

# Nothing else matters

Metallica

*Intro*

Emi                    D            C  
So close no matter how far  
Emi                    D            C  
Couldn't be much more from the heart  
Emi                    D            C  
Forever trusting who we are  
G H                Emi  
And nothing else matters

Emi                    D            C  
Never opened myself this way  
Emi                    D            C  
Life is ours, we live it our way  
Emi                    D            C  
All these words I don't just say  
G H                Emi  
And nothing else matters

Emi                    D            C  
Trust I seek and find in you  
Emi                    D            C  
Every day for us something new  
Emi                    D            C  
Open mind for a different view  
G H                Em  
And nothing else matters

*R:*

C, A  
D                                    C A  
Never cared for what they do  
D                                    C A  
Never cared for what they know  
D Emi  
But I know

C, A

D                                    C A  
Never cared for what they say  
D                                    C A  
Never cared for games they play  
D                                    C A  
Never cared for what they do  
D                                    C A  
Never cared for what they know  
D Emi  
But I know
