#### TESTING

TYPE OF TESTING	DATES OF THE TESTS	CONTENT OF TESTING	PASS LIMIT	METHOD OF TESTS RATING
<b>Progress test 1</b>	<b>app. in the 6<sup>th</sup> week</b> of the autumn term (the exact date will be specified at least one week before the test)	Nouns and adjectives of the 1 <sup>st</sup> and 2 <sup>nd</sup> declensions (units 1-3)	<b>60%</b>	The progress tests are designed to help students to assess their knowledge regularly. If you fail in a progress test, you do not lose your chance to pass the credit test, and this is the reason, why there are <b>NO resits of progress tests</b> . However, each successfully written progress test automatically enhances student's chances to succeed in the written part of the exam as the final pass mark is lowered by 5% each time. Considering the fact that the exam is a very complex test anticipating the extensive knowledge of the subject, <b>students are strongly recommended to take progress tests and possibly lower the pass limit for the exam test.</b>
<b>Progress test 2</b>	<b>app. in the 9<sup>th</sup> week</b> of the autumn term (the exact date will be specified at least one week before the test)	nouns of the 3 <sup>rd</sup> declension (units 4-5)	<b>60%</b>	
<b>Credit test and oral exam</b>	<b>in the 1<sup>st</sup> week</b> of the exam period (the exact date will be specified at least two weeks before the test)	Nouns of the 4 <sup>th</sup> and 5 <sup>th</sup> declensions, adjectives of the 3 <sup>rd</sup> declension and complex testing of the curriculum (units 1-8, 11-13)	<b>50%</b> if successful in both progress tests <b>55%</b> if successful in one of the progress tests only <b>60%</b> if not successful in any of the progress tests
