# Passing the subject

- attend the classes (you can miss 2 of them without proper excuse)
- pass the final test: passmark 70 %
- final test passmark can be reduced by:
  - passing the progress tests
    - 1 written test (online): if passed, will reduce your final test passmark by 2 %
    - 1 oral test: if passed, it will reduce your final test passmark by 3 %
    - 1 project: if passed, it will reduce your final test passmark by 3 %
  - completing homeworks: if you complete over 90 % of the assigned homework, your final test passmark will be reduced by 2 %

# Homework

- homeworks can be in a form of
  - ROPOT: feedback given immediately by ROPOT app
  - handout: you can check your answers with the key (will be uploaded after the HW's deadline)
  - project: your teacher will give you the feedback
  - exercices from textbook: check the key
- homeworks must be submitted within 7 days after they were given (example: if the HW is given on Monday 1st, then it must be submitted by Monday 8th); HW that will be submitted later will not be accepted
- use the HW list to see whether the HW is compulsory (= it counts for final test passmark reduction), or just complementary (it doesn't count, but it is useful to do it)
