

Anatomy of Violence
11 Nov. 2020
Breakout Discussion Questions

Breakout 1 Justification for Violence

- Is violence ever justified? Explain.
- Do you think humans are less or more violent than we used to be?
- Why does violence sell? (media, video games, films)
- What interventions for violence are in your community?
 - *Are any of these preventive? Explain.*
 - *What kind of violence is addressed?*

Breakout 2 Social Learning Theory

Think about someone who was a role model to you as a child. Not just someone whom you looked up to, but someone whose behavior you tried to copy.

- What was the person's relation to you?
- What was the behavior? (can be positive or negative)
- What made you want to replicate that behavior?

Was it:

- Direct (happened to you or in your home)
- Vicarious (happened elsewhere, you were not connected to what you observed)?
