**Part 1**

**Protocol\_SIMU\_Abdomen and Pelvis**

Find the following structures on the selected CT/MRI images and mark them:

<b>1. CTAG (T11 abdomen)</b>	Left colic flexure ( <i>Flexura coli dx.</i> )		<b>4. CTAG (♀ pelvis)</b>	Urinary bladder ( <i>Vesica urinaria</i> )	
	right crus of the diaphragm ( <i>Crus dextrum partis lumbalis diaphragmatis</i> )			Right femoral vein ( <i>V. femoralis dx.</i> )	
	Gallblader ( <i>Vesica biliaris</i> )			Right uterine artery ( <i>A. uterina dx.</i> )	
	Superior part of duodenum ( <i>Pars superior duodeni</i> )			Uterus	
	Splenic artery ( <i>A. lienalis</i> )			Right ischiorectal fossa ( <i>Fossa ischiorectalis dx.</i> )	
	Right suprarenal gland ( <i>Glandula suprarenalis dx.</i> )			Left rectus femoris ( <i>M. rectus femoris sin.</i> )	
<b>2. CTAG (T12/L1 abdomen)</b>	Azygos vein ( <i>V. azygos</i> )		<b>5. MRI (abdomen)</b>	Right transversus abdominis ( <i>M. transversus abd. dx.</i> )	
	Coeliac trunk ( <i>Truncus coeliacus</i> )			Abdominal aorta ( <i>Aorta abdominalis</i> )	
	Pancreas			Left quadratus abdominis ( <i>M. quadratus abd.sin.</i> )	
	Portal vein ( <i>V. portae</i> )			Ileum	
	Inferior vena cava ( <i>V. cava inferior</i> )			Ascending colon ( <i>Colon ascendens</i> )	
	Common hepatic artery ( <i>A. hepatica communis</i> )			Inferior vena cava ( <i>V. cava inferior</i> )	
<b>3. CTAG (♂ pelvis)</b>	Bulb of penis ( <i>Bulbus penis</i> )		<b>6. MRI (♂ pelvis)</b>	Right levator ani ( <i>M. levator ani dx.</i> )	
	Right spermatic cord ( <i>Funiculus spermaticus dx.</i> )			Right great saphenous vein ( <i>V. saphena magna dx.</i> )	
	Left levator ani ( <i>M. levator ani sin.</i> )			Left greater trochanter of femur ( <i>Trochanter major femoris sin.</i> )	
	Right iliopsoas ( <i>M. iliopsoas dx.</i> )			Left internal obturator ( <i>M. obturatorius int.sin.</i> )	
	Left deep femoral artery ( <i>A. profunda femoris sin.</i> )			Left seminal vesicle ( <i>Vesicula seminalis sin.</i> )	
	Left ischiocavernosus ( <i>M. ischiocavernosus sin.</i> )			Right ureter ( <i>Urether dx.</i> )	

**Part 2**

**Protocol\_Plastinates\_Abdomen and Pelvis**

Fill the appropriate terms into the table according to the numbers labelled on the plastinates:

1.		19.	
2.		20.	
3.		21.	
4.		22.	
5.		23.	
6.		24.	
7.		25.	
8.		26.	
9.		27.	
10.		28.	
11.		29.	
12.		30.	
13.		31.	
14.		32.	
15.		33.	
16.		34.	
17.		35.
