

CALVARIA

**Regio frontalis, parietalis,
occipitalis, temporalis**

GALEA APONEUROTICA
M. OCCIPITOFRONTALIS
M. AURICULARIS ANT.
M. TEMPOROPARIETALIS
M. AURICULARIS SUP.
M. AURICULARIS POST

N. et vasa supraorbitalia

N. et vasa supratrochlearia

N. zygomaticotemporalis

Vasa temporalia spf.

N. auriculotemporalis

Vasa auricularia post.

Vasa occipitalia

N. occipitalis major

N. occipitalis minor

N. occipitalis tertius

N. auricularis magnus

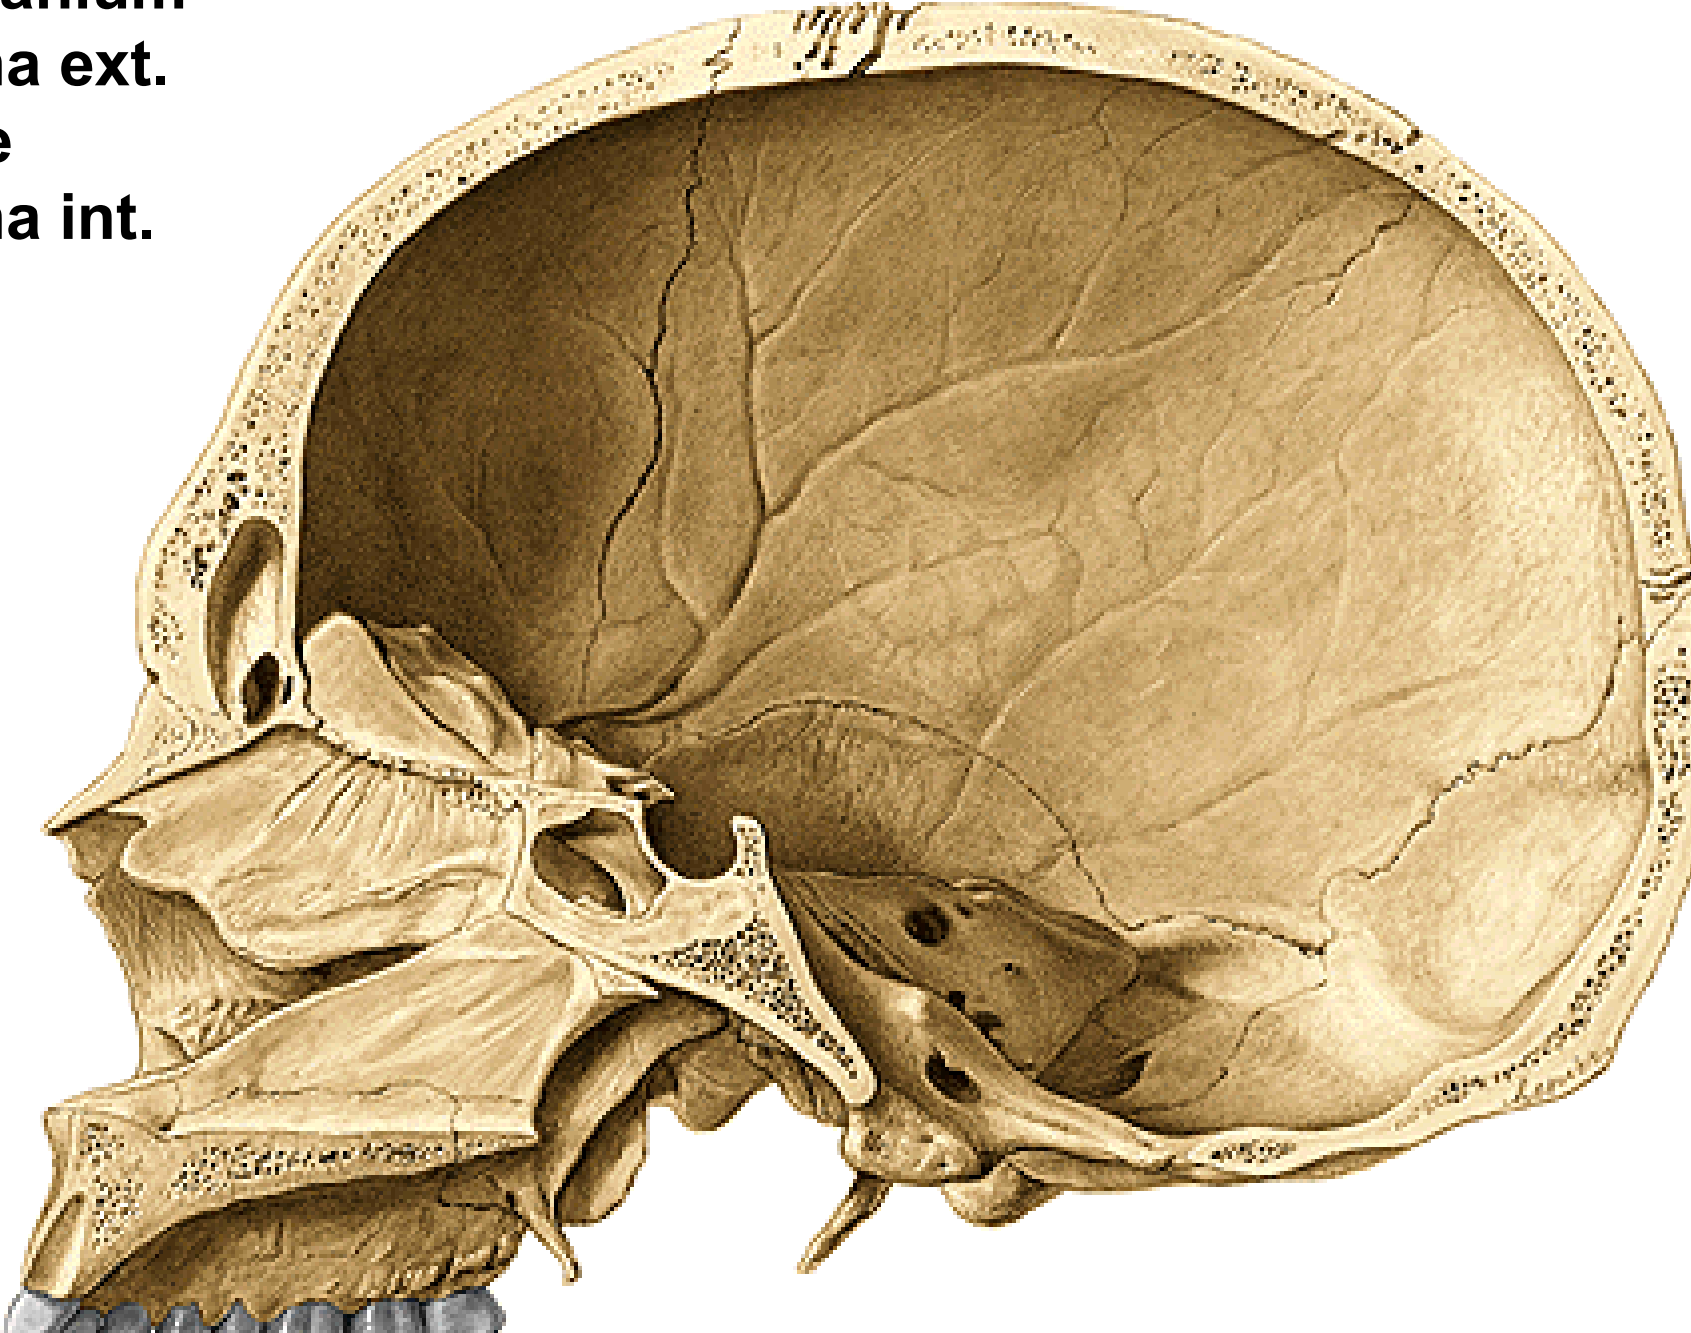

CN VII

Nll. parotidei

Nll. retroauriculares

Nll. occipitales

Pericranium
Lamina ext.
Diploe
Lamina int.

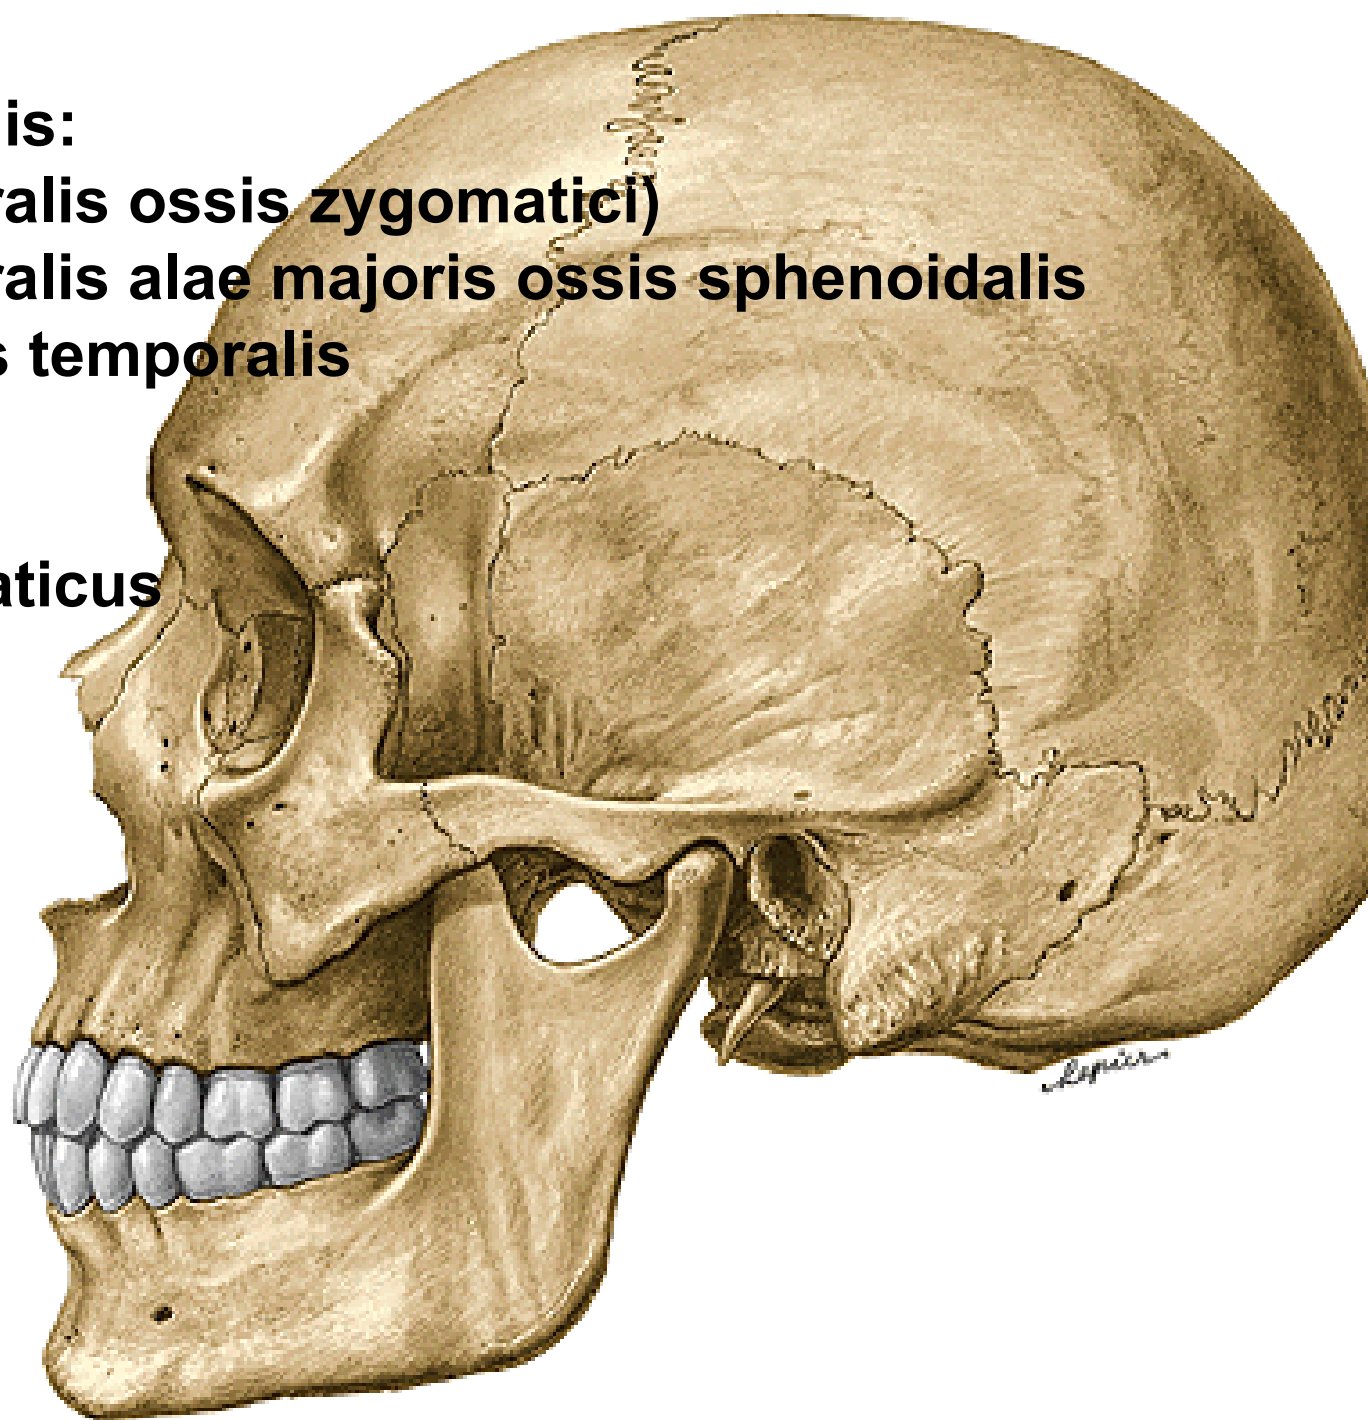

Impressiones gyrorum
Sulci arteriosi
Foveolae granulares

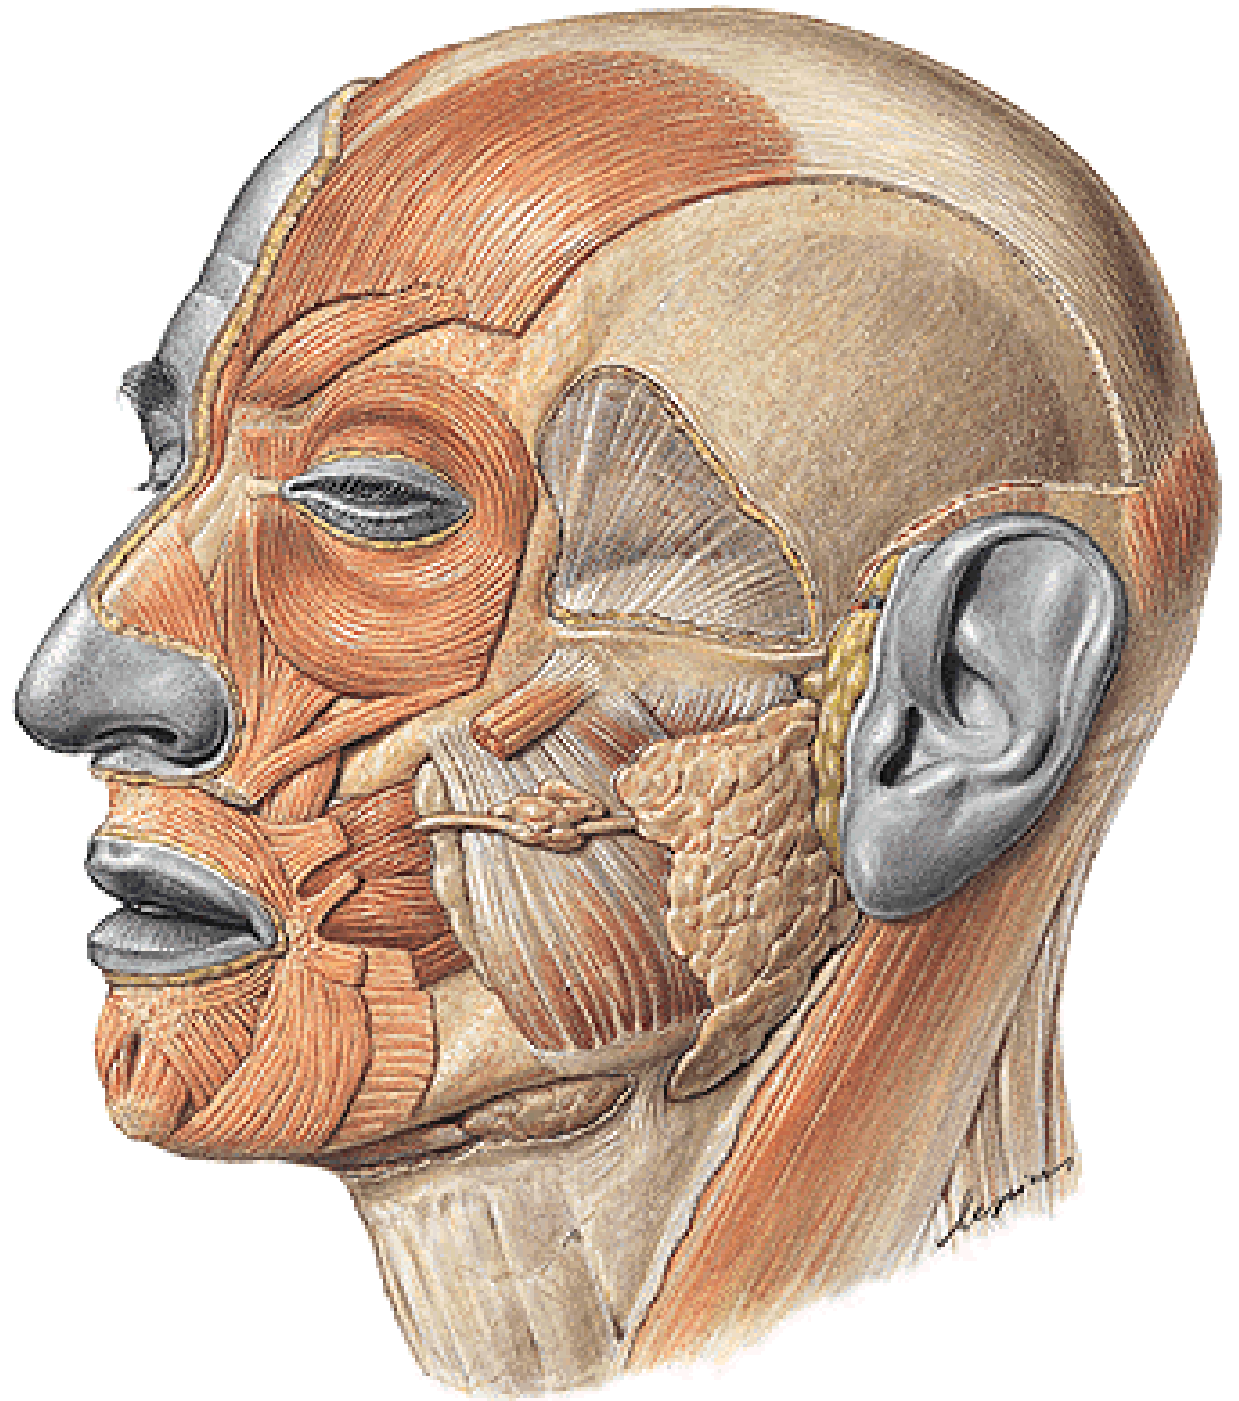

Fossa temporalis:

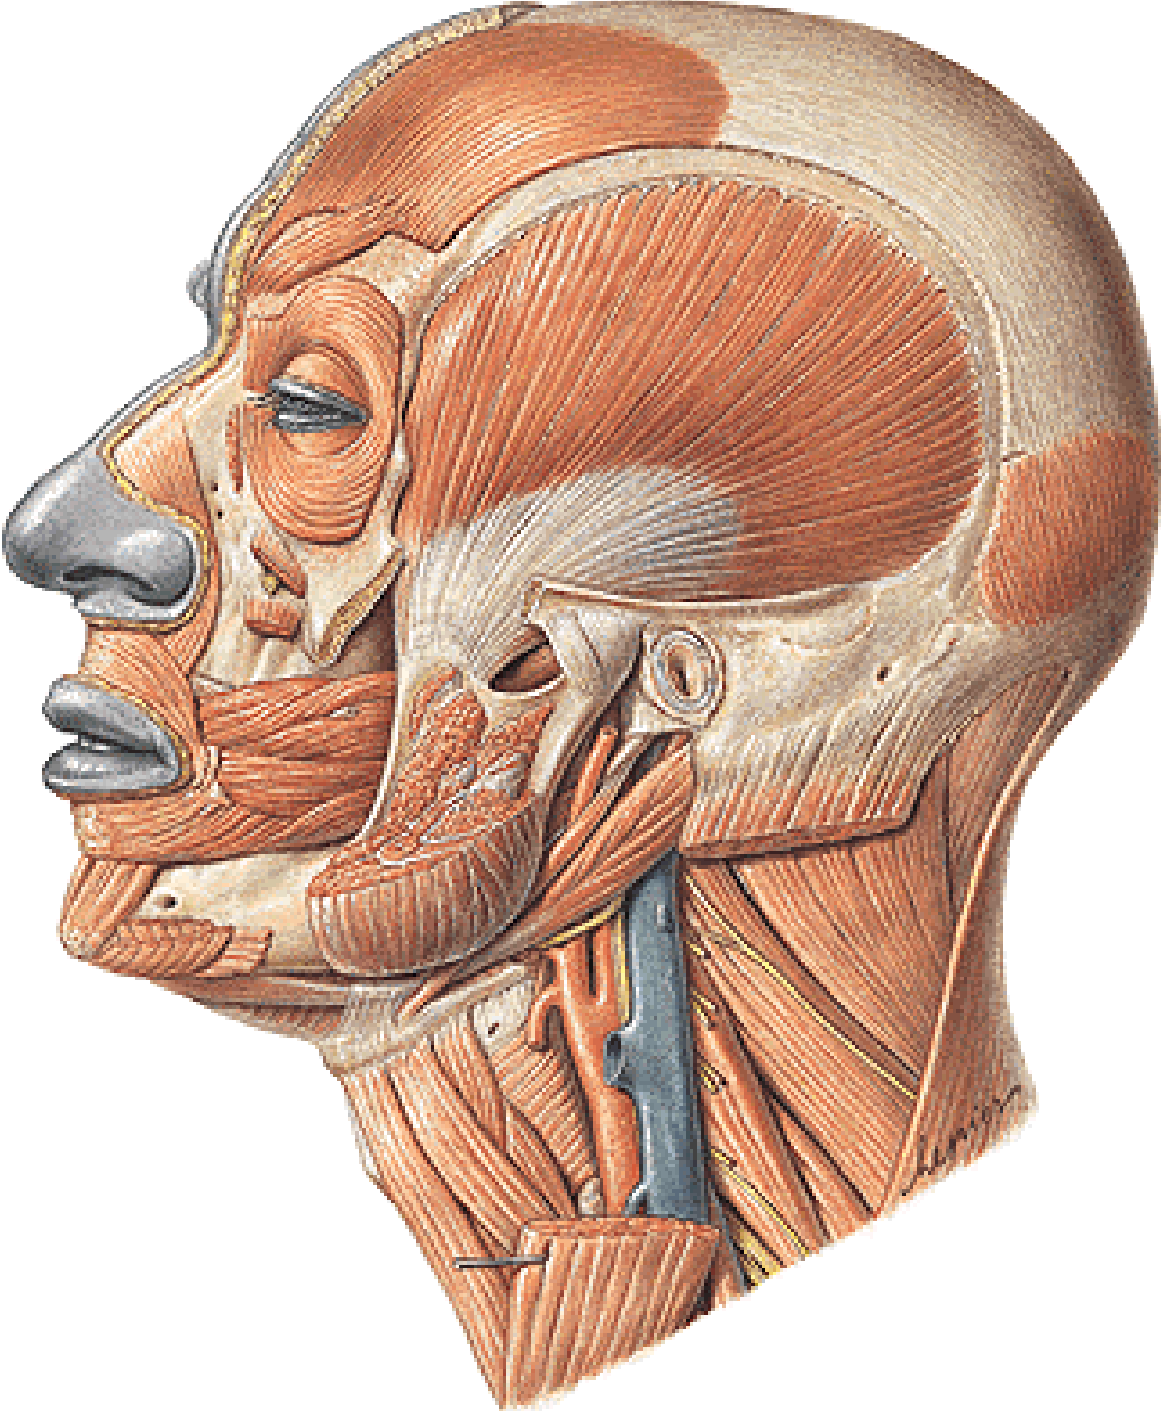

- **facies temporalis ossis zygomatici)**
- **facies temporalis alae majoris ossis sphenoidalis**
- **squama ossis temporalis**
- **os frontale**
- **os parietale**
- **arcus zygomaticus**

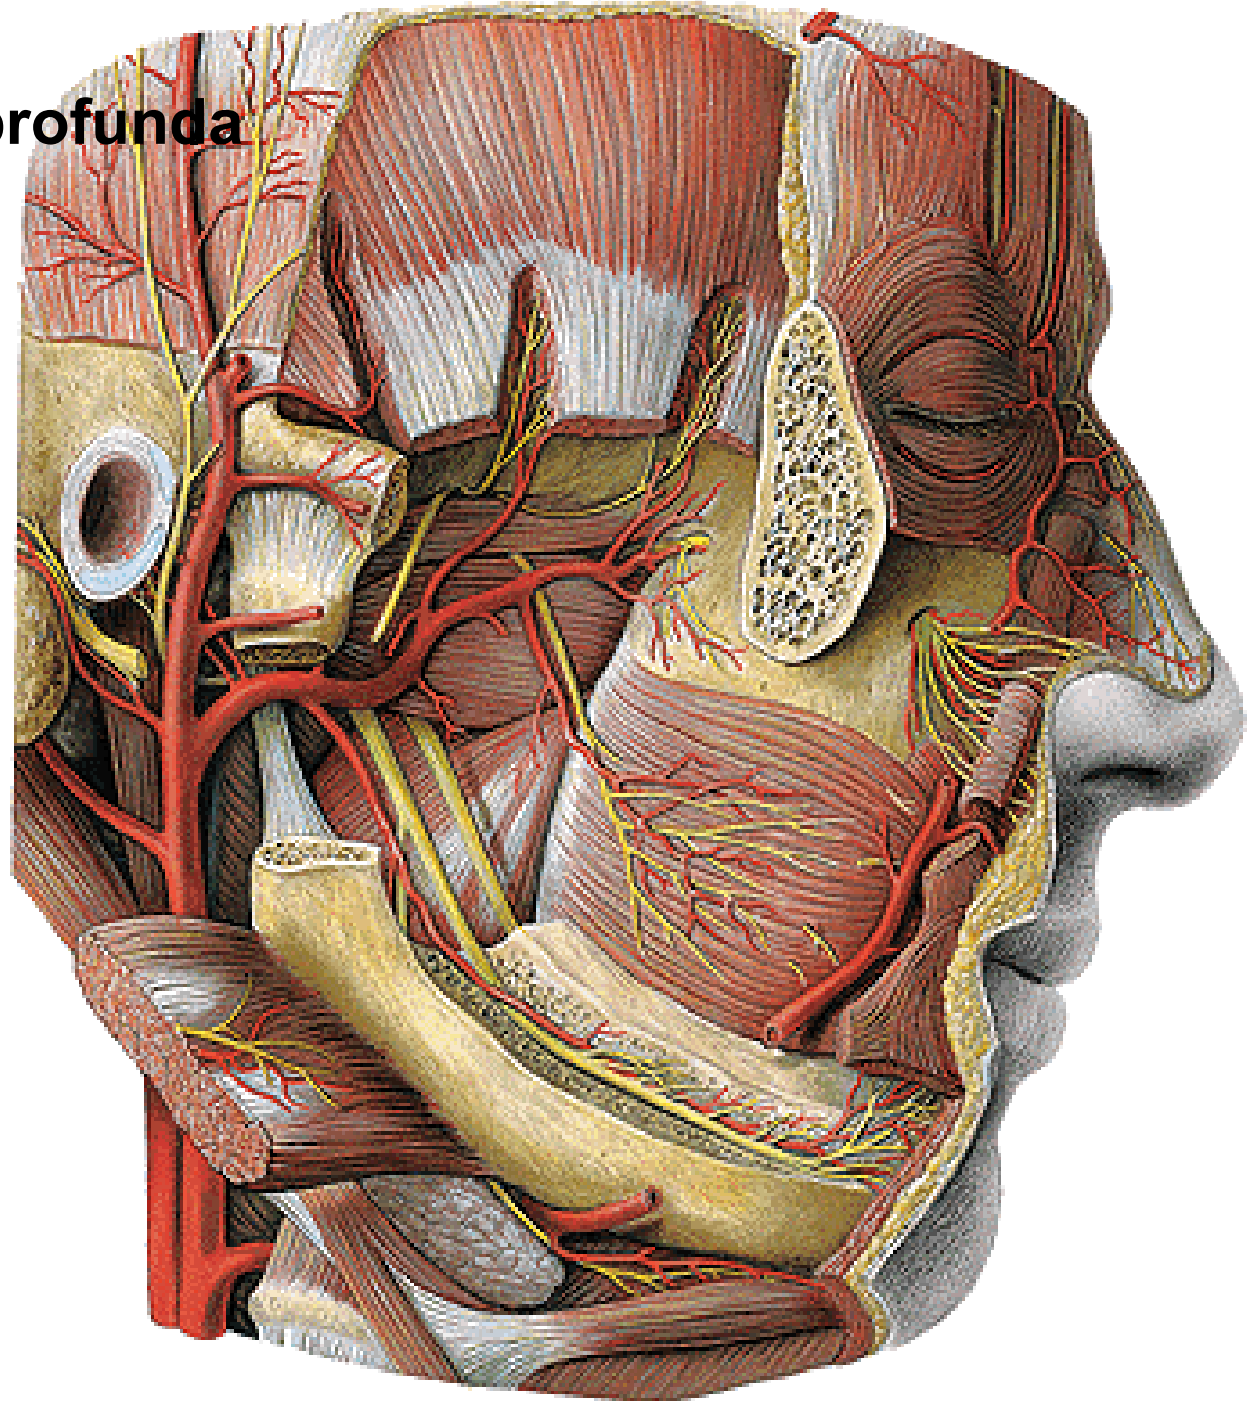

Fascia temporalis

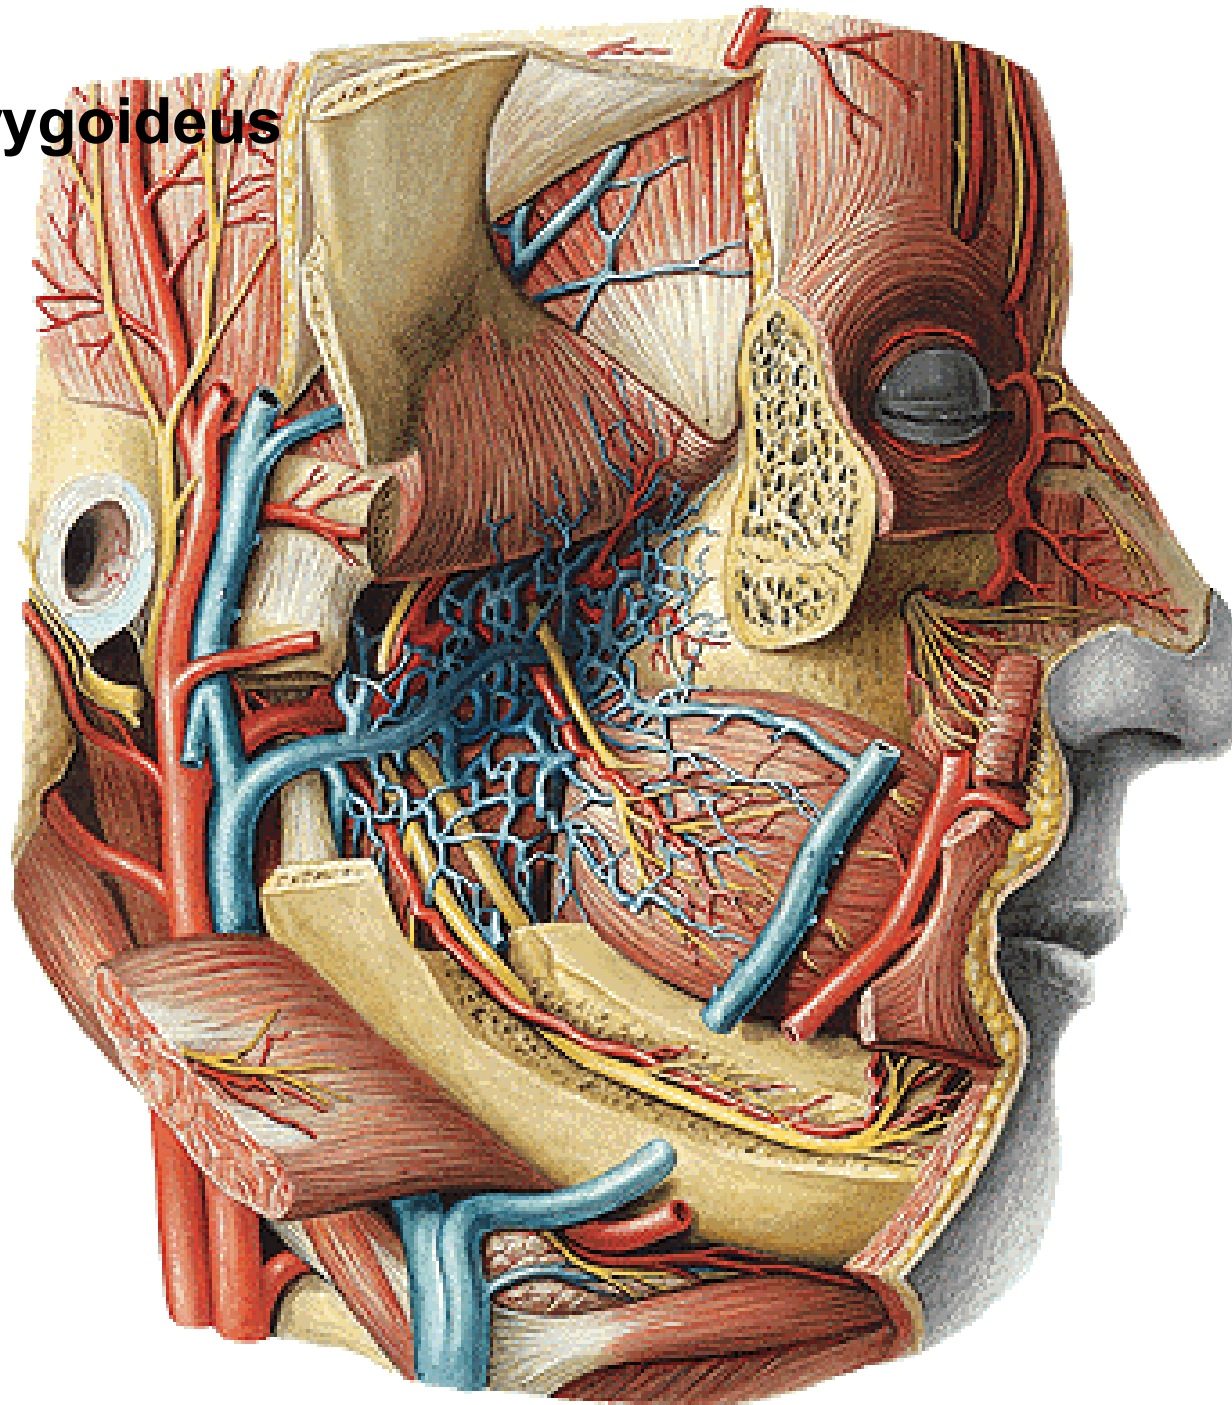

M. temporalis

Vasa temporalisa profunda
Nn. temporales

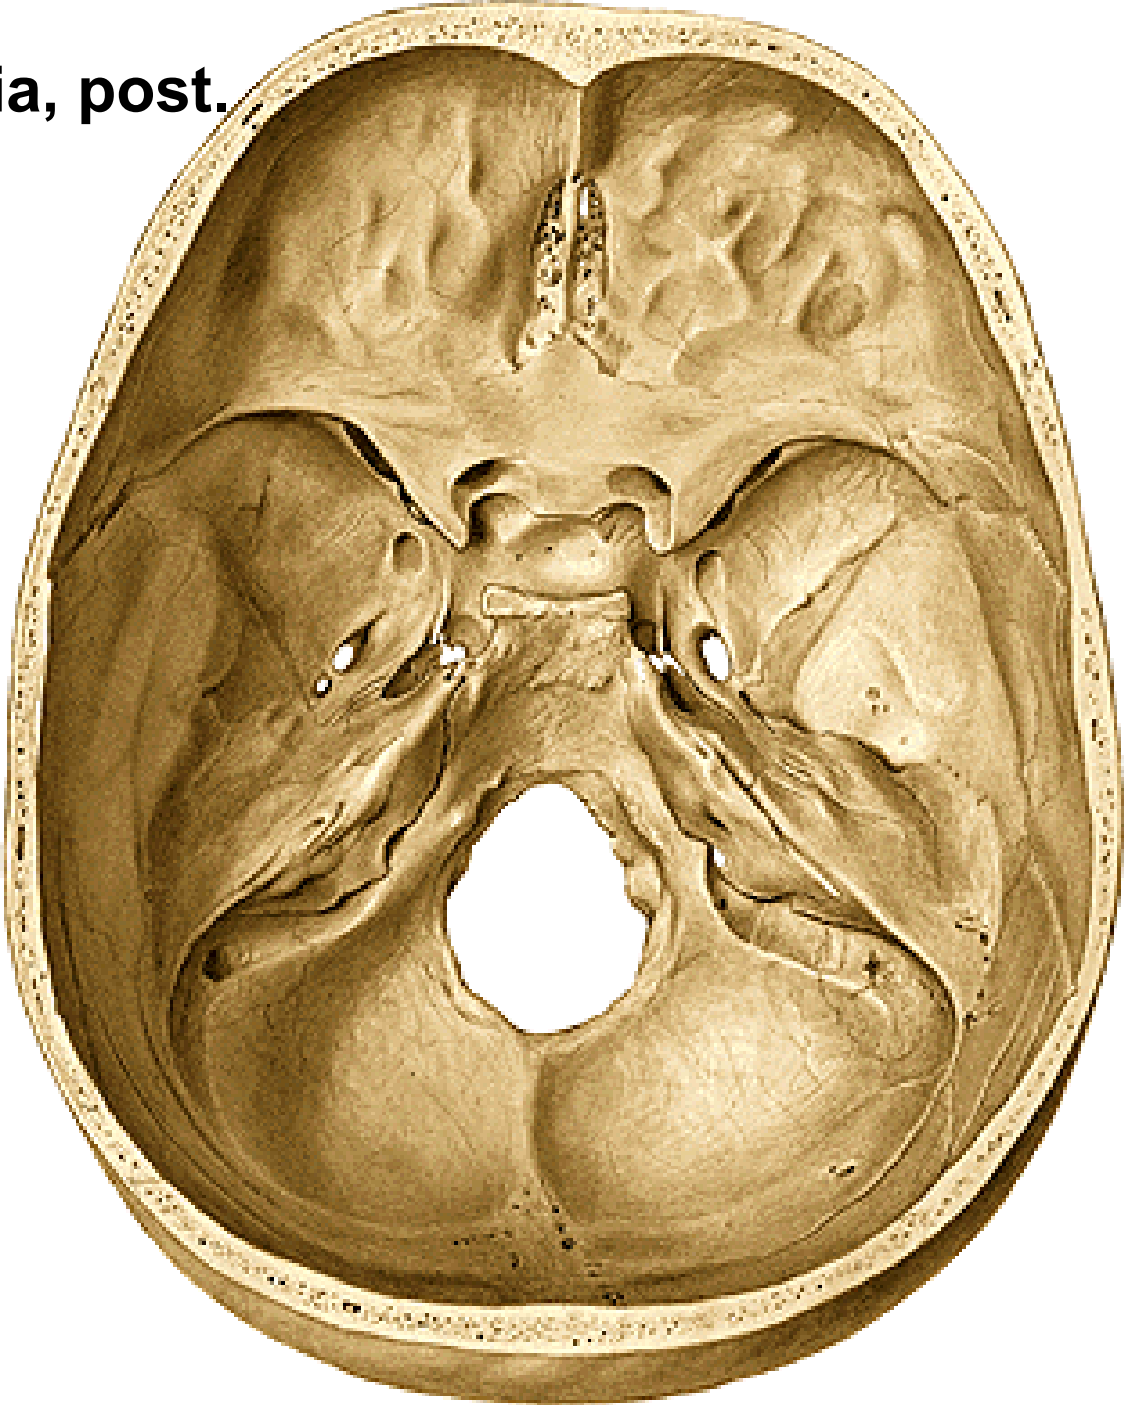

Veins → plexus pterygoideus

BASIS CRANII INT.

Fossa cranii ant., media, post.

BASIS CRANII EXT.

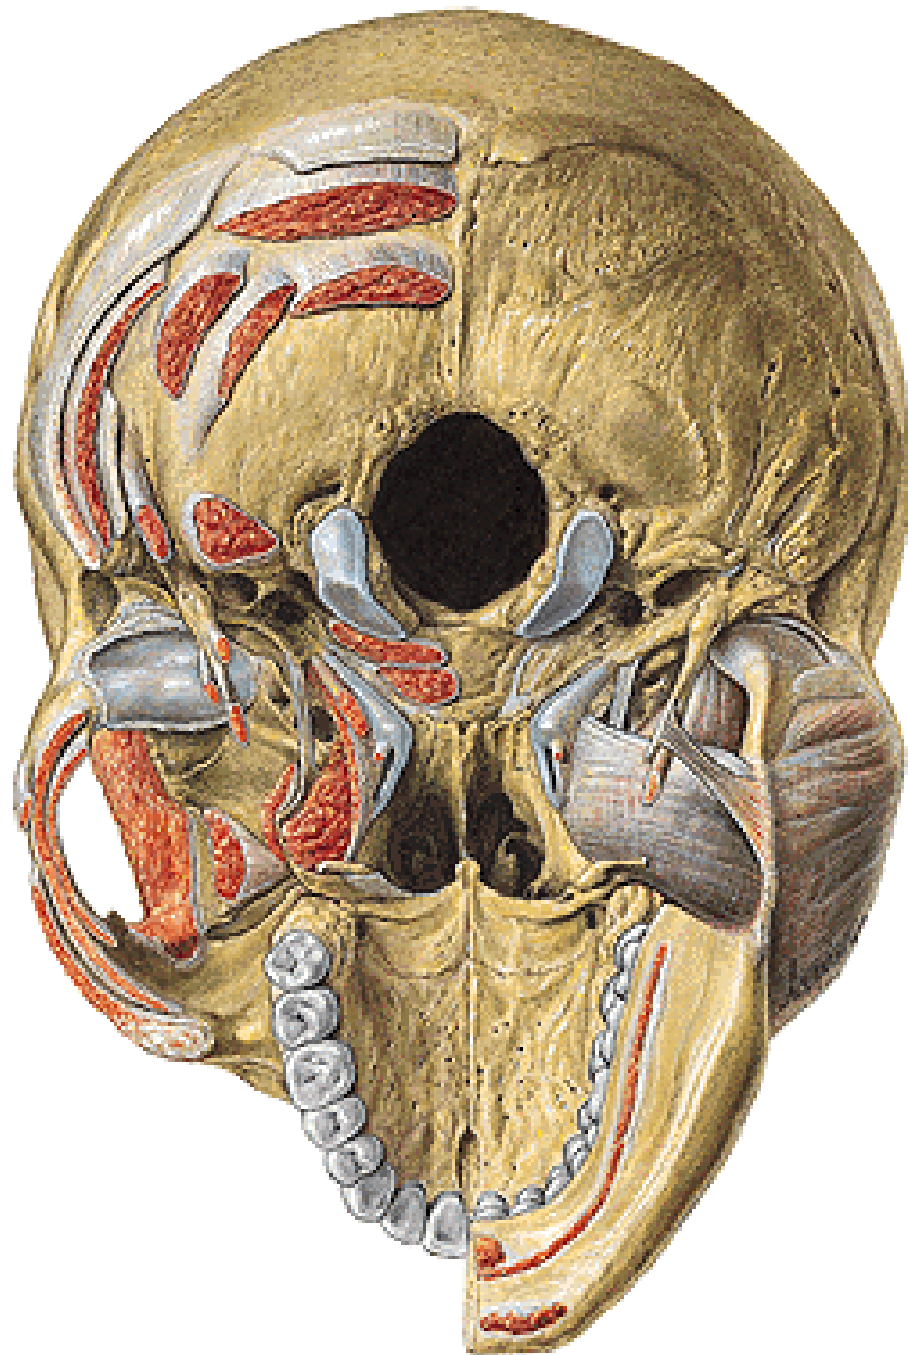

**Ventral part – roof of the orbit,
nasal cavity and ethmoidal labyrinth**

Middle part

Dorsal part

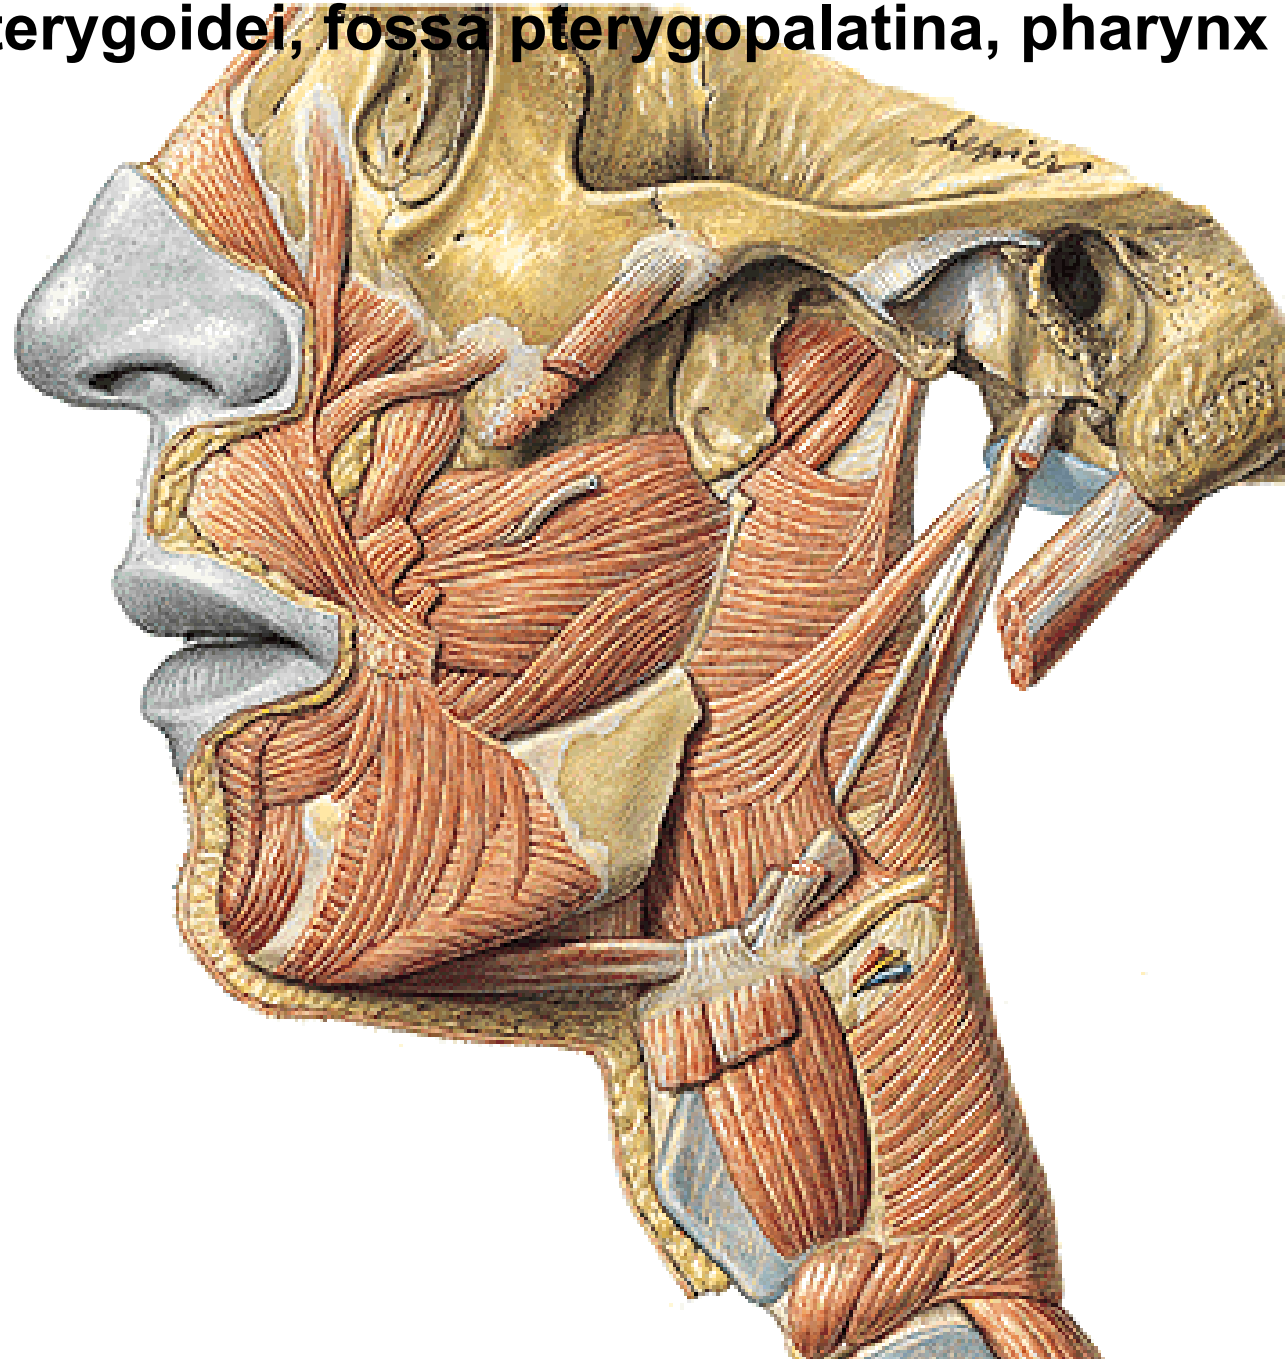

Regio infratemporalis

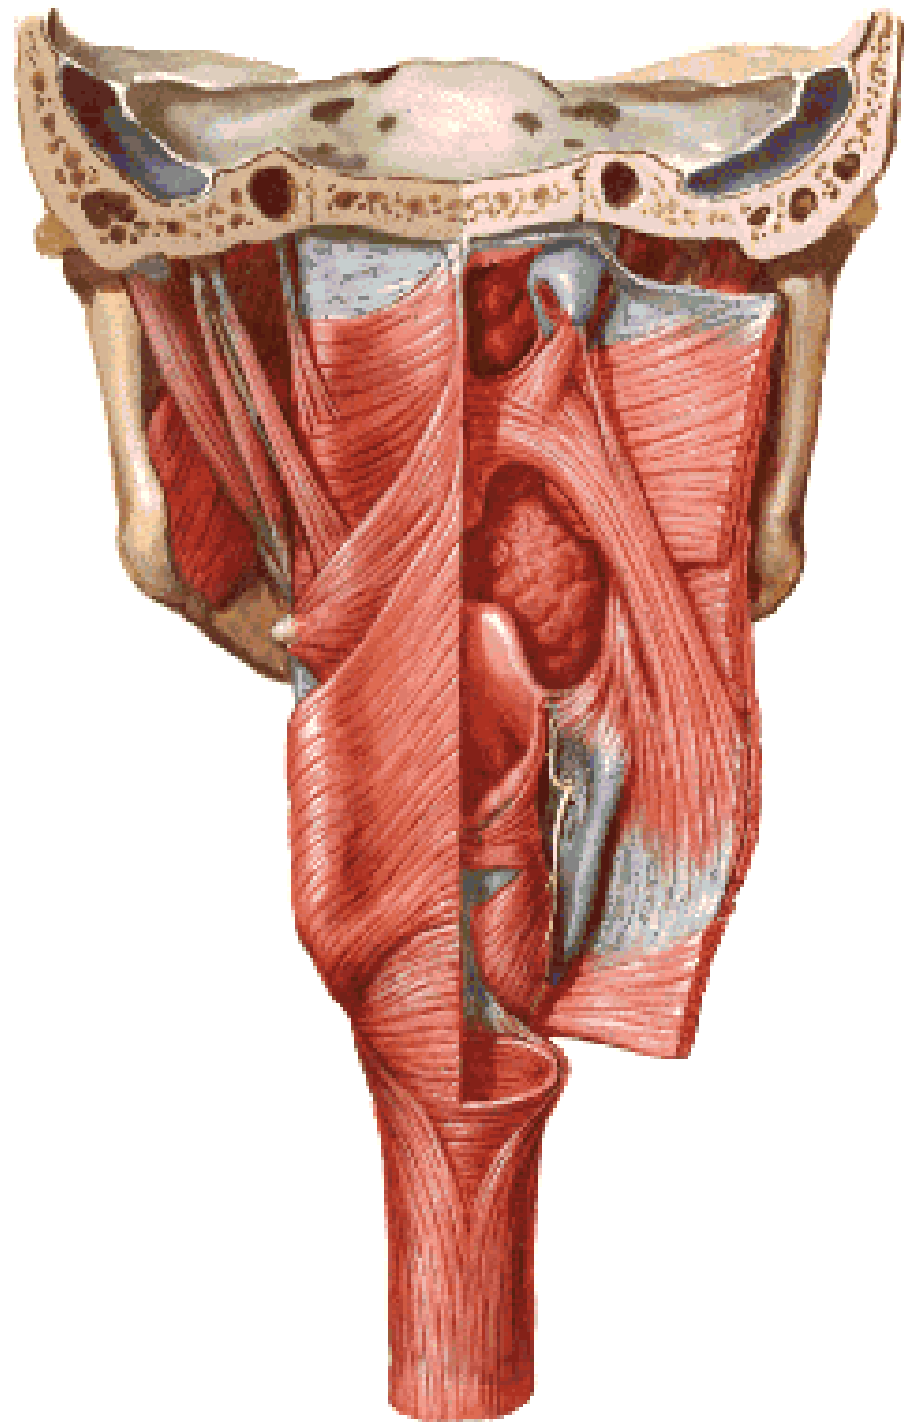

Facies infratemporalis alae majoris
Tuber maxillae

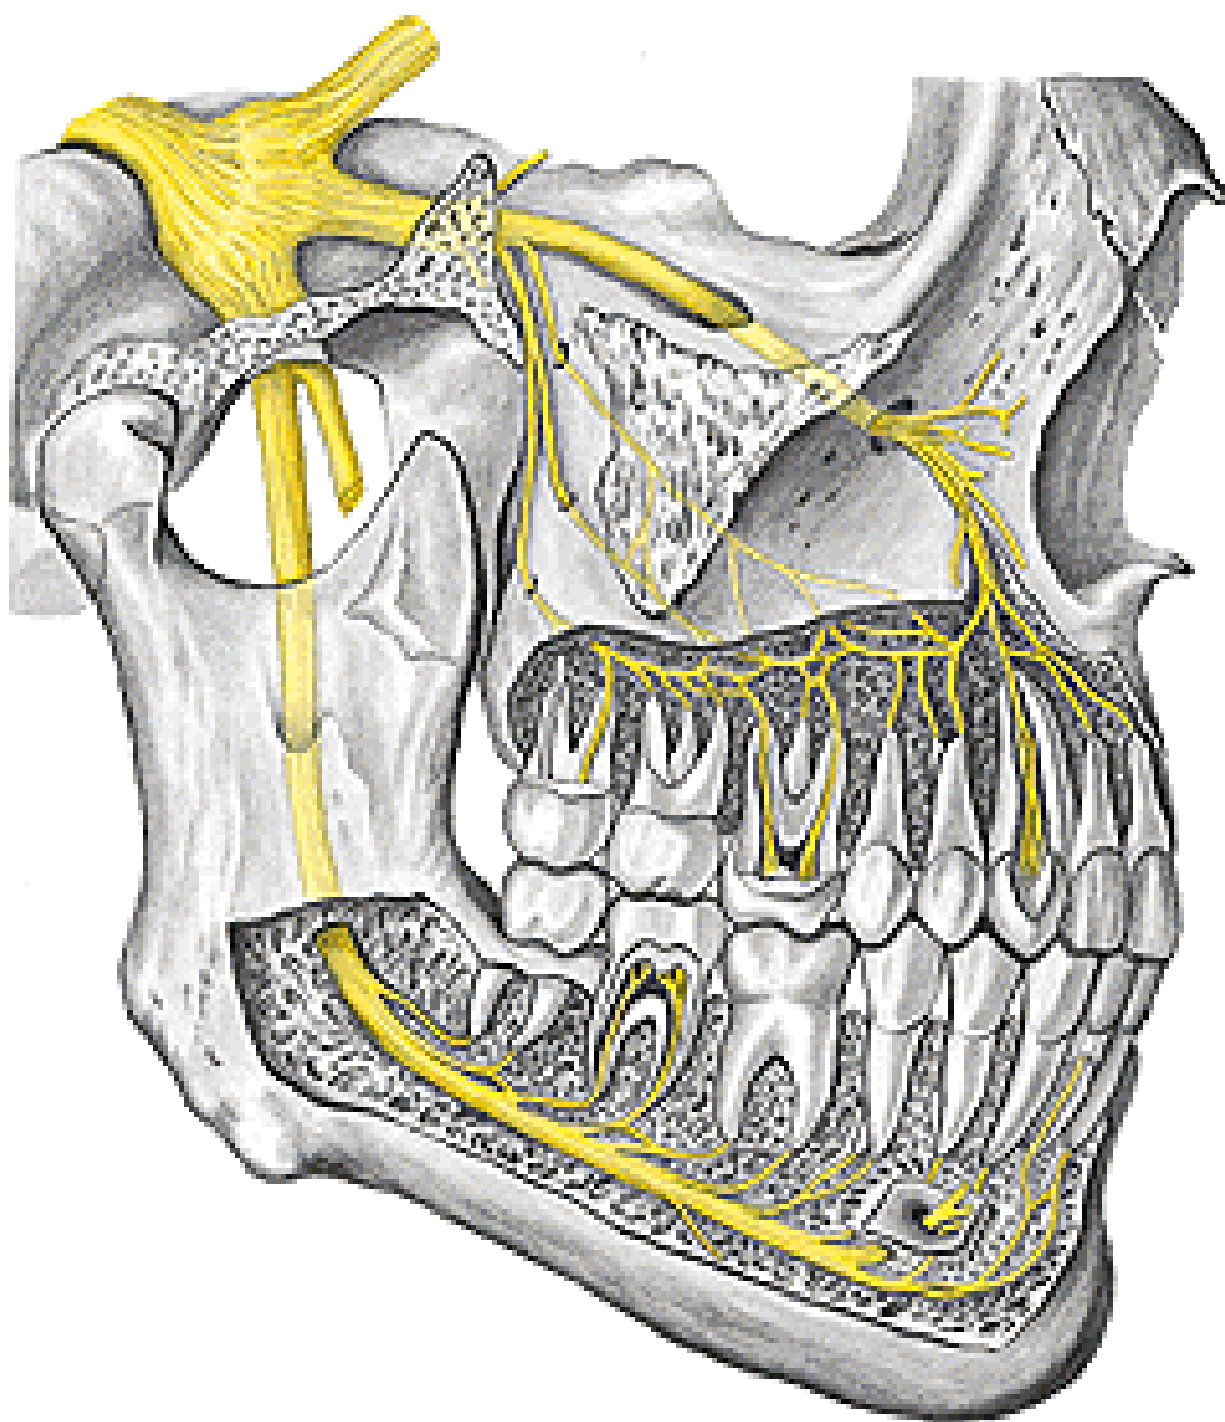

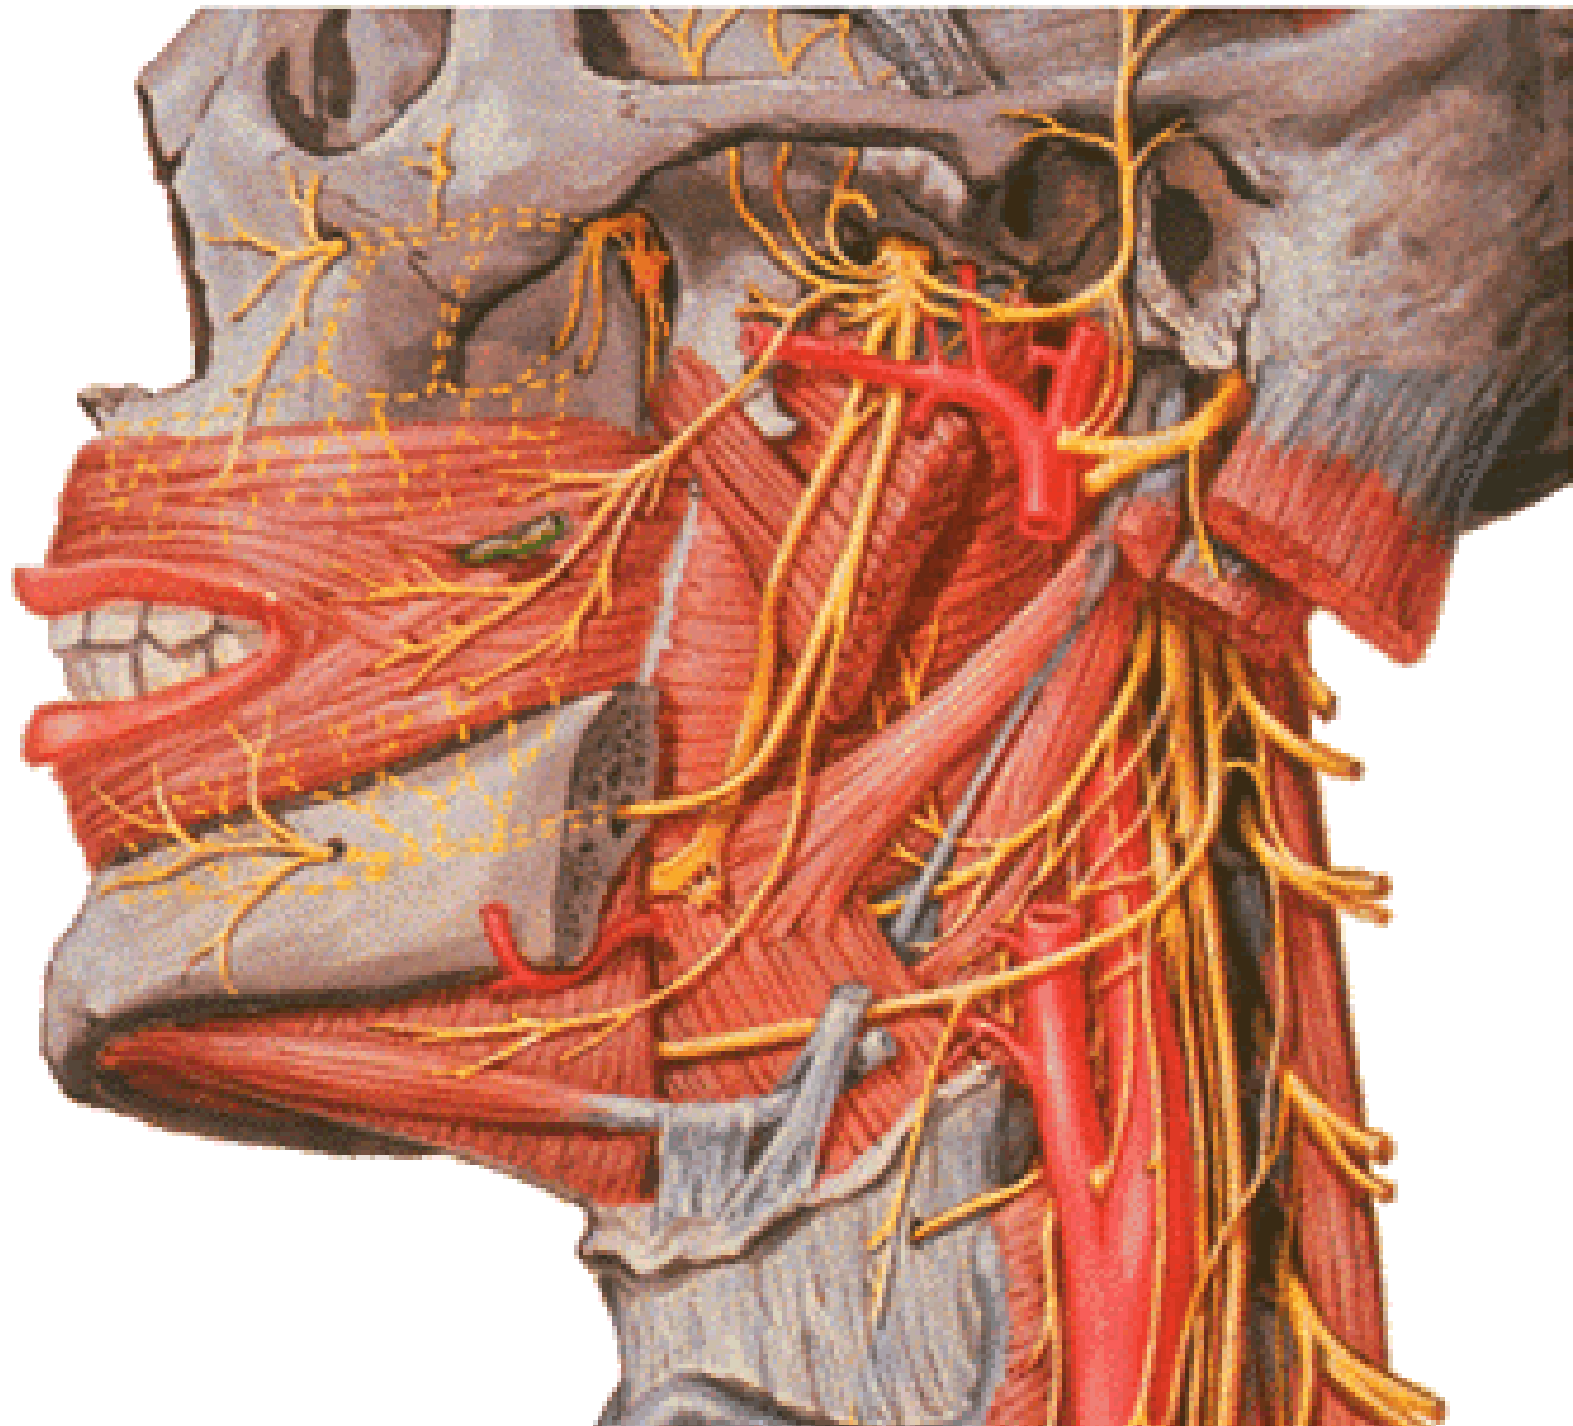

Lamina lat. proc. pterygoidei, fossa pterygopalatina, pharynx

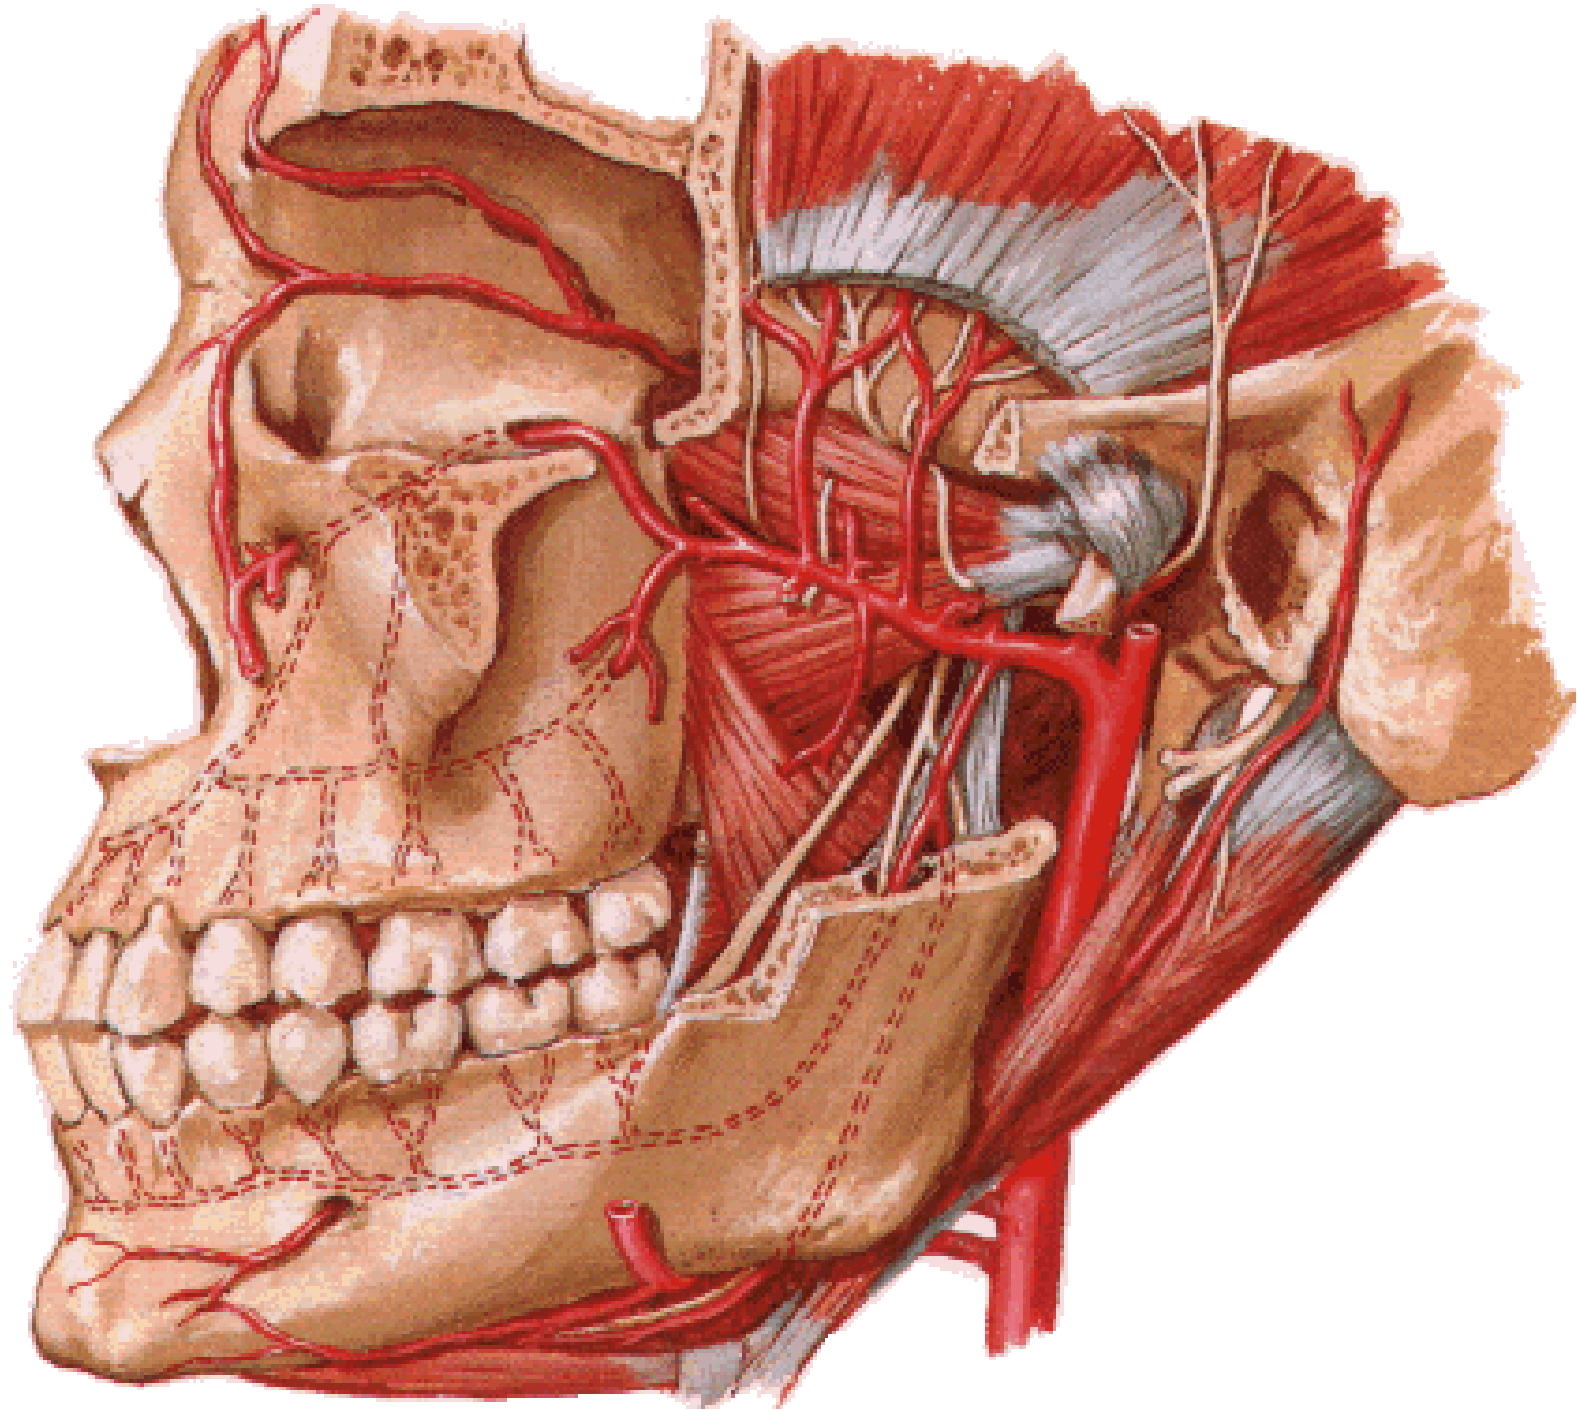

Septum styloideum

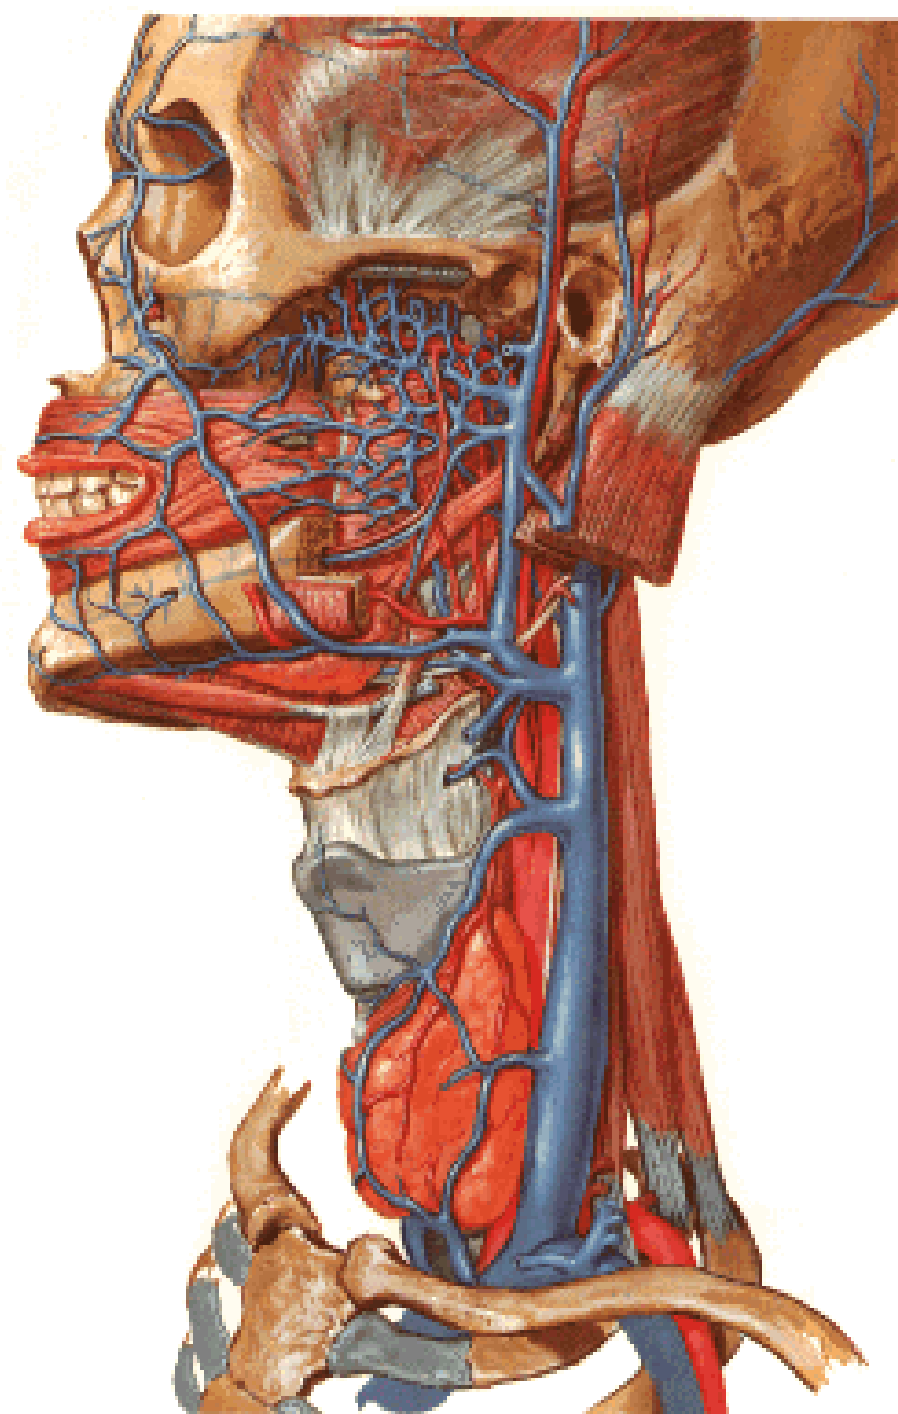

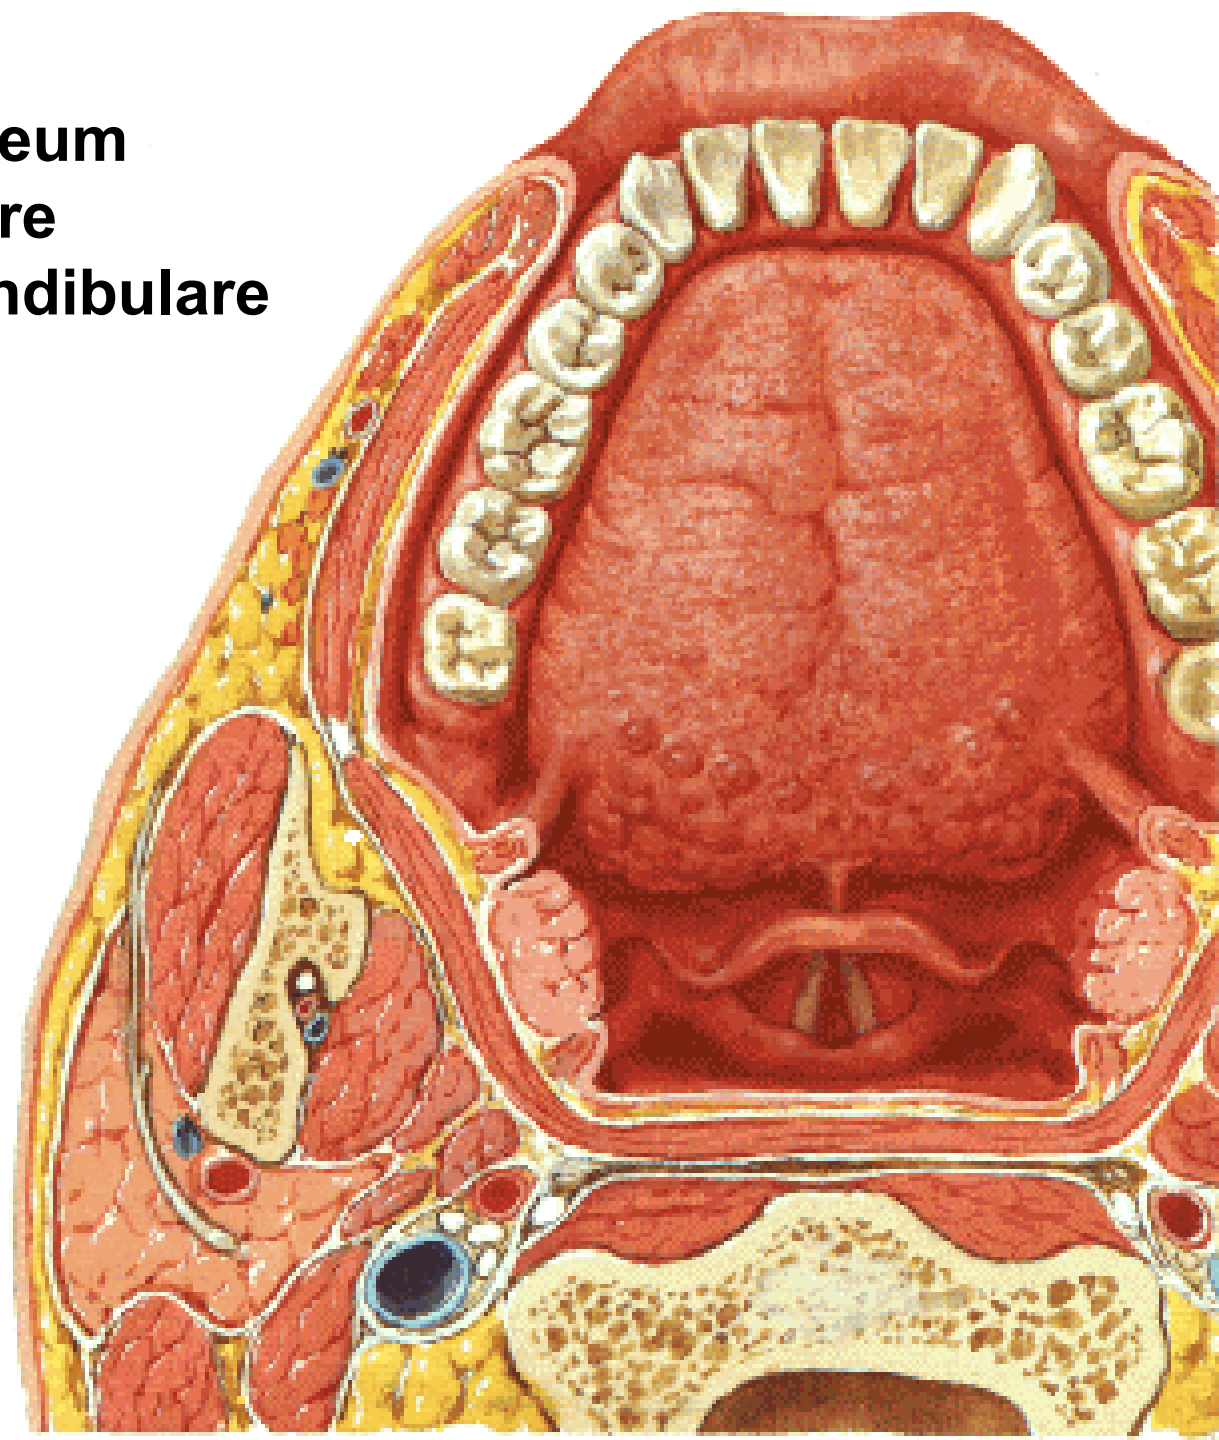

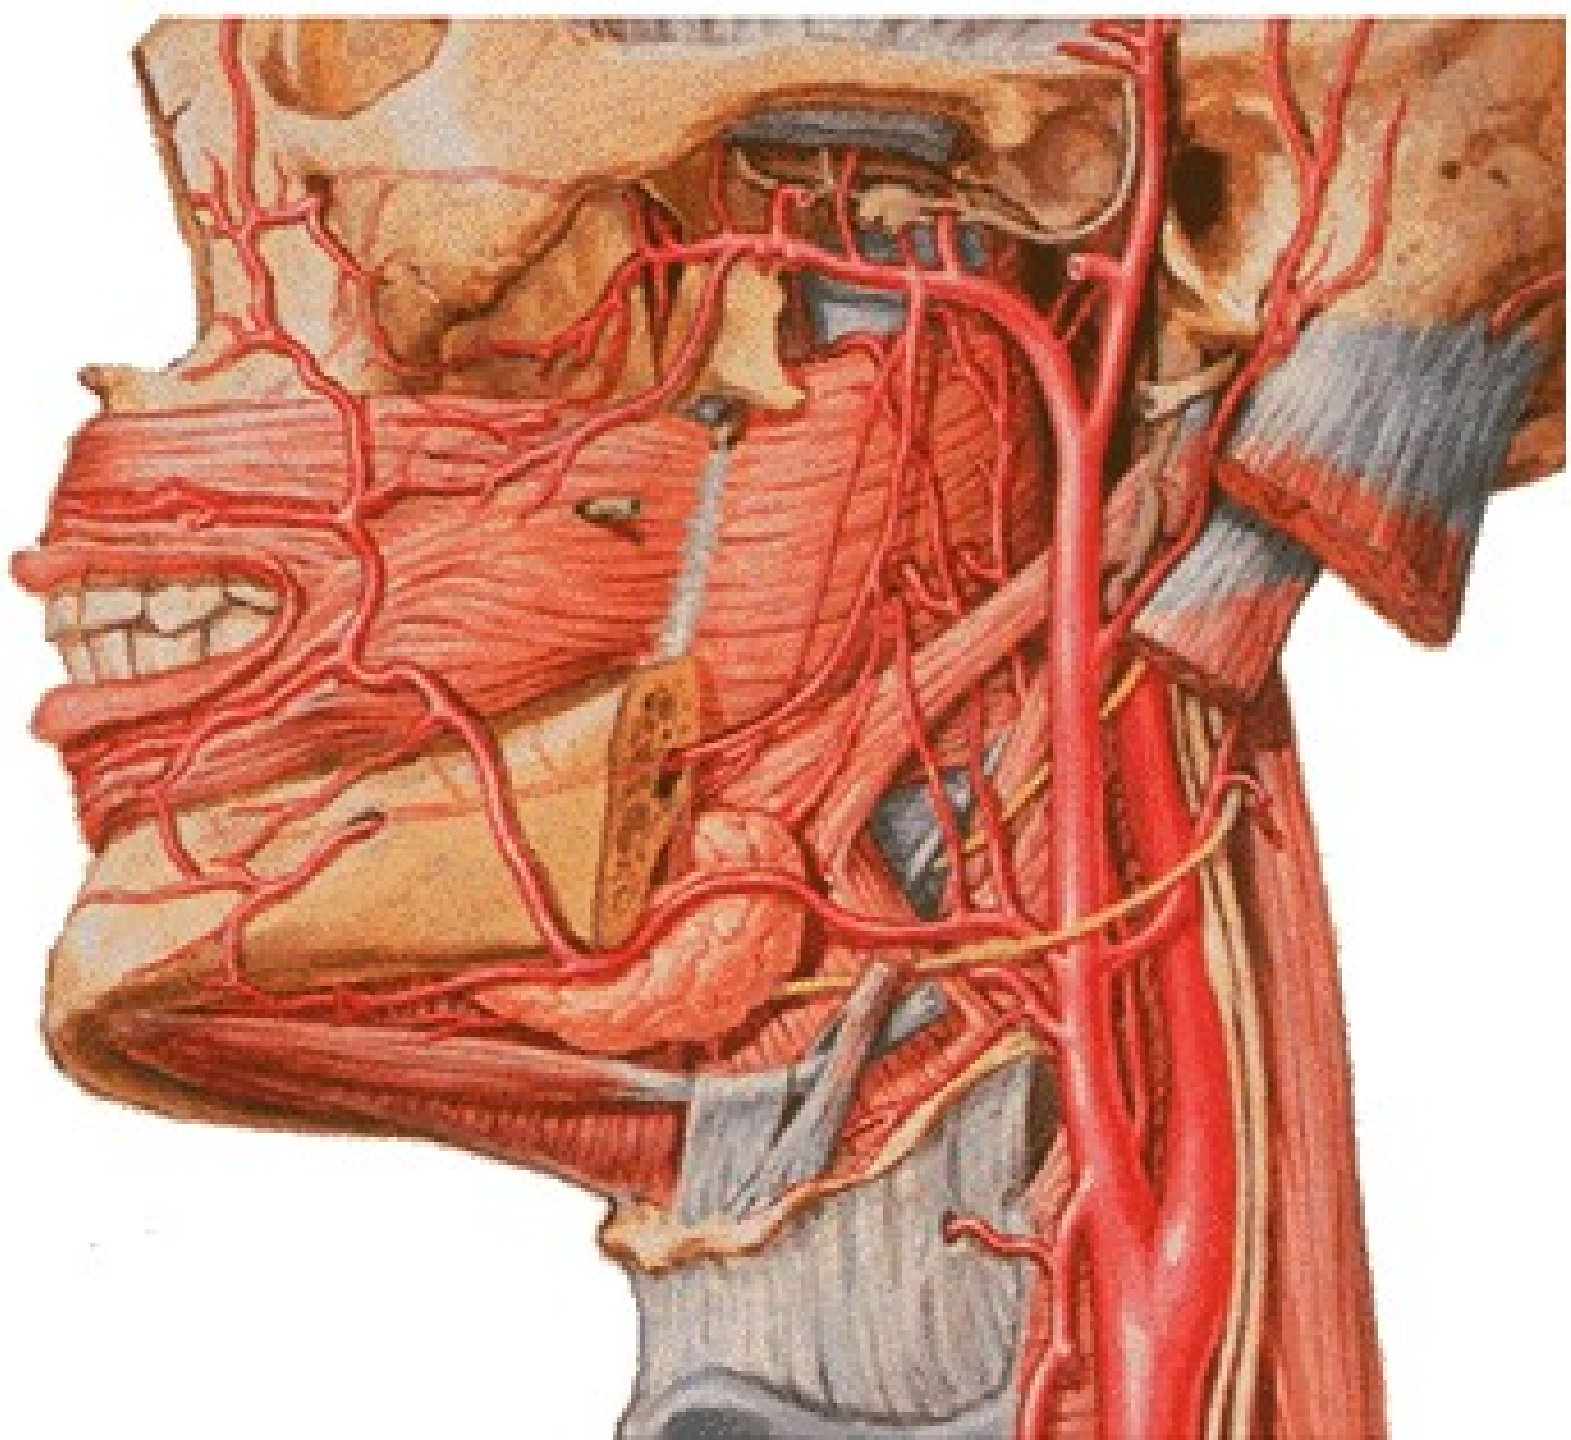

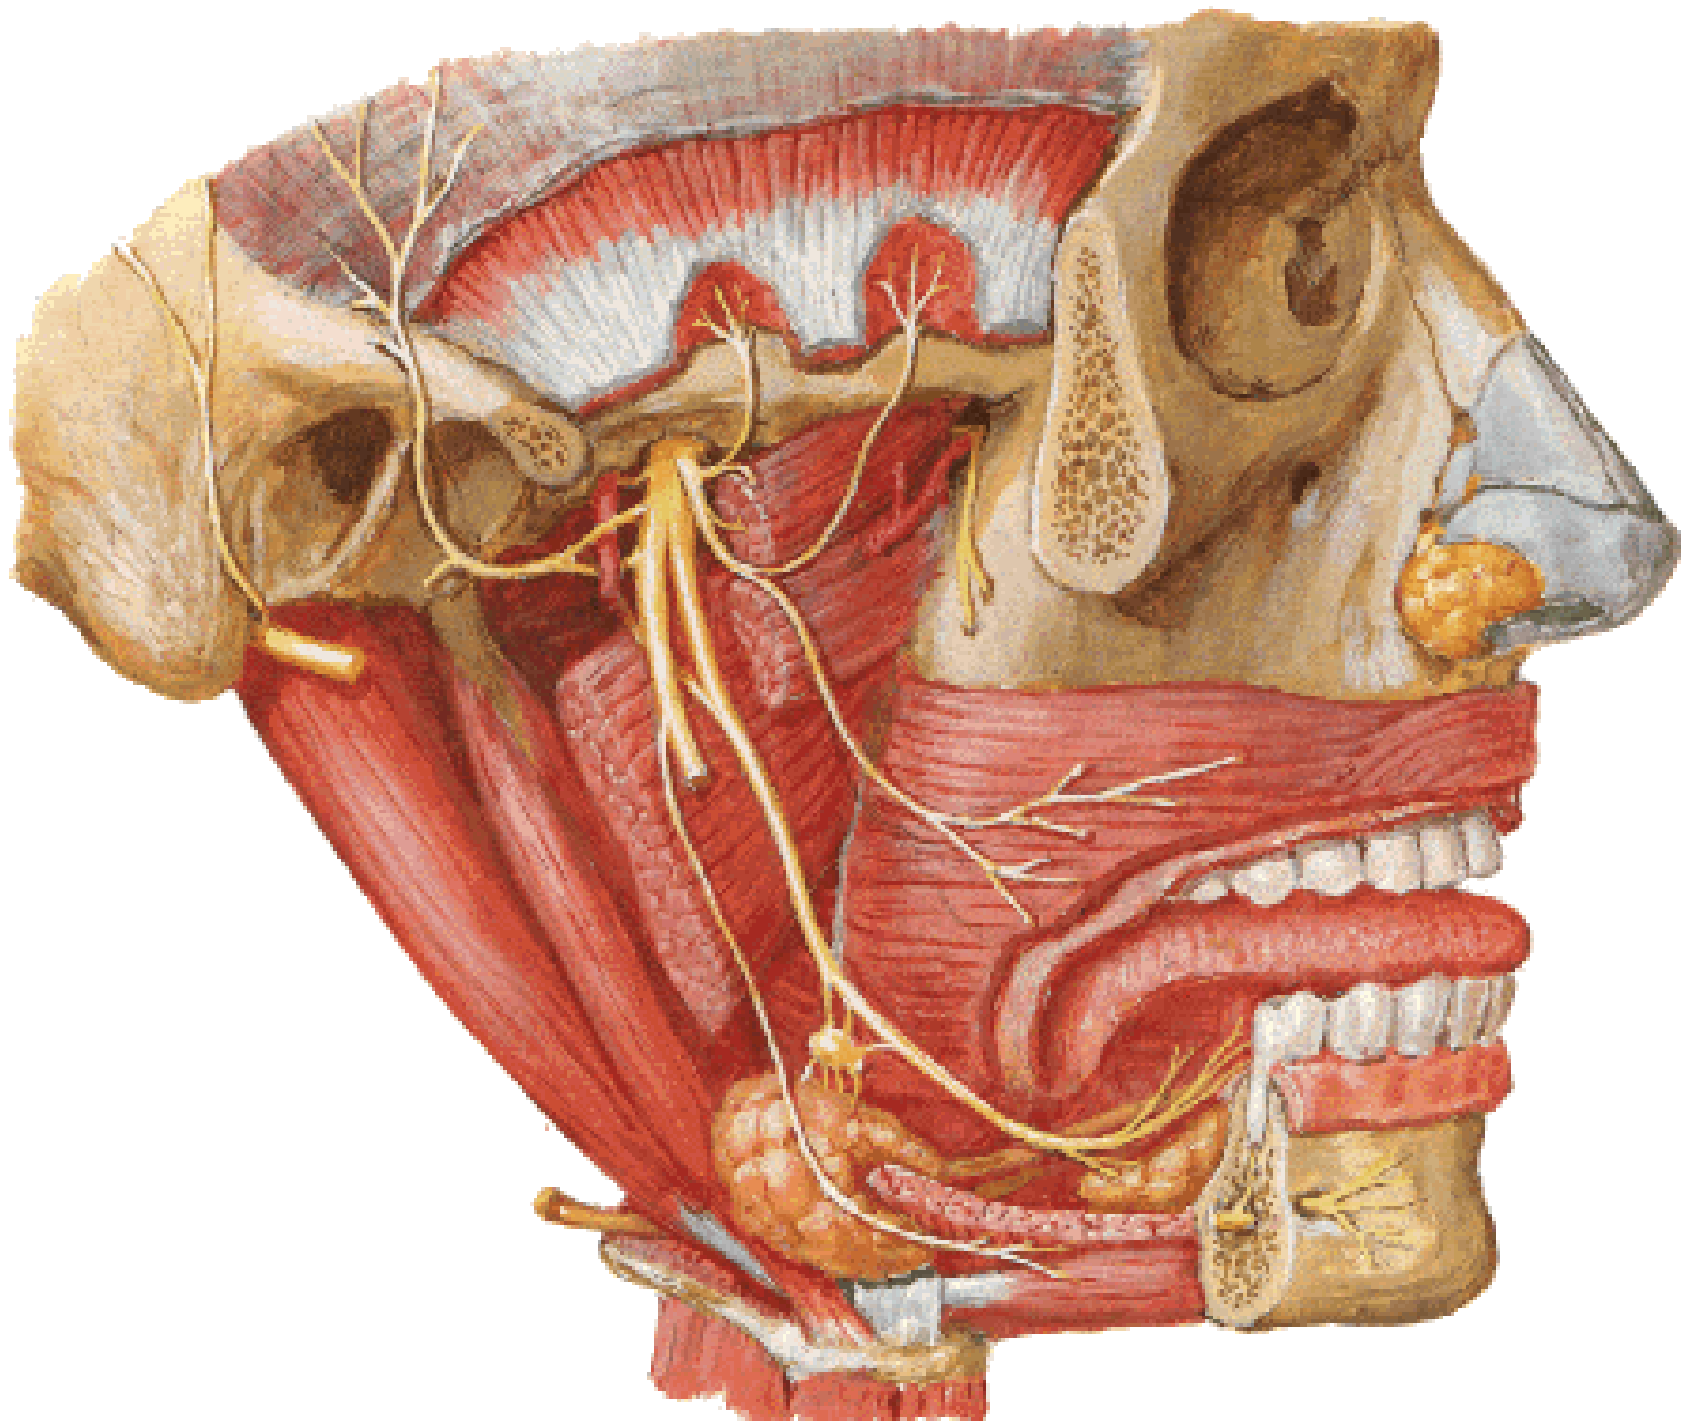

Plexus pterygoideus

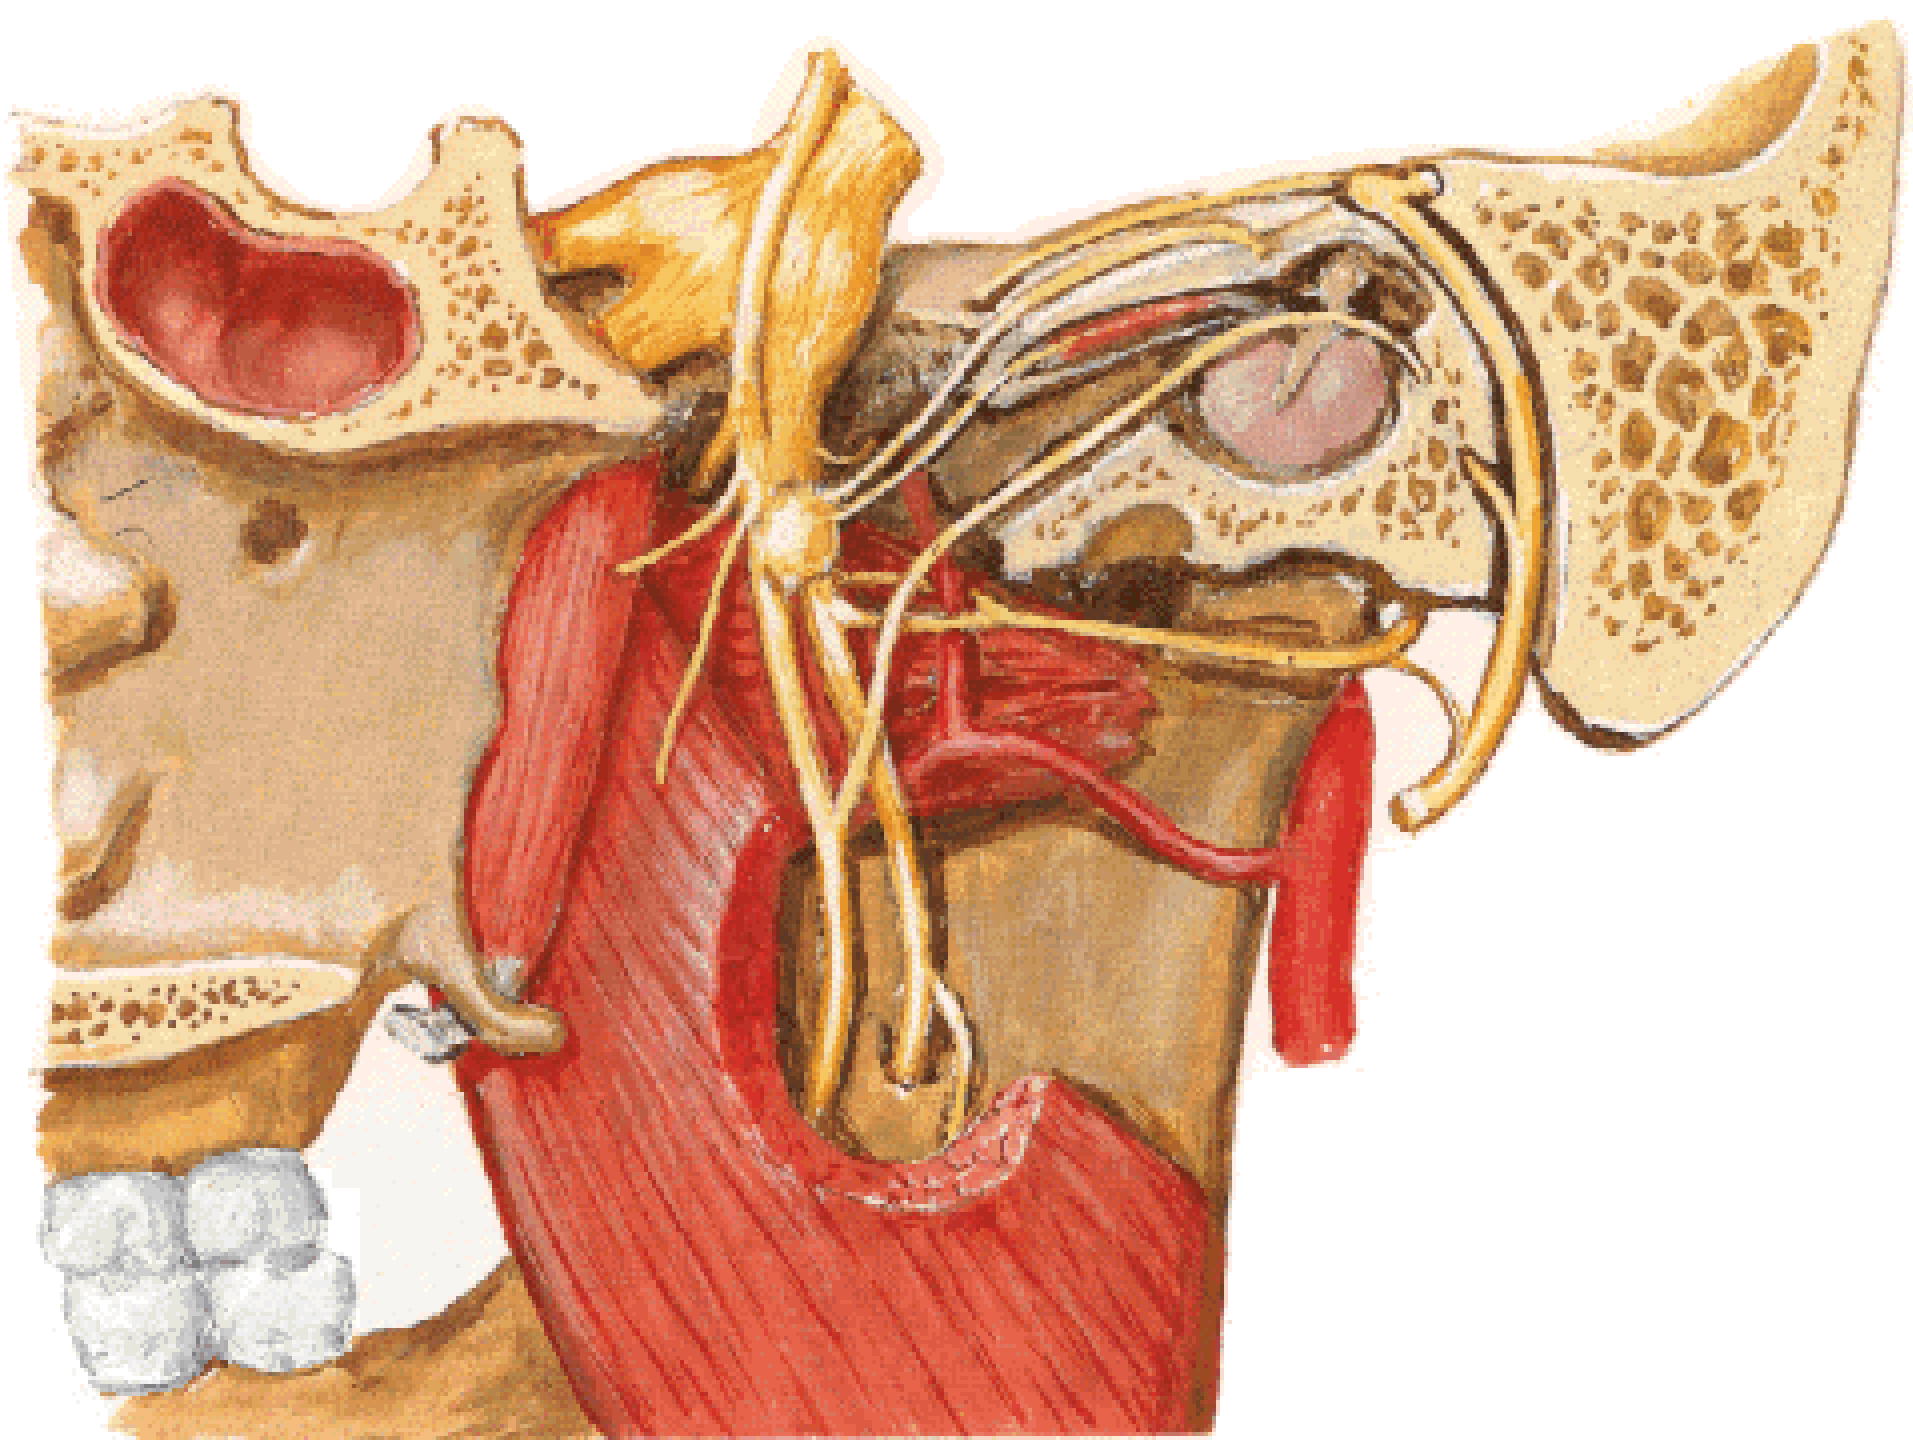

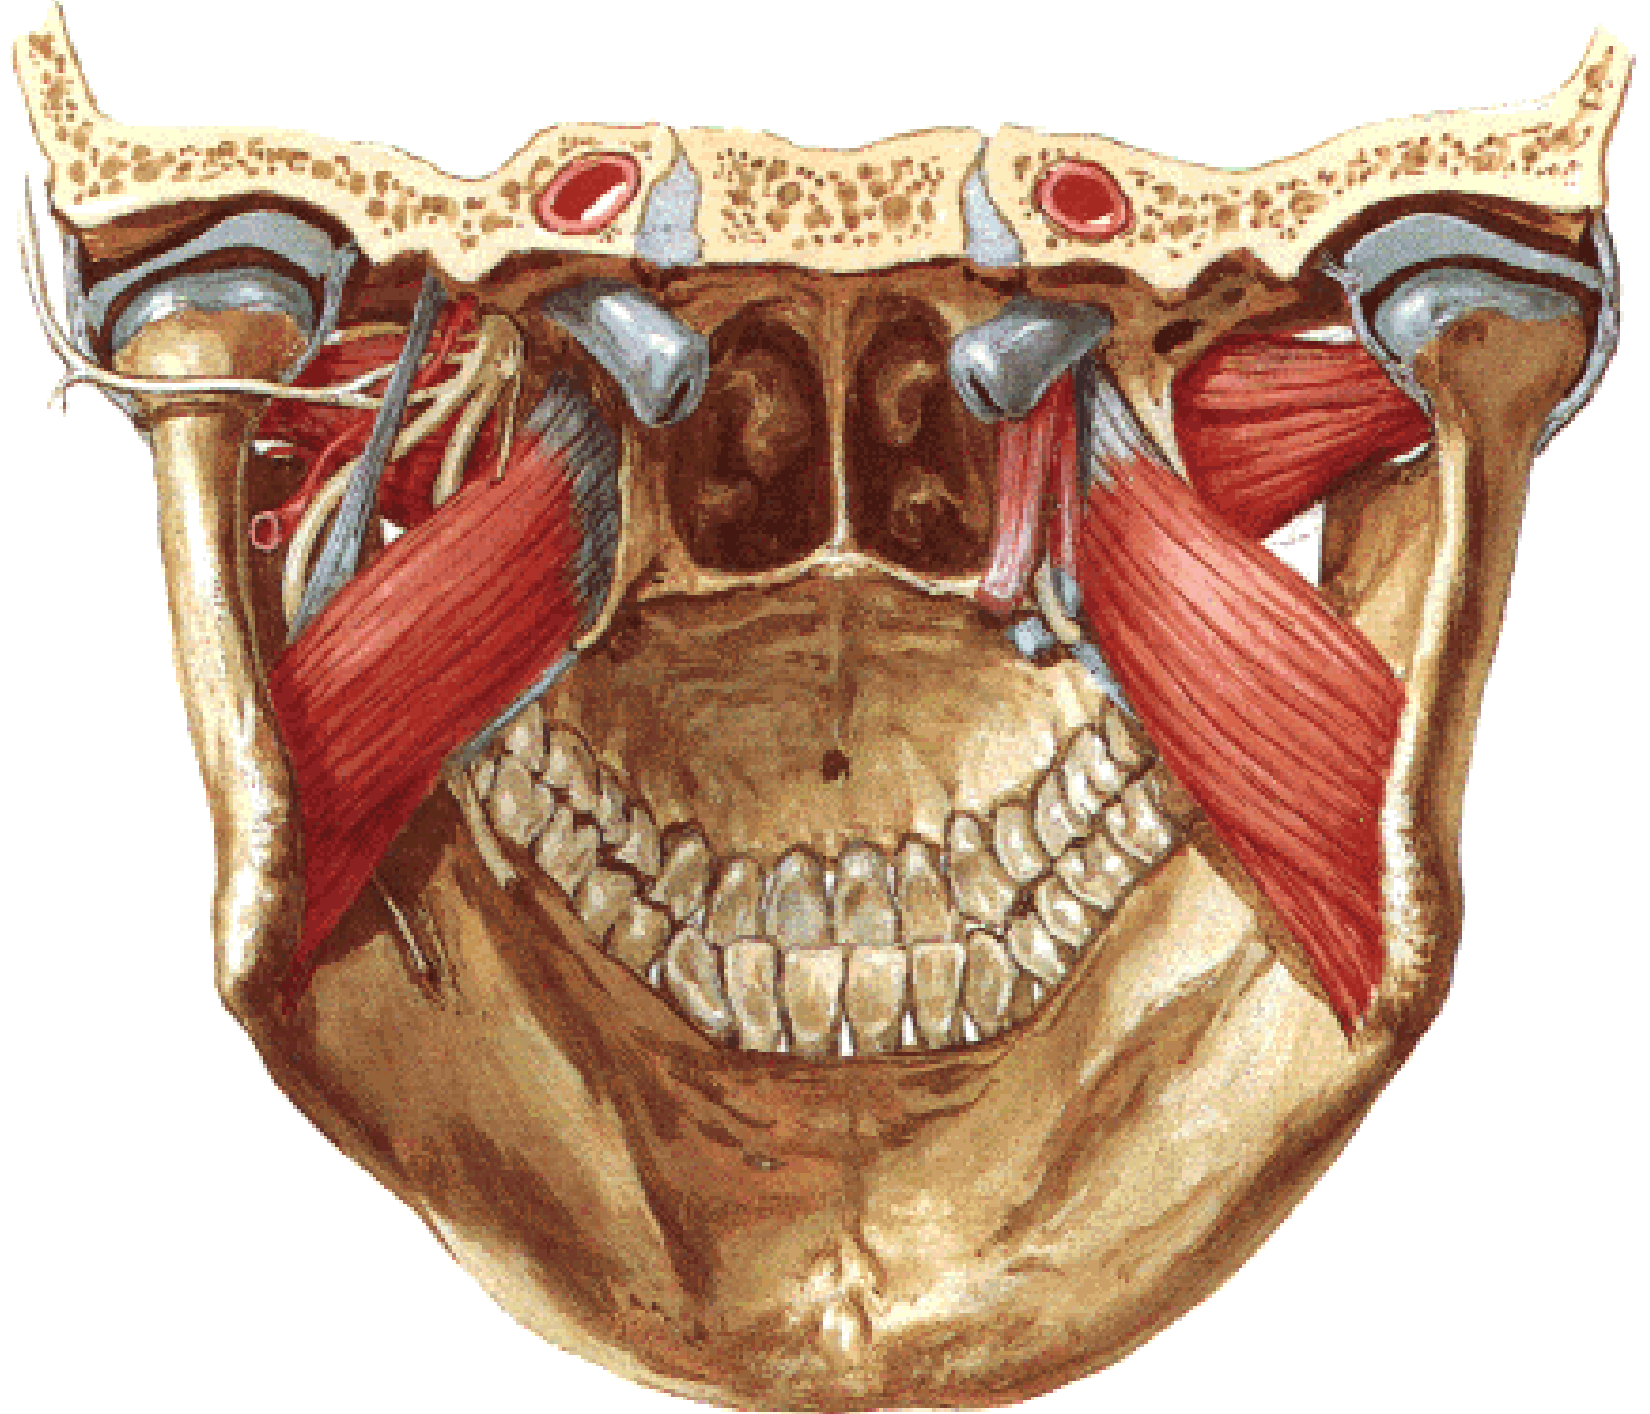

Spatium praestyloideum
Spatium paratonsilare
Spatium pterygomandibulare

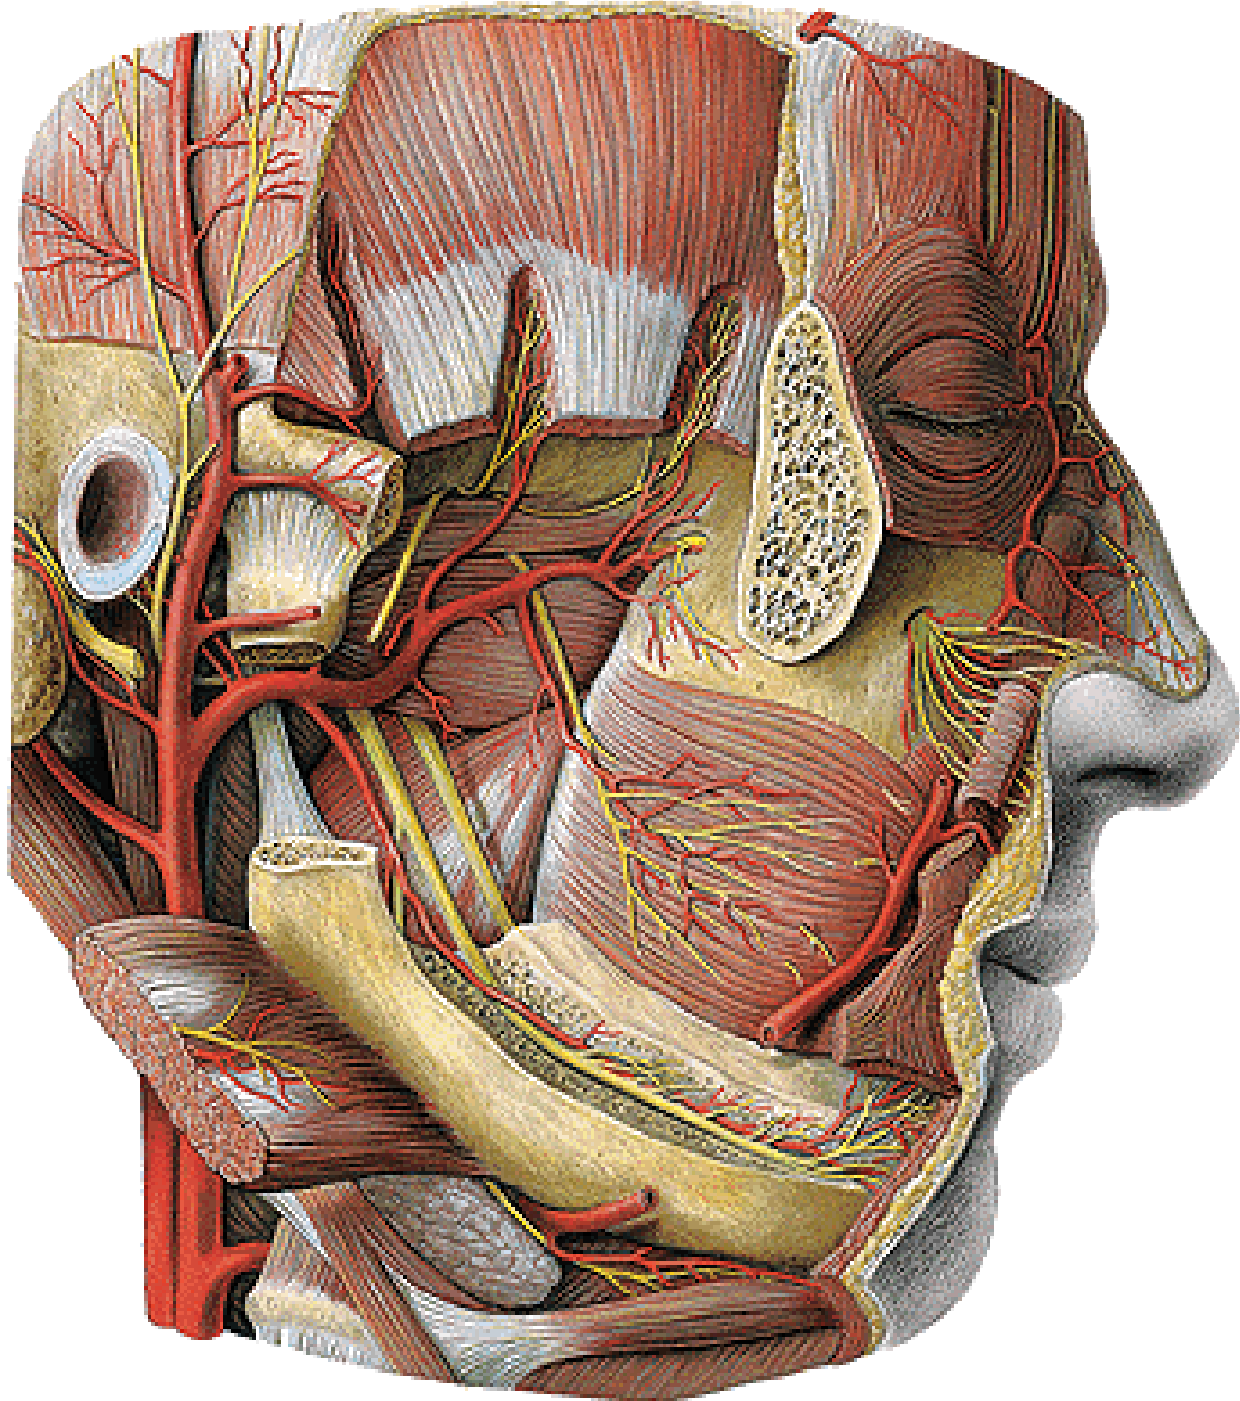

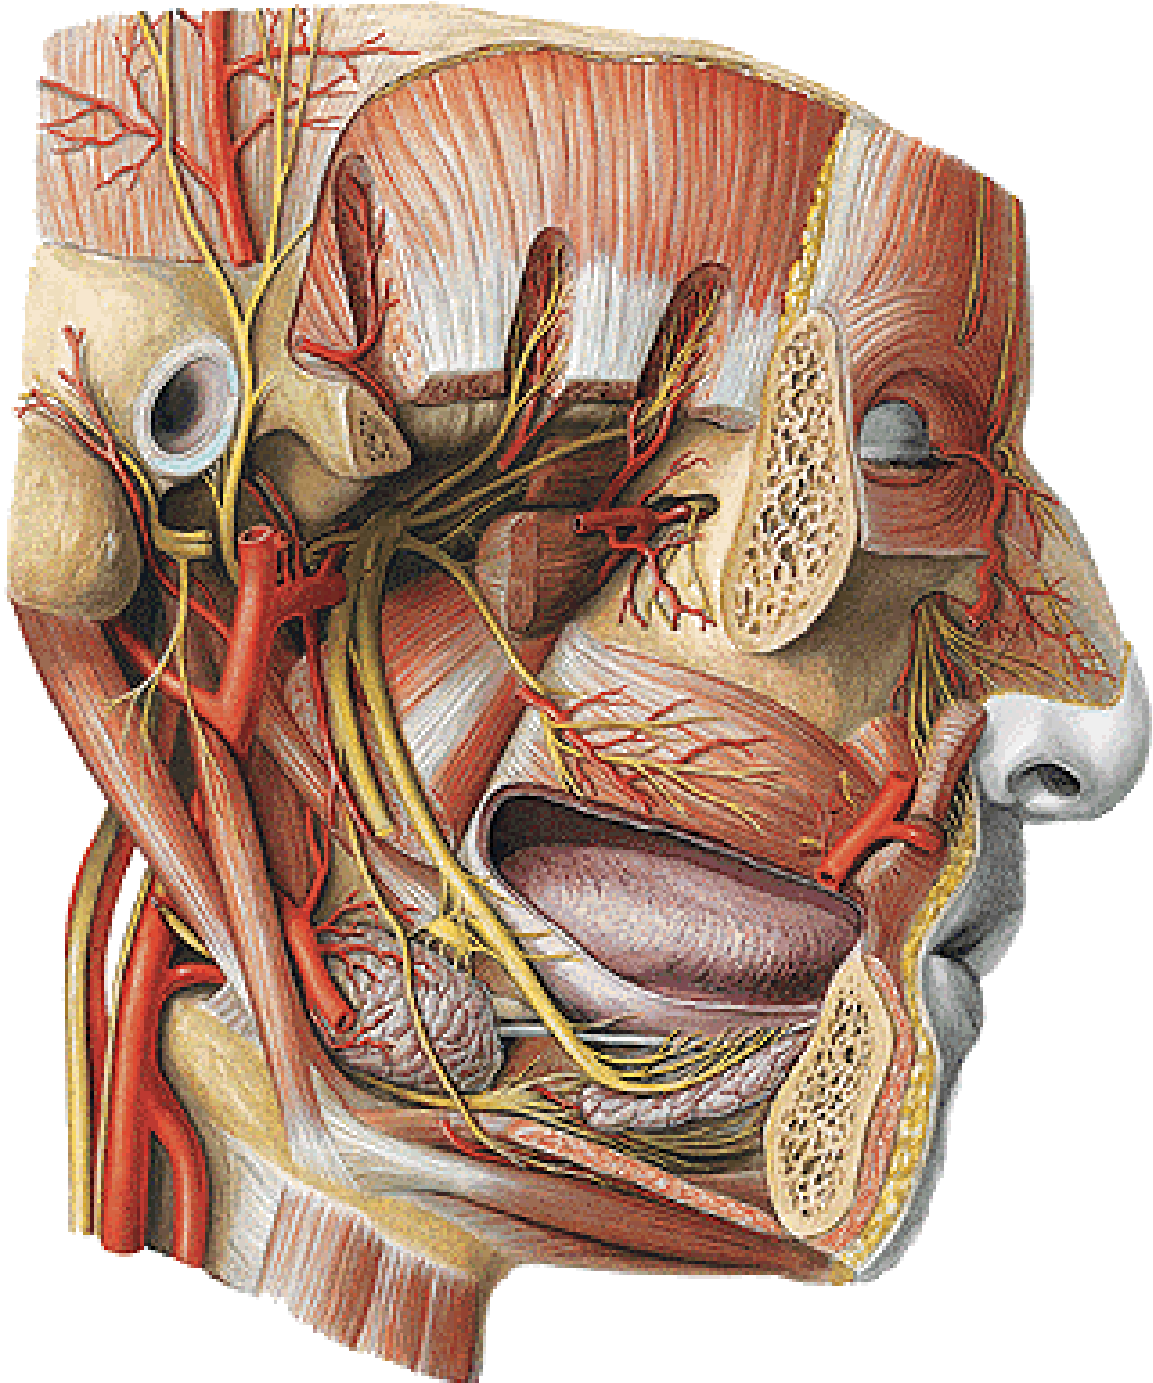

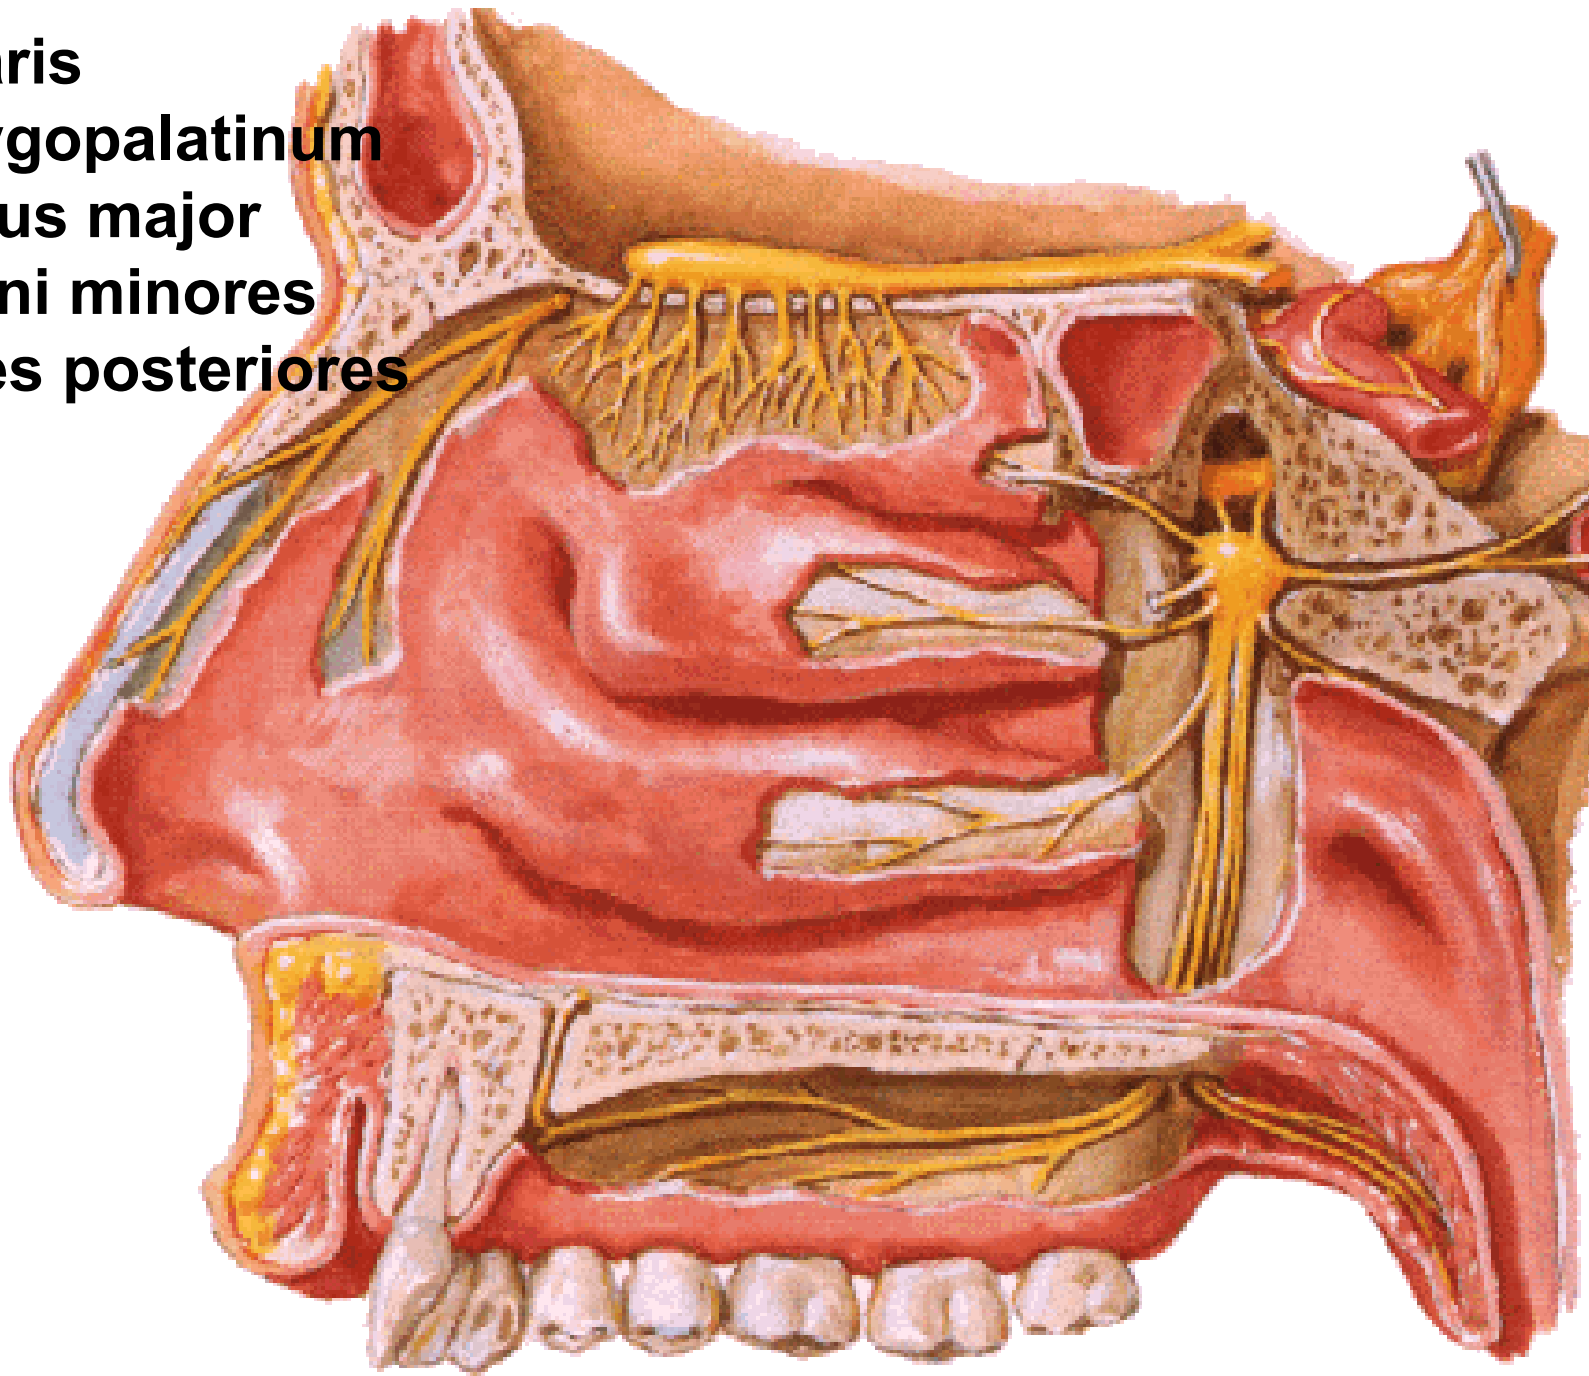

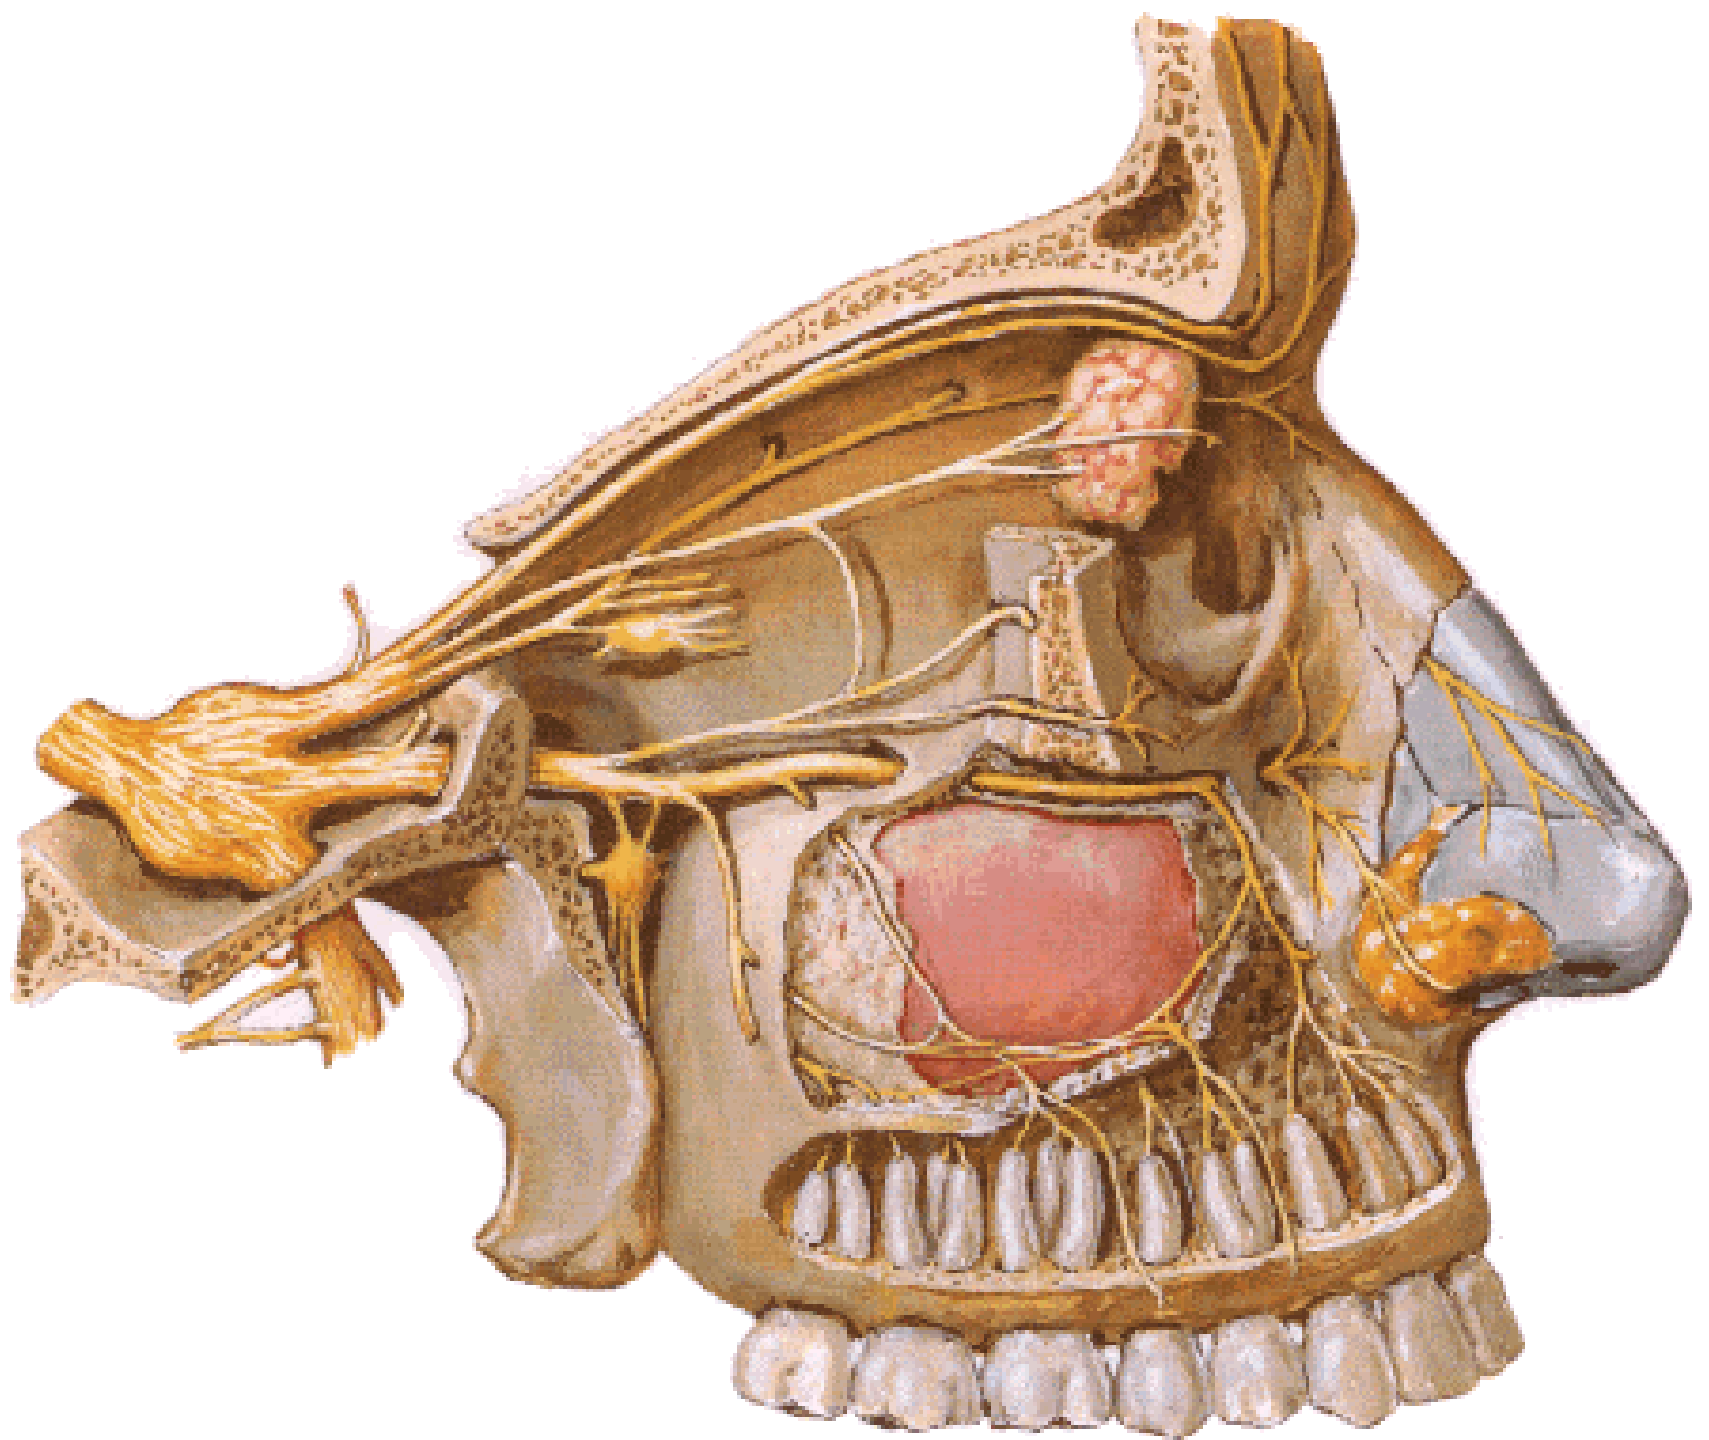

FOSSA PTERYGOPALATINA

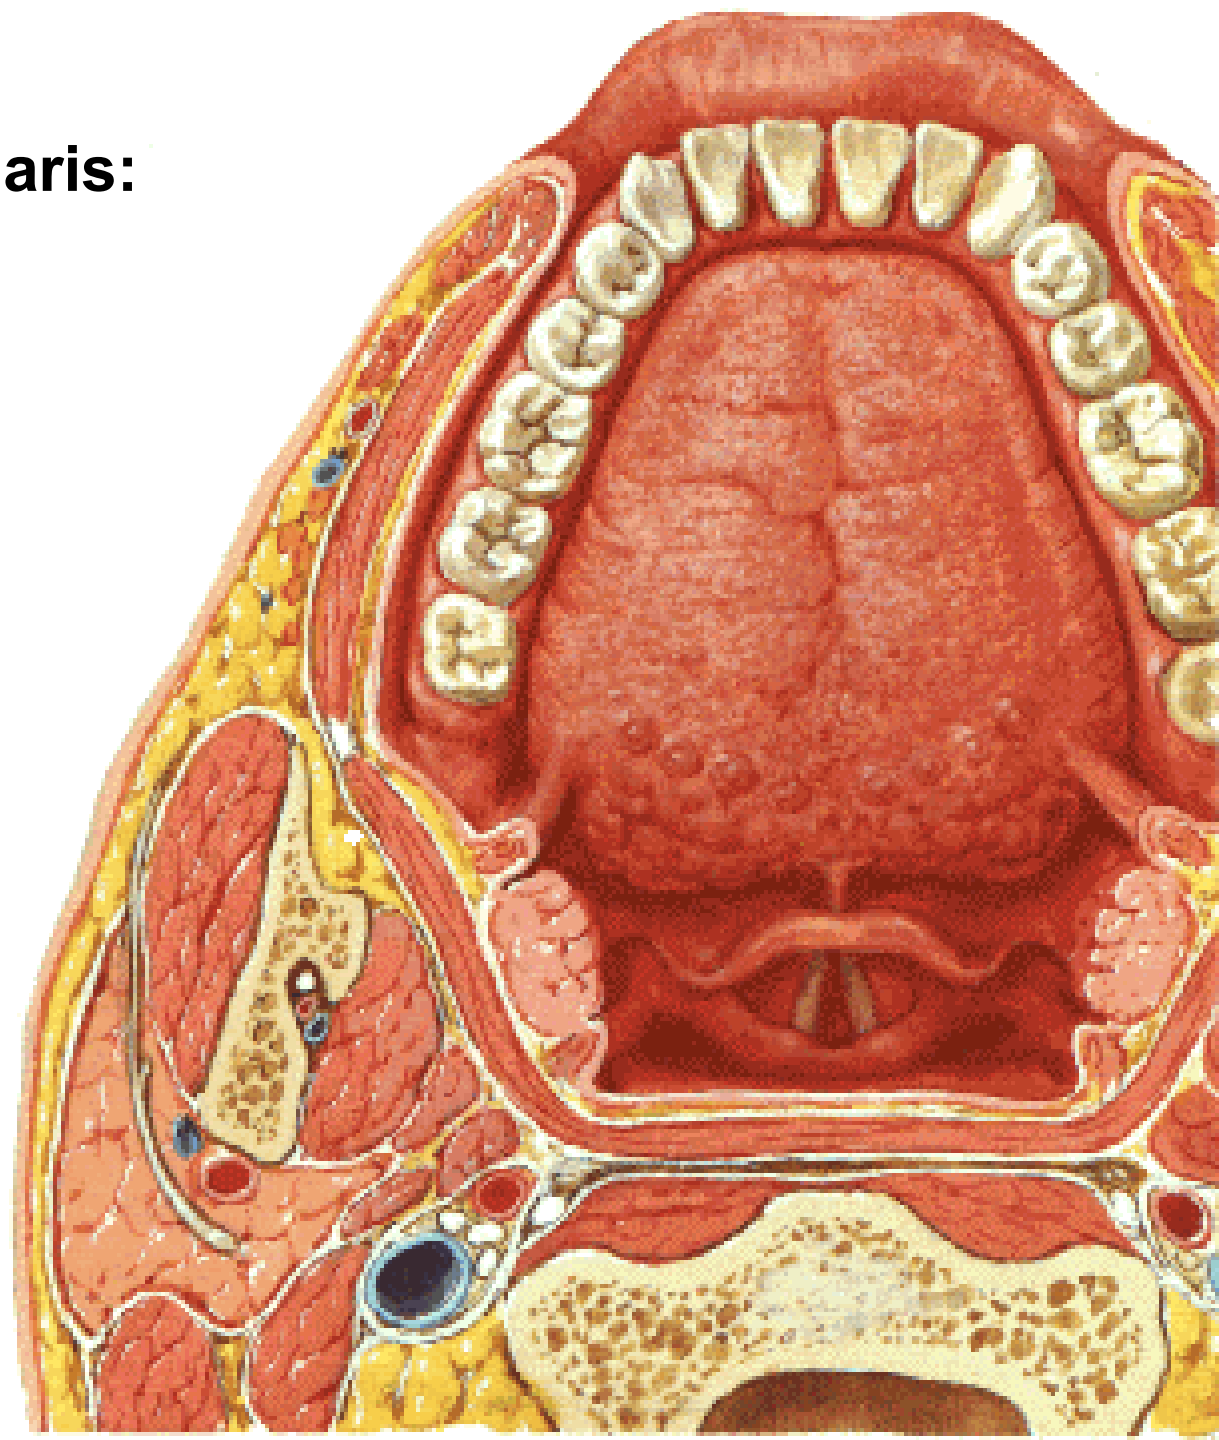

N. maxillaris
Ggl. pterygopalatinum
N. palatinus major
Nn. palatini minores
Rr. nasales posteriores

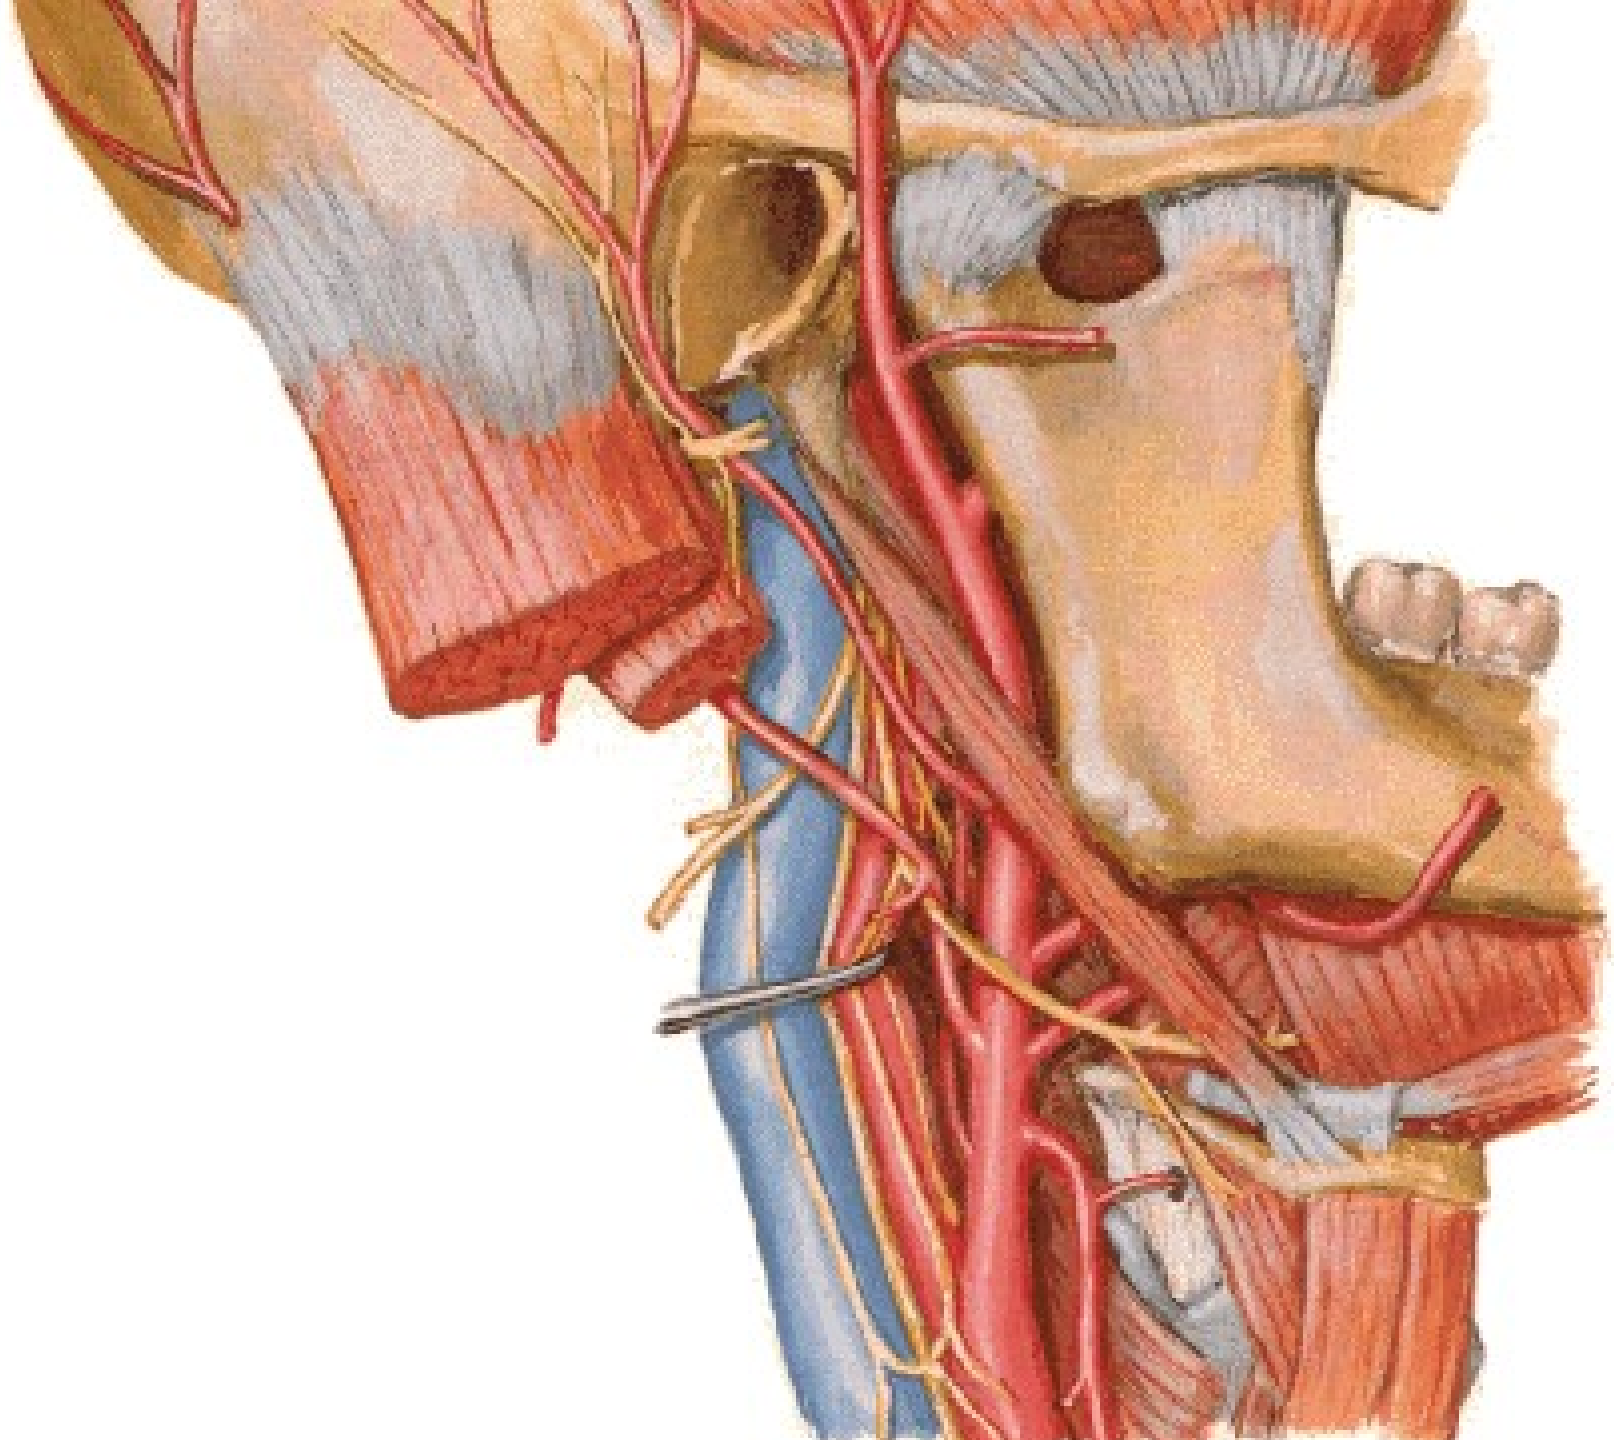

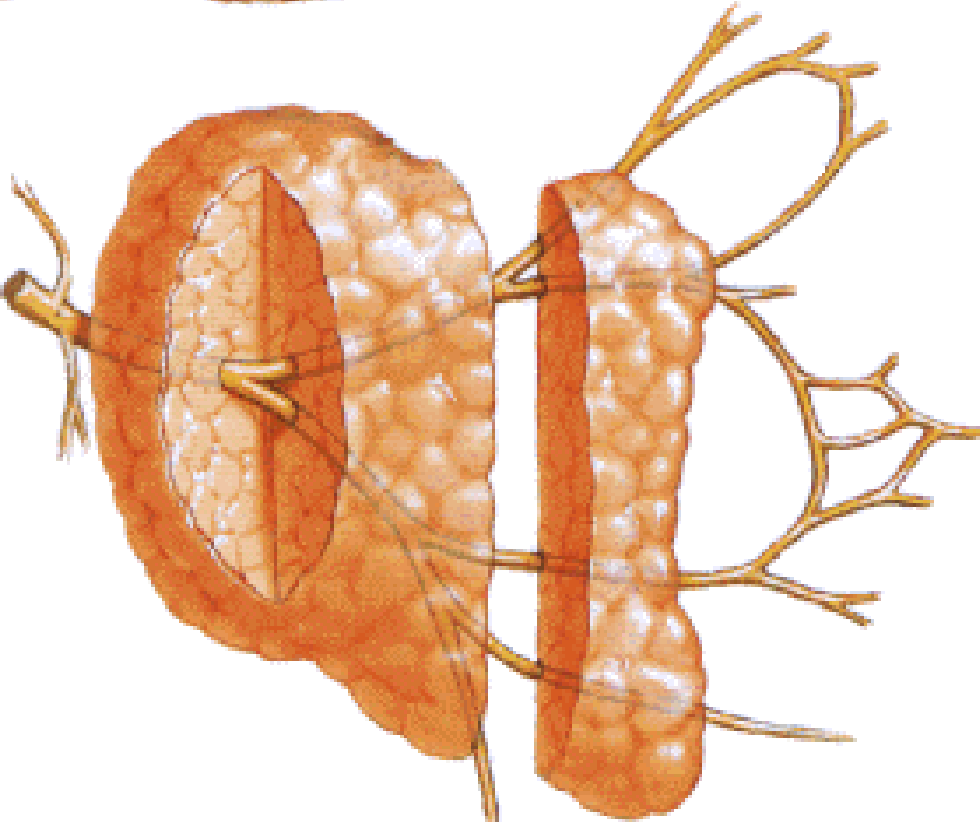

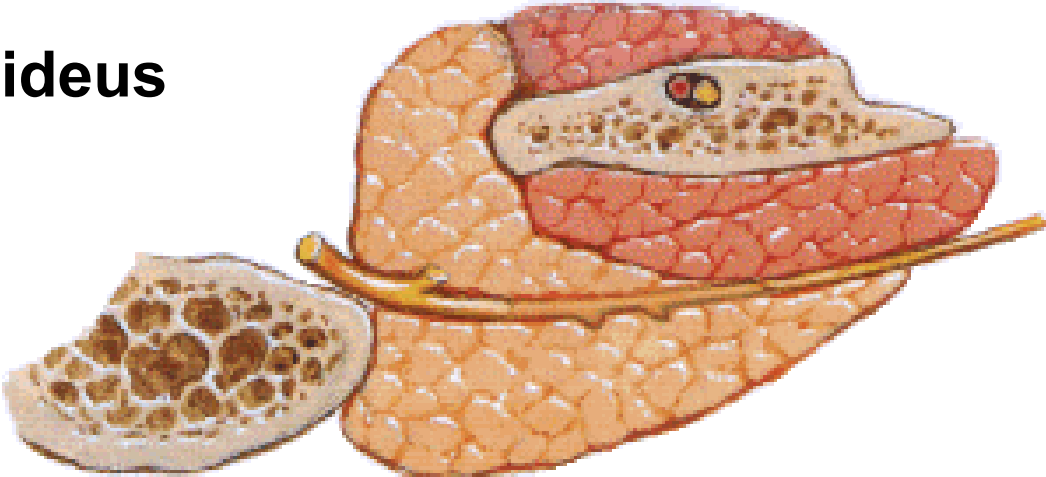

Regio parotidea

Fossa retromandibularis:
Glandula parotis
A. carotis ext.
V. retromandibularis
Plexus parotideus

Plexus parotideus

V. retromandibularis
