

# Basic medical terminology 6

III<sup>RD</sup> DECLENSION

# Write down the stem and guess the paradigm word

• os, ossis, n.	oss-	~ corpus
• cutis, is, f.	cut-	~ pelvis
• mors, tis, f.	mort-	~ pelvis
• pulmo, onis, f.	pulmon-	~ dolor
• trauma, atis, n.	traumat-	~ corpus
• dens, dentis, m.	dent-	~ pelvis
• animal, alis, n.	animal-	~ rete
• latus, eris, n.	later-	~ corpus
• cochlear, aris, n.	cochlear-	~ rete
• pubes, is, f.	pub-	~ pelvis

# Change into nominative plural:

- Femur
  - Mater
  - Flos
  - Foramen
  - Oedema
  - Apex
  - Caput
  - Melanoma
  - Cartilago
  - Injectio
- 
- **Femora**
  - **Matres**
  - **Flores**
  - **Foramina**
  - **Oedemata**
  - **Apices**
  - **Capita**
  - **Melanomata**
  - **Cartilagines**
  - **Injectiones**

# Form phrases

- *Cortex* + ren, lien, cerebellum, ovarium
- *Carcinoma* + ureter, uterus, urethra, tuba uterina, vesica urinaria
- *Fractura* + occiput, femur dextrum, caput femoris, thorax, costae verae
- *Apex* + cor, pulmo, prostata, vesica urinaria, lingua
- *Basis* + cor, pulmo dexter, cranium, phalanges digitorum
- *Caput* + femur sinistrum, costa spuria, humerus, pancreas, fibula dextra, os metacarpi

1. Find correct form of adjective,
2. Change phrases into gen. sg.

- **margo** (*dexter, a, um*)
  - **pars** (*uterinus, a, um*)
  - **femur** (*sinister, a, um*)
  - **regio** (*thoracicus, a, um*)
  - **os** (*longus, a, um*)
  - **cirrhosis** (*chronicus, a, um*)
  - **pelvis** (*masculinus, a, um*)
  - **canalis** (*nutricius, a, um*)
  - **rete** (*venosus, a, um*)
- **marginis dextri**
  - **partis uterinae**
  - **femoris sinistri**
  - **regionis thoracicae**
  - **ossis longi**
  - **cirrhosis chronicae**
  - **pelvis masculinae**
  - **canalis nutricii**
  - **retis venosi**

# Match and form phrases

fractura	mucosus, a, um
foramen	humanus, a, um
intestinum	incisivus, a, um
caput	rectus, a, um
tunica	longus, a, um
dens	complicatus, a, um
nervus	magnus, a, um
corpus	venosus, a, um
musculus	crassus, a, um
rete	opticus, a, um

# Add loose attributes, TASK 5

- Cavitas + septum nasi
  - Operatio + cervix uteri
  - Corpus + vertebra thoracica
  - Fractura + os sacrum
  - Luxatio + crus
  - Morbus infectiosus + abdomen
  - Dolor acutus + caput
- 
- Cavitas **septi** nasi
  - Operatio **cervicis** uteri
  - Corpus **vertebrae** thoracic**ae**
  - Fractura **ossis** sacri
  - Luxatio **cruris**
  - Morbus infectiosus **abdominis**
  - Dolor acutus **capitis**

# Change for nominative plural, TASK 7

- sphincter
- foramen nutricium
- dolor chronicus
- vas longum
- musculus adductor
- femur fractum
- cartilago thyreoidea
- vulnus punctum

**sphincteres**

**foramina nutricia**

**dolores chronicí**

**vasa longa**

**musculi adductores**

**femora fracta**

**cartilagines thyreoideae**

**vulnera puncta**

Connect with the preposition to form the phrase,

## TASK 6

- inter phalanges digitorum
- post operationem carcinomatis
- sub (position) lobo dextro pulmonis
- propter dolorem acutum cordis
- ad cavitatem nasi
- pro injectione subcutanea
- per os
- cum vulnere secto
- cum contra ulcerus ventriculi

# Fill in the missing ending, TASK 9

- Vitium acquisit um ren is
- Operatio tumor is benign i in cavitat e or is
- Fractura complicat a femor is sinistr i
- Luxatio articulation is
- Injectio contra dolor em acut um
- Periculum carcinomat is cervic is uter i
- Oculus post operation em irid is
- Medicamentum bon um contra encephalitid em adult orum
- Excisio tumor is benign i
- Medicamentum bon um contra colitid em acut am

# Form phrases with different types of injuries

1. Vulnus + sclopetarius, a, um + dorsum

***Vulnus sclopetarium dorsi***

2. Sutura + vulnus + lacer, a, um + caput

***Sutura vulneris laceri capitis***

3. Oedema + propter + vulnus + contusus, a, um + femur

***Oedema propter vulnus contusum femoris***

4. Infectio + in + vulnus + scissus, a, um + digitus + II

***Infectio in vulnere scisso digiti secundi***

5. Vulnus (pl.) + sectus, a, um + antebrachium

***Vulnera secta antebrachii***

6. Sepsis + post + vulnus (pl.) + morsus, a, um + caput

***Sepsis post vulnera morsa capitis***

7. Corpus (pl.) + alienus, a, um + in + vulnus (pl.) + punctus, a, um + abdomen

***Corpora aliena in vulneribus punctis abdominis***

# **Reading authentic records 2**

**- read and translate the diagnosis, re-write it without abbreviations**

Oznámení ústavu, oddn. pracoviště

*30 VIII 1990 bei einer Bank, 14 Tage*

# The muscle(s) that...

*...moves* the little finger away from other fingers **is...**

*...helps* the face to form a smile because it elevates the angles of the mouth at each corner **is...**

*...stretches* the wide band that encloses the thigh muscles **is...**

# Name the action performed by the given muscle

Musculus **abductor** pollicis longus >> **abductio, onis, f.**

Musculus **adductor** hallucis longus

Adductio, onis, f.

Musculus **compressor** urethrae

Compressio, onis, f.

Musculus **constrictor** pharyngis medius

Constrictio, onis, f.

Musculus **depressor** anguli oris

Depressio, onis, f.

Musculus **dilatator** pupillae

Dilatatio, onis, f.

Musculus **extensor** carpi

Extensio, onis, f.

Musculus **flexor** digitorum profundus

Flexio, onis, f.

Musculus **levator** glandulae thyr(e)oideae

Levatio, onis, f.

Musculi **rotatores** thoracis

Rotatio, onis, f.

Musculus **tensor** fasciae latae

Tensio, onis, f.

# Translate

- Death on the operating table
  - **Mors in tabula**
- Deep part of the parotid gland
  - **Pars profunda (glandulae) parotidis**
- Internal ear
  - **Auris interna**
- Network of carpus
  - **Rete carpi**
- Canine teeth
  - **Dentes canini**
- Venous network of the eyeball
  - **Rete venosum bulbi oculi**
- Symptoms of inflammation of liver
  - **Symptomata hepatitidis**

# Give the full form of abbreviated words

- Vulnus reg. coxae l. sin.
- Varices extremitatum l. utr.
- Ulcus chron. cruris l. dx. Posttraumaticum
- Vv. lacera reg. pedis
- V. contusum regionis femoris l. dx.
- Oedema pedis et cruris l. utr. post vulnus morsum
- Amputatio phalangis digitii III. et IV. pedis l. sin.
- Status post luxationem colli femoris l. dx.
- Fractura baseos phalangis digitii V.

# Find Greek and Latin synonyms

trauma

# DOSIS

- Only feminine nouns decline according to paradigm *dosis*
- These words are mostly of Greek origin
  - in nominative singular they end in -sis, -xis, -osis
  - and the genitive singular is the same

	Sg.	Pl.
nom.	<b>dosis</b>	<b>dos-es</b>
gen.	<b>dos-is / -eos</b>	<b>dos-ium</b>
ak.	<b>dos-im / -in</b>	<b>dos-es</b>
abl.	<b>dos-i</b>	<b>dos-ibus</b>

Some Latin words are declined according to *dosis*, but they do not have **Greek endings**: febris, is, f., tussis, is, f., pertussis, is, f., sitis, is, f., tuberculosis, is, f.
