

# **COMPARISON OF ADJECTIVES**

---

## **COMPARATIVES**

**A) CHOOSE THE CORRECT FORM OF THE COMPARATIVE:**

**B) USE WORDS IN THE OVAL TO FORM COMPLETE ANATOMICAL TERMS:**

**C) GIVE OPPOSITES:**

Ala + major/majus

Foramen + major/majus

Canalis + major/majus

Cornu + major/majus

Caput + superior/superius

Arcus + superior/superius

Vena + superior/superius

Labium + superior/superius

---

Facies + anterior/anterius

Foramen + anterior/anterius

Regio + anterior/anterius

Ligamentum + anterior/anterius

**A) FILL IN MISSING ADJECTIVES :**

**B) CONNECT THE TERMS WITH *DISTENSIO*:**

Musculus pectoralis \_\_\_\_\_, minor

Musculi intercostales externi, interni, \_\_\_\_\_

Musculus scalenus \_\_\_\_\_, medius, posterior

Musculus serratus anterior, \_\_\_\_\_ inferior et  
\_\_\_\_\_

# FILL IN COMPARATIVES IN THE CORRECT FORM:

## **Major, majus**

Nervus petrosus \_\_\_\_\_

Hiatus canalis nervi petrosi \_\_\_\_\_

Sub (position) nervo petroso \_\_\_\_\_

In (direction) nervum petrosum \_\_\_\_\_

## **Minor, minus**

Abruptio cornus \_\_\_\_\_ ossis hyoidei

Prope cornu \_\_\_\_\_ ossis hyoidei

Cornua \_\_\_\_\_ ossis hyoidei

Abruptio cornuum \_\_\_\_\_ ossis hyoidei

## Superior, superius

Ligamentum transversum scapulae \_\_\_\_\_

Ligamenta transversa scapularum \_\_\_\_\_

Ruptura ligamenti transversi scapulae \_\_\_\_\_

Ruptura ligamentorum transversorum scapularum \_\_\_\_\_

## Anterior, anterius

Musculus rectus capitis \_\_\_\_\_

Sub (position) musculo recto capitis \_\_\_\_\_

Laesio musculi recti capitis \_\_\_\_\_

Ad musculum rectum capitis \_\_\_\_\_

inferior, ius  
minor, minus  
anterior, ius  
latissimus, a, um  
major, majus  
externus, a, um  
superior, ius  
maximus, a, um
