WHY I HAD ABORTION. Read the text below and complete the gaps with the words given. There is always one word per gap and there are **two extra words** which you **do not need** to use.

BASICALLY, BREAK UP, GIVE, IT, MARRY, THAT, THERE, TRAIN,

The reason I had an abortion was because I knew I was far too young to have a baby – **1 it** was the wrong stage of life. I could have taken care of a baby because teenagers do it all the time. But **2 basically**, I didn't want a baby. I wanted to wait until I was married so that my husband and I could **3 give** our baby all the love and care it needed. I don't think I was ready for the responsibilities of motherhood. There were so many other things going on in my life at the time. It wouldn't have been fair to the baby if I couldn't be there for it. **4 There** was also a chance my boyfriend and I would **5 break up** and the baby would grow without a father. And it wasn't fair on my mother who would have had to help bring the child up. I also had big plans to go away to university to **6 train** as a nurse. I knew that would be virtually impossible with a baby. I listened to my heart and after lots and lots of soul-searching, I knew abortion was the right answer for me.
