GILLETTE PLANS MAJOR CHARM OFFENSIVE FOR NOVEMBER

Urgent bulletin just in: For reals stop gentlemanly invasion imminent stop

That's right people. Dust off your towels, knock your tribbles back into shape and let the hair on your upper lip bloom - it's Mr. Gillette's month of November when - like Excalibur pulled from the stone - we wield our Gillette ProGlide Stylers and shave, cut it and edge our way from men to gentlemen.
