 - c) violent attacks defined by law, nature of the act and method of attack/SUA (Convention for the Suppression of Unlawful Acts Against the Safety of Maritime Navigation) vs. UNCLOS (Convention on the Law of the Sea)
- *„Pirates are criminals who commit violence in pursuit of financial gain, while terrorists are persons who use violence as a means to achieve political ends. They exploit the maritime domain because it provides them with the opportunity to achieve these goals.“*
