Form phrases

- Basis + os + sacer, a, um
 - **Basis ossis sacri**
- Pars + apex + dens
 - **Pars apicis dentis**
- Sclerosis + arteriae (pl.) + coronarius, a, um
 - **Sclerosis arteriarum coroniarum**
- Calculosis + vesica + urinarius, a, um
 - **Calculosis vesicae urinariae**
- Stenosis + ostium + venosus, a, um
 - **Stenosis ostii venosi**
- Canalis + cervix + uterus
 - **Canalis cervicis uteri**
- Therapia + nephrosis + chronica
 - **Therapia nephrosis/nephroseos chronicae**

Match and form phrases

1. Find correct form of adjective,
2. Change phrases into gen. sg.

- **margo** (*dexter, a, um*)
 - **pars** (*uterinus, a, um*)
 - **femur** (*sinister, a, um*)
 - **regio** (*thoracicus, a, um*)
 - **os** (*longus, a, um*)
 - **cirrhosis** (*chronicus, a, um*)
 - **pelvis** (*masculinus, a, um*)
 - **canalis** (*nutricia, a, um*)
 - **rete** (*venosus, a, um*)
- **marginis dextri**
 - **partis uterinae**
 - **femoris sinistri**
 - **regionis thoracicae**
 - **ossis longi**
 - **cirrhosis chronicae**
 - **pelvis masculinae**
 - **canalis nutricii**
 - **retis venosi**

Fill in the missing endings

- Partes hypophys **is/eos**
- Symptomata tuberculos**is**
- Resectio radic**is** dent **is**
- Sub calcar**i** av**is**
- Amputatio ped**is** dextri cum narcosi
- Febris cum tuss**i**
- Aether pro anaesthesia
- Fractura pelv**is** cum haemorrhagi**a** in cavitat**e** abdominis
- Cochlear plenum mellis pro tussi chronic**a**
- Cystis benign**a** corpor**is** uter*i*
- Myomat**a** (pl.) cum prognos*i* bona
- Haemodialysis propter functionem renum (pl.) laesam
- Metastases (pl.) carcinomatosae in stomacho

Translate

- Death on the operating table
 - **Mors in tabula**
- Profound part of the parotid gland
 - **Pars profunda (glandulae) parotidis**
- Symptoms of tuberculosis
 - **Symptomata tuberculosis**
- With narcosis
 - **Cum narcosi**
- Lobes and parts of the hypophysis
 - **Lobi et partes hypophysis/hypophyseos**
