

### **Assignment 3**

Download data\_experiment.xlsx from study materials

Make one pie chart with proper variable of your choice.

Make one bar chart with proper variable of your choice.

Make one histogram with proper variable of your choice. Pay attention to setting of bins.

Copy all plots into word document and add caption (title) and interpretation for each plot (one paragraph about what the plot is telling us about given variable – so three paragraphs in total).

Deadline: 5<sup>th</sup> November 24:00
