

## Revision: Anatomy/Body parts

What different systems can you recognize in the picture?

What anatomical dimensions can you name? (think about planes)

What organs and body parts can you name?

Can you name all bodily cavities?

Use the pictures to name as many body parts as you can. Whenever possible add the appropriate Latin adjective, e.g. *ear – otic*

What different forms can you derive from the words?  
*treat, cure, operate, decrease, sufficient, solve*
