**READING LIST FOR THE LECTURE:
“In the Middle of Europe:
The Strategic History of Germany from 1648 to Today”**

Unfortunately there are not too many (English language) books on German history in the university library of Brno. The following books are available in Brno and could be useful to supplement my lecture (for the purpose of repetition or for additional reading concerning specific events/developments). Please note: You DON'T have to read all these books to participate in the examination, but these books might help you to prepare for the exam:

- Müller, Helmut: Dějiny Německa (Praha 1999)
- Mann, Golo: Dějiny Německa, 1919-1945 (Praha 1993)
- Burleigh, Michael: The Third Reich (London 2001)
- Weber, Hermann: Dějiny NDR (Praha 2003)
- Kostlán, Antonín et al.: Encyklopedie dějin Německa (Praha 2001)
- Kissinger, Henry Alfred: Umění diplomacie (Praha 1999)

Additional reading in German and Czech:

- Heinz Hürten (Ed.): Deutsche Geschichte in Quellen und Darstellung. Bd. 9, Weimarer Republik und Drittes Reich, 1918-1945 (Stuttgart 1995)
- Kleßmann, Christoph: Die doppelte Staatsgründung : deutsche Geschichte 1945-1955 (Bonn 1982)
- Görtemaker, Manfred: Geschichte der Bundesrepublik Deutschland (Frankfurt 2004)
- Dieter Grosser et al. (Eds.): Deutsche Geschichte in Quellen und Darstellung. Bd. 11, Bundesrepublik und DDR, 1969-1990 (Stuttgart 1996)

- Liddell Hart, B. H.: Dějiny druhé světové války (Brno 2000)

To intensify the output of the lecture it would be a good idea to consult regularly historical maps for the relevant period. Good collections of maps:
