

Veins
V. cava superior
Vv. brachiocephalicae
Vv. thyroideae inf. (plexus thyreoideus impar)
Vv. laryngeae inf.
Vv. tracheales
V. thyroidea ima
Vv. thymicae
Vv. bronchiales
Vv. mediastinales
Vv. pericardiacae
V. vertebralis
V. thoracica interna
V. epigastrica sup.
V. musculophrenica
V. intercostalis suprema
V. jugularis interna
Bulbus superior et inferior
Sinus durae matris
Vv. cerebri
Vv. meningeae
Vv. emissariae
Vv. ophthalmicae
Vv. pharyngeae
V. facialis
V. angularis
V. lingualis
V. thyroidea superior et media
V. retromandibularis
V. temporalis superficialis
V. maxillaris
Plexus pterygoideus
V. transversa faciei
V. jugularis externa et anterior
V. auricularis posterior
V. occipitalis
Arcus venosus juguli
V. subclavia
V. transversa colli
V. suprascapularis
V. axillaris
Vv. thoracoepigastricae
V. thoracica lateralis
Veins of the upper limb

Deep veins
Superficial veins
Rete venosus dorsale et palmare manus
V. basilica
V. cephalica
V. mediana cubiti et antebrachii
V. azygos
V. hemiazygos
V. hemiazygos accessoria
Vv. oesophageae
Vv. bronchiales
Vv. mediastinales
Vv. phrenicae sup.
Vv. pericardiacae
V. cava inferior
Vv. iliacae communes
V. iliaca interna
Vv. gluteae sup. et inf.
Vv. obturatoriae
Vv. sacrales laterales
Vv. iliolumbales
Vv. pudendae internae
Plexus venosus vesicalis
Plexus venosus rectalis
Plexus venosus prostaticus/vaginalis
Plexus venosus uterinus
V. iliaca externa
V. epigastrica inf.
V. circumflexa ilium profunda
Veins of the lower limb
Deep veins
Perforating veins
Superficial veins
Rete venosum dorsale pedis et plantare pedis
V. saphena magna, parva et accessoria
V. femoropoplitea
V. epigastrica superficialis
V. circumflexa ilium superficialis
Vv. pudendae externae
Vv. lumbales
Vv. renales
Vv. testiculares/vv. ovaricae
V. suprarenalis dextra
Vv. hepaticae
Plexus venosi vertebrales interni et externi

V. portae
Vv. cysticae
V. gastrica sinistra et dextra
Vv. oesophageae
V. lienalis
Vv. gastricae breves
V. mesenterica superior et inferior
V. gastromentalis dextra et sinistra
Vv. pancreaticae
V. rectalis superior
Vv. sigmoideae
Vv. pancreaticoduodenales
Vv. jejunales et ileales
V. ileocolica
V. appendicularis
V. colica dextra, sinistra et media
Vv. paraumbilicales
Portocaval anastomoses
Connections between vv. gastricae a vv. oesophageae
Connections around umbiliculus (caput medusae)
Vv. paraumbilicales connecting plexus venosus vesicalis (Burow's veins)
Connections around rectum
Cavocaval anastomoses
X-ray examination (fleboigraphy)
Fetal blood circulation
