

Visual Culture and Practices

Assignment

Write a short essay (visual analysis) based on a photograph or film scene. You may choose to write about a scene from a narrative film (motion picture), a single photograph or a small collection of photographs. For analyzing the movie scene, you can use compositional interpretation (see Rose 2023, mandatory literature class 9). If you decide to analyze a photograph, you can make use of compositional interpretation or (*only* if you know the photographer and/or one of the subjects pictured in the photograph!) conduct a visual elicitation interview (see chapter by Pauwels 2020, mandatory literature class 10). Your essay should be approximately 2000 words; it contains a minimum of 1800 and a maximum of 2200 words. More detailed instructions will be given in class.
