

Příloha P.

## Porovnání váhy metrické a Videnské.

| Váha metrická |       | Váha Videnská |                 | Váha metrická |       | Váha Videnská |      |
|---------------|-------|---------------|-----------------|---------------|-------|---------------|------|
| Kilogramů     | Gramů | Liber         | Lotů            | Kilogramů     | Gramů | Liber         | Lotů |
|               | 5     | .             | $\frac{1}{4}$   | 14            | .     | 24            | 30   |
|               | 10    | .             | $\frac{1}{2}$   | 15            | .     | 26            | 23   |
|               | 15    | .             | $\frac{3}{4}$   | 16            | .     | 28            | 16   |
|               | 20    | .             | $1\frac{1}{4}$  | 17            | .     | 30            | 9    |
|               | 25    | .             | $1\frac{1}{2}$  | 18            | .     | 32            | 2    |
|               | 30    | .             | $1\frac{3}{4}$  | 19            | .     | 33            | 27   |
|               | 35    | .             | 2               | 20            | .     | 35            | 20   |
|               | 40    | .             | $2\frac{1}{4}$  | 21            | .     | 37            | 13   |
|               | 45    | .             | $2\frac{1}{2}$  | 22            | .     | 39            | 6    |
|               | 50    | .             | $2\frac{3}{4}$  | 23            | .     | 40            | 31   |
|               | 55    | .             | $3\frac{1}{4}$  | 24            | .     | 42            | 24   |
|               | 60    | .             | $3\frac{1}{2}$  | 25            | .     | 44            | 17   |
|               | 65    | .             | $3\frac{3}{4}$  | 26            | .     | 46            | 10   |
|               | 70    | .             | 4               | 27            | .     | 48            | 3    |
|               | 75    | .             | $4\frac{1}{4}$  | 28            | .     | 49            | 28   |
|               | 80    | .             | $4\frac{1}{2}$  | 29            | .     | 51            | 21   |
|               | 85    | .             | $4\frac{3}{4}$  | 30            | .     | 53            | 14   |
|               | 90    | .             | $5\frac{1}{4}$  | 31            | .     | 55            | 7    |
|               | 95    | .             | $5\frac{1}{2}$  | 32            | .     | 57            | .    |
|               | 100   | .             | $5\frac{3}{4}$  | 33            | .     | 58            | 25   |
|               | 200   | .             | $11\frac{1}{2}$ | 34            | .     | 60            | 18   |
|               | 300   | .             | 17              | 35            | .     | 62            | 11   |
