

Czech for Foreigners II – Final Exam (Oral Part)

Pass Mark: 70%

- the oral part will be taken through **MS Teams application**
- camera, microphone and solid internet connection are necessary
 - *if you don't have it, you can sit the exam at the faculty where necessary equipment will be provided*
- informational tutorial will take place before the exam (date will be released soon): it is fully recommended to try it – to see whether everything works fine on your device/computer (seeing pictures in good resolution)

Part 1: Human Body

Your task will be to translate **10 expression into Czech** (TM 1). You need to translate the whole expression, e.g. *adenoid=nosní mandle, large intestine=tlusté střevo* (only *střevo* is not a sufficient answer and will not be recognized).

Part 2: Picture Description

- You will get a picture, corresponding with the topics of units 1–9 in the book. Your task will be to describe the picture in detail, using full sentences.
- The examiner will then ask you 5 follow-up questions related to the topic in the picture.
