

Test 2 – listening

Listening topics: **Oftalmologie, ORL, Hematologie, Revmatologie, Endokrinologie, Gynecologie**

Where to find listening: TM text book + Interactive Syllabi

How the test will look like

- you will listen to a random listening (once)
- you can make notes and prepare yourself (2 minutes)
- you report about the patient's case (10 information)
- in case you report about 10 of them, the test is complete
- in case you miss any of that 10 information, I will ask you questions about the missing ones and I will play the listening again
- you answer my questions

Evaluation

- a) information part
 - you may mention up to 10 information
 - one information = 3 points
 - information part: **10 × 3 points = 30 points**
- b) your pronunciation and overall (for all your answers) comprehensibility: scale **1–10 points**
 - 1 – almost incomprehensible, English pronunciation;
 - 5 – comprehensible without problems; partially czech pronunciation
 - 10 – perfect pronunciation and comprehensibility
- c) grammar and communication (for all your answers): scale **1–10 points**
