

## Cameron – kap. 3.6.-.5

### Examples of test tasks

The final test will consist of 10 tasks. 70% must be correct to pass, i.e. 7 tasks.

|   |  |
|---|--|
| <p><b>How can the teachers support children’s oral skills development? Add one more support.</b><br/>         1 support through motivating topics<br/>         2 ...<br/>         3 Support through language practice</p>   |  |
| <p><b>Cameron offers short activities for learning the spoken language. Add two more:</b><br/>         1. find the odd one out<br/>         2. look and say<br/>         3. listen and choose<br/>         4. guess my animal – actions<br/>         5.<br/>         6.</p> |  |
| <p><b>What does “collocational knowledge” of the word mean?</b></p>   |  |
| <p><b>Generally we should know three things about the word. Which one is missing?</b><br/>         1. Form<br/>         2. Meaning<br/>         3. ...</p>  |  |
| <p><b>True or false?</b><br/>         Words are not linked in networks of meaning. Therefore meeting a word doesn’t activate the network and doesn’t support understanding.</p>   |  |

### Solution

| Task  | Answer   | Page in the book |
|---|--|------------------|
| <p><b>How can the teachers support children’s oral skills development? Add one more support.</b><br/>         1 support through motivating topics<br/>         2 ...<br/>         3 Support through language practice</p>   | Support through task structure   | 58-60            |
| <p><b>Cameron offers short activities for learning the spoken language. Add two more:</b><br/>         1. find the odd one out<br/>         2. look and say<br/>         3. listen and choose<br/>         4. guess my animal – actions<br/>         5.<br/>         6.</p> | listen and identify<br>listen and take away<br>listen and put<br>listen and say<br>guess my animal – questions<br>tennis game<br>Bingo | 62-65            |
| <p><b>What does “collocational knowledge” of the word mean?</b></p>   | To know which other words can be used with it  | 77               |
| <p><b>Generally we should know three things about the word. Which one is missing?</b><br/>         1. Form</p>  | Use  | 78               |

|  |       |    |
|--|-------|----|
| 2. Meaning<br>3. ...   |       |    |
| <b>True or false?</b><br>Words are not linked in networks of meaning. Therefore meeting a word doesn't activate the network and doesn't support understanding. | False | 81 |
