

# **COMPARISON OF ADJECTIVES**

---

## **COMPARATIVES**

**A) CHOOSE THE CORRECT FORM OF THE COMPARATIVE:**

**B) USE WORDS IN THE OVAL TO FORM COMPLETE ANATOMICAL TERMS:**

**C) GIVE OPPOSITES:**

Ala + major/majus

Foramen + major/majus

Canalis + major/majus

Cornu + major/majus

ischadicum

ossis hyoidei

palatinus

ossis sphenoidalis

---

Caput + superior/superius

Arcus + superior/superius

Vena + superior/superius

Labium + superior/superius

oris

musculi pterygoidei lateralis

cava

dentalis

---

Facies + anterior/anterius

Foramen + anterior/anterius

Regio + anterior/anterius

Ligamentum + anterior/anterius

cruciatum

ethmoidale

palpebrae

antebrachii

**A) FILL IN MISSING ADJECTIVES :**

**B) CONNECT THE TERMS WITH *DISTENSIO*:**

Musculus pectoralis \_\_\_\_\_, minor

Musculi intercostales externi, interni, \_\_\_\_\_

Musculus scalenus \_\_\_\_\_, medius, posterior

Musculus serratus anterior, \_\_\_\_\_ inferior et

\_\_\_\_\_

# FILL IN COMPARATIVES IN THE CORRECT FORM:

## Major, majus

Nervus petrosus \_\_\_\_\_

Hiatus canalis nervi petrosi \_\_\_\_\_

Sub (position) nervo petroso \_\_\_\_\_

In (direction) nervum petrosum \_\_\_\_\_

## Minor, minus

Abruptio cornus \_\_\_\_\_ ossis hyoidei

Prope cornu \_\_\_\_\_ ossis hyoidei

Cornua \_\_\_\_\_ ossis hyoidei

Abruptio cornuum \_\_\_\_\_ ossis hyoidei

---

## Superior, superius

Ligamentum transversum scapulae \_\_\_\_\_

Ligamenta transversa scapularum \_\_\_\_\_

Ruptura ligamenti transversi scapulae \_\_\_\_\_

Ruptura ligamentorum transversorum scapularum \_\_\_\_\_

## Anterior, anterius

Musculus rectus capitis \_\_\_\_\_

Sub (position) musculo recto capitis \_\_\_\_\_

Laesio muscoli recti capitis \_\_\_\_\_

Ad musculus rectum capitis \_\_\_\_\_

inferior, ius  
 minor, minus  
 anterior, ius  
 latissimus, a, um  
 major, majus  
 externus, a, um  
 superior, ius  
 maximus, a, um
