

## Oral part of Colloquium, 20 points, PM 14

### 1 Medical Czech

You get a case history (Internal medicine): **Cardiology, Respiratory tract, GIT** (also information about *Pharmacological history, Health condition, Day in the hospital will be included*). We recommend you to revise all parts of patient's history incl. injuries, diseases etc.

Task: Read a case history and ask **6 questions** about the highlighted expressions. **(6 points)**

Your examiner will ask you **2 questions** about the case history. **(2 points)**

### 2 General Czech

Talk about the assigned topic **(2 points)**:

1. **Můj třetí rok v České republice** (změny v životě, volný čas, kamarádi)
2. **Moje oblíbené město v ČR a v mé zemi** (*comparison*)
3. **Česká republika a moje země** (*comparison*)
4. **Kultura a já** (kterou oblast kultury mám rád/a-proč, oblíbený film/kniha/umělec...).
5. **Moje země** (počasí, příroda, památky, hlavní město, lidé-stereotypy)
6. **Můj volný čas** (jak trávím volný čas v Brně a jak ve své zemi + koníčky)
7. **Cestování** (proč rád/nerad cestuju, jak často a kam cestuju, plány na léto, moje nejlepší dovolená)

### Additional points

Your pronunciation, overall comprehensibility and grammar (for all your answers): scale **1 – 10 points**

1 –almost incomprehensible, English pronunciation, students answer in simple sentences (*nominative + verb + nominative*)

3 – comprehensible with occasional problems, partially czenglish pronunciation, students use verbs in second person (*pacient se jmenujete*)

5 –comprehensible without problems; partially czenglish pronunciation, students use pronouns in second person (about the patient: *zvedá se vám žaludek*)

7 – very good pronunciation and comprehensibility, students answer in structured sentences, use correct person and mostly correct cases

10 – perfect pronunciation and comprehensibility, students answer in almost perfect sentences, minor grammar mistakes possible
