

Translate, observe minute differences of the meaning and try to express them by appropriate Latin endings:

ENGLISH	LATIN
1. body of the vertebra	corpus vertebrae
2. tooth-like (projection) of the axis	dens axis
3. fracture of the tooth-like projection of the axis	fractura dentis axis
4. sacral bone	os sacrum
5. fracture of the sacral bone	fractura ossis sacri
6. complicated fracture of the sacral bone	fractura ossis sacri complicata
7. base of the sacral bone	basis ossis sacri
8. fracture in the base of the sacral bone	fractura basis/baseos ossis sacri
9. transversal line of the sacral bone	lineae transversae ossis sacri
10. opening of the sacral bone	foramen ossis sacri
11. openings of the sacral bone	foramina ossis sacri
12. top of the sacral bone	apex ossis sacri
13. bones of chest	ossa thoracis
14. true and false ribs	costae verae et spuriae
15. head of the rib	caput costae
16. heads of ribs	capita costarum
17. body of the rib	corpus costae

18. angle of the rib	angulus costae
19. bones of the skull	ossa cranii
20. fracture of bones of the skull	fractura ossium cranii
21. large orifice (on the base of the skull)	foramen magnum (basis/baseos cranii)
22. in the region of the large orifice (of the skull)	in regione foraminis magni (basis/baseos cranii)
23. body of maxilla	corpus maxillae
24. cranial cavity	cavitas cranii
25. to the cranial cavity	in cavitatem cranii
26. inside the cranial cavity	in cavitate cranii
27. in the back of the skull	in occipite
28. internal base of the skull	basis cranii interna
29. near to internal base of the skull	prope basim/basin cranii internam
30. nasal cavity	cavitas nasi
31. to the nasal cavity	in cavitatem nasi
32. inside the nasal cavity	in cavitate nasi
33. head of humerus	caput humeri
34. fracture of the head of humerus	fractura capitis humeri
35. carpal bones/bones of the wrist	ossa carpi
36. fracture of carpal bones	fractura ossium carpi
37. bones of the foot	ossa pedis

38. base of the phalanx	basis phalangis
39. axis of the pelvic bone	axis pelvis
40. pelvic cavity	cavitas pelvis
41. sutures of the skull	suturæ cranii
42. articulations of the chest	articulationes thoracis
43. articulation/joint of the head of the rib	articulatio capitis costae
44. joints of the wrist	articulationes carpi
45. muscles of the head	musculi capitis
46. direct muscle of the head	musculus rectus capitis
47. oblique muscle of the head	musculus obliquus capitis
48. long muscle of the head	musculus longus capitis
49. muscles of the neck	musculi cervicis/colli
50. external oblique muscle of the abdomen	musculus obliquus externus abdominis
51. internal oblique muscle of the abdomen	musculus obliquus internus abdominis
52. transverse muscle of the abdomen	musculus transversus abdominis
53. long head (of the muscle)	caput longum musculi
54. extensor muscle of fingers	musculus extensor digitorum
55. extensor muscles of the wrist	musculi extensores carpi
56. 57. extensor muscle of the thumb	musculus extensor pollicis

58. 59. long extensor muscle of the thumb	musculus extensor pollicis longus
60. oral cavity	cavitas oris
